

GRADE 1

TERM 4 2019

MATHEMATICS

ENGLISH /

SETSWANA

RESOURCE PACK

PRINTABLE RESOURCES

The following printable resources are included in this section:

1. Resource sheets
2. Mental mathematics challenge cards: Bilingual version
3. Enrichment activity cards: English version
4. Enrichment activity cards: Setswana version

Resource Sheets

This is a list of the mathematical resources that you will need this term. You need to make sure that you have them for the lessons for which they are recommended.

1. Flard cards – tens and units (Lessons 1–5)
2. Ball and box shapes (Lesson 15)
3. Number board 1–100 (Lesson 20)
4. Number line 0–20 (Lesson 20)
5. 5x table number cards (Lesson 21)
6. 2x table number cards (Lesson 21)
7. 10x table number cards (Lesson 21)
8. 2-D shapes – squares (Lesson 32)
9. 2-D shapes – circles (Lesson 32)
10. 2-D shapes – triangles (Lesson 32)
11. 2-D shapes – squares, circles and triangles (Lesson 33)
12. Symmetry pictures (Lesson 35)
13. Days of the week (Lesson 38)
14. Months of the year (Lesson 38)

Resources for each day of teaching

There are also other resources such as informal resources (old magazines, pieces of string, scrap paper, etc.) that you may need in certain lessons. You should have a careful look at the list of resources needed for each lesson; this list is given in the lesson plans each day. Prepare yourself, so that you have the necessary resources for the lessons on a daily basis.

1. Flard cards – tens and units (Lessons 1–5)

Mental Mathematics Challenge Cards: Bilingual Version

Each term there will be a set of eight mental mathematics challenge cards. If you make them into cards and collect them over the course of the year, you will have a set of one card per teaching week for a year.

Use of the mental mathematics challenge cards

Once a week learners should do mental mathematics in written form, so that there is some record of your daily mental mathematics activities. You can use the **mental mathematics challenge cards** for this purpose.

Learners should not use concrete material to work out the answers in mental mathematics. If learners need to, let them use their fingers as a concrete aid during mental mathematics, but make a note of who they are and then spend time with them during remediation to help them with the basic number and operation skills. Mental mathematics skills improve hugely from Grade 1 to Grade 3. In Grade 1 learners might only manage five questions, especially when they have to write the answers, but by Grade 3 learners should manage ten questions with written answers easily.

Enrichment Activity Cards: English Version

Each term a set of new enrichment cards will be provided. You should retain this set, as they will not be reproduced each term.

Use of the enrichment activity cards

Optional as required.

These cards include activities that you can use for enrichment opportunities for learners who have completed the lesson activities ahead of the rest of the class. Learners should work on these cards independently or with their peers who have also completed the classwork. You may need to explain some of the activities to the learners who use them. You should remind them to ask you questions about any of the enrichment activities that they are doing, so that you can guide them as necessary.

You should photocopy the enrichment cards, paste them onto cardboard and laminate them (if possible), so that they can be used as a resource, not only this year but in the future as well.

Put the laminated cardboard cards into a box in a set place in your classroom, so that learners know where to find them. These cards are for all learners and do not have to be used in a particular order. Learners should keep a record of the cards that they have done, so that they continue to choose a new card each time they go to the box. Learners must be taught to replace the cards in numeric order in the box, so that everyone who looks for cards can easily find the one they want to use.

Enrichment Activity 4.1

Count the different shapes.

How many \triangle are there? _____

How many \square are there? _____

How many \circ are there? _____

Enrichment Activity 4.2

Help Sarah to find her lost dog by filling in the rest of the counters.

Enrichment Activity 4.3

Work out the problems and complete the crossword puzzle by filling in the number names.

Down

1. $10 + 6 =$
2. $6 + 5 =$

Across

1. $12 - 6 =$
3. $6 + 6 =$
4. $20 - 10 =$
5. $8 + 11 =$

Enrichment Activity 4.4

Complete the following patterns.

Enrichment Activity 4.1: Answers

Count the different shapes.

How many \triangle are there? **(8)**

How many \square are there? **(14)**

How many \circ are there? **(6)**

Enrichment Activity 4.2: Answers

Help Sarah to find her lost dog by filling in the rest of the counters.

Enrichment Activity 4.3: Answers

Work out the problems and complete the crossword puzzle by filling in the number names.

Down

- $10 + 6 =$
- $6 + 5 =$

Across

- $12 - 6 =$
- $6 + 6 =$
- $20 - 10 =$
- $8 + 11 =$

Enrichment Activity 4.4: Answers

Complete the following patterns.

Enrichment Activity 4.5

Work out the pattern to complete the worm.

Enrichment Activity 4.6

What shape or shapes are coloured?

Choose the correct answer.

Enrichment Activity 4.7

Add up the money on each path and then circle the ice-cream that is the cheapest.

Enrichment Activity 4.8

Circle the line that is the longest. You may not use a ruler to measure the lines.

Enrichment Activity 4.5: Answers

Work out the pattern to complete the worm.

Enrichment Activity 4.6: Answers

What shape or shapes are coloured?

Choose the correct answer.

Enrichment Activity 4.7: Answers

Add up the money on each path and then circle the ice-cream that is the cheapest.

Enrichment Activity 4.8: Answers

Circle the line that is the longest. You may not use a ruler to measure the lines.

Enrichment Activity 4.9

Circle the longest line.

Enrichment Activity 4.10

Jane and Jake are playing marbles.
Add their scores to see who is winning.

Enrichment Activity 4.11

Divide this square into 4 smaller squares.

Enrichment Activity 4.12

Use the numbers to see how many sums you can make with 20 as the answer.

Enrichment Activity 4.9: Answers

Circle the longest line.

Enrichment Activity 4.10: Answers

Jane and Jake are playing marbles.
Add their scores to see who is winning.

Enrichment Activity 4.11: Answers

Divide this square into 4 smaller squares.

Enrichment Activity 4.12: Answers

Use the numbers to see how many sums you can make with 20 as the answer.

You can make 4 sums:

$10 + 10$, $15 + 5$, $11 + 9$, $16 + 4$.

Enrichment Activity 4.13

Match the problems in Block A with the answers in Block B.

Block A
$5 + 14 =$
$20 - 2 =$

O bona  tse kae? (6)

Tirwana ya Khumiso 4.2: Dikarabo

Thusa Sarah go bona ntšwa ya gagwe e e latlhegileng ka go tlatsa dibadisi tse di setseng.

Tirwana ya Khumiso 4.3: Dikarabo

Dira dipalo tsa go rarabolola le go feleletsa malepakgabaganyo ka go tsenya maina a dipalo.

Tlase

1. $10 + 6 =$
2. $6 + 5 =$

Kgabaganyo

1. $12 - 6 =$
3. $6 + 6 =$
4. $20 - 10 =$
5. $8 + 11 =$

Tirwana ya Khumiso 4.4: Dikarabo

Feleletsa dipaterone tse di latelang.

Tirwana ya Khumiso 4.5

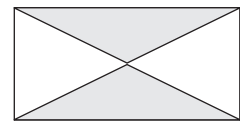

Dira paterone gore o feleetse seboko.

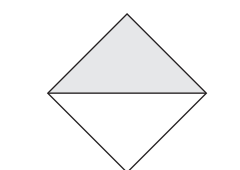

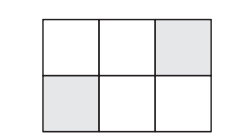

Tirwana ya Khumiso 4.6

Ke dibopego dife tse di khalarilweng?

Tlhopha karabo e e nepagetseng.

	Sediko Sekwere Khutlothao
--	---------------------------------

Tirwana ya Khumiso 4.7

Thakanya madi mo tseleng nngwe le nngwe mme morago o sekeletse kana o thale sediko mo bebetsididing e e tlhotlhwatlase.

Tirwana ya Khumiso 4.8

Sekeletsa kana thala sediko mo moleng o moleelelele. O se ka wa dirisa rula go lekanyetsa mela.

Tirwana ya Khumiso 4.5: Dikarabo

Dira paterone gore o feleletse seboko.

Tirwana ya Khumiso 4.6: Dikarabo

Ke dibopego dife tse di khalarilweng?

Tlhopha karabo e e nepagetseng.

Tirwana ya Khumiso 4.7: Dikarabo

Tlhakanya madi mo tseleng nngwe le nngwe mme morago o sekeletse kana o thale sediko mo bebetsididing e e tlhotlhwatlase.

Tirwana ya Khumiso 4.8: Dikarabo

Sekeletsa kana thala sediko mo moleng o moleelelele. O se ka wa dirisa rula go lekanyetsa mela.

Tirwana ya Khumiso 4.9

Sekeletsa mola o moleelelele.

Tirwana ya Khumiso 4.10

Jane le Jake ba tshameka dimmabole.
Tlhakanya dino kana disekoro sa bona go bona gore ke mang yo o fenyang.

Tirwana ya Khumiso 4.11

Aroganya sekwere se go ya ka dikwere di le nne tse dinnyanenyana.

Tirwana ya Khumiso 4.12

Dirisa dipalo go bona gore ke dipalo tse kae tse o ka di dirang 20 e le karabo.

Tirwana ya Khumiso 4.9: Dikarabo

Sekeletsa mola o moleelelele.

Tirwana ya Khumiso 4.10: Dikarabo

Jane le Jake ba tshameka dimmabole. Tlhakanya dino kana disekoro sa bona go bona gore ke mang yo o fenyang.

Tirwana ya Khumiso 4.11: Dikarabo

Aroganya sekwere se go ya ka dikwere di le nne tse dinnyanenyana.

Tirwana ya Khumiso 4.12: Dikarabo

Dirisa dipalo go bona gore ke dipalo tse kae tse o ka di dirang 20 e le karabo.

O kgona go dira dipalo di le 4:
 $10 + 10$, $15 + 5$, $11 + 9$, $16 + 4$.

Tirwana ya Khumiso 4.13

Golaganya mathata a a mo bolokong ya A le dikarabo tse di mo bolokong ya B.

Boloko A	Boloko B
5 + 14 =	18
20 - 2 =	16
16 - 3 =	19
12 + 6 =	10
16 + 0 =	18
10 + 7 =	18
14 - 4 =	6
17 + 1 =	17
15 - 9 =	13

Tirwana ya Khumiso 4.14

Leka go dira dipalo tse di mo dibolokong tse.
