Comprehension Strategies

To help develop your children's comprehension skills at home, as you read stories to them, ask questions that will help them:

1. **Predict** what is going to happen in the story.
2. **Remember the events and order of the story.**
3. **Remember details about the story.**
4. **Build his/her own opinion.**
5. **Make connections to the story.**
6. **Make judgements about the story.**
7. **Learn lessons from the story.**
