# Introduction: Returning to school during a pandemic

Welcome colleagues,

We hope that Term 1 proceeded safely and smoothly for you, despite pandemic restrictions, and that your learners have made good progress. We also hope that the routine and core methodologies are feeling more familiar to you at this stage.

In Term 1 2020, you were issued the following Home Language resources:

- Tablet with daily lesson plans
- Curriculum tracker and programme of assessment
- Learner Books
- Resource Packs

In Term 2 2021, you will receive the following resources:

- A Management Document that includes the Tracker and Assessment Tasks for the term

All other resources will not be reprinted. Please continue to look after the resources and speak to your coach if you are missing anything.

It is very important to work through the SLP in a systematic fashion, and to not skip themes. Please continue to follow the approach of working through all themes systematically.

- Teachers must please track the curriculum coverage of the class, or of every rotational group, using the tracker in this document.
- All groups must work through the themes systematically.
- The AASA SLP has provided sample Term 2 Assessment Tasks and Tools in this document.

We continuously strive to improve the quality of our materials, and we need your assistance in ensuring that our EFAL programme is the best version possible. If you find any errors in the materials, please follow this procedure to report them:

Send an email detailing the error to:

# Term 1 2021 ATP / SLP alignment

The table below shows the Revised 2021 DBE ATP on the left and the SLP on the right.

Please also note that whilst this programme is compliant in terms of all Listening & Speaking, Reading & Viewing, and Writing & Presenting activities, not all ATP listed Language Structures & Conventions are explicitly taught in this programme. This would require more time than the one hour per cycle allocated to LSC. Only one LSC is explicitly taught per cycle, but in independent reading cycles, learners are required to identify and use additional LSC in context. Finally, teachers are encouraged to incidentally revise and teach LSC in context as they teach reading and writing lessons.

The choir has shown that any human being can achieve excellence no matter their background, education, or place of birth.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 2 | <p>The Ndlovu Youth Choir started from a community care programme in the Moutse Valley in rural Limpopo. The choir was created to ensure that a child from a disadvantaged community can have the same level of musical teaching and opportunities as a child from a wealthier society. It started as just another after-school activity to give an alternative in a community where many of the children get caught in bad habits like alcohol and drug abuse and struggle with teenage pregnancies. But it went further than its aims. Being part of the group has taught the children so much more than just music. They have gained important values like leadership, self-confidence, self-discipline, respect, and tolerance.</p> |
| 3 | <p>In 2019, the choir got the opportunity to perform in the popular TV reality show, America's got talent. The audience immediately loved them, and the judges all gave them the votes and support they needed to go all the way to reach the finals! They were an international hit! After the show the choir signed a record deal. Their debut album, 'Africa', was released on November 29, 2019.</p>                                                                                                                                                                                                                                                                                                                                |
