

## How to make your own Big Book stand

You will need:

1. Cardboard with the same width as an open Big Book (594 mm) and three times the length (1360 mm).
2. Masking tape.
3. Two washing pegs to keep the cardboard in place.

Fold the cardboard to make an A-shape and clip the base and the front together as shown below. (Use masking tape to join pieces of cardboard together if you don't have a long enough piece.) Use a bulldog or binder clip to keep the book in place on the stand.

First edition 2016

The Department of Basic Education has made every effort to trace copyright holders but if any have been inadvertently overlooked, the Department will be pleased to make the necessary arrangements at the first opportunity.

The Big Books in this series are available in all languages. They were developed by a team of UNISA Language and Education experts as part of their Community Engagement contribution to South Africa's education sector.

Second Edition 2019

Acknowledgment is made of the important work done in the first edition of these Big Books. But in order to meet the President's target that every ten-year-old will read for meaning (State of the Nation Address, 20 June 2019), additional development was required.

First edition illustrations have been used, and new stories and illustrations developed, to craft additional complex stories to explicitly develop critical comprehension skills among young learners.
