

Curriculum Messaging for EFAL Foundation Phase

The focus this week is on Reading.

Good day Principals, please provide parents with the following tips on how to help their children with reading in English:

Step 1: Select a Book:

- Select a book that is of interest and to his/her level.

Step 2: Introduce the Book:

- Share a bit about the story.
- Ask the child: What do you think will happen in this story?

Step 3: Show the pictures in the book:

- Show the child the front cover of the story
- Show the child the pictures and talk about it
- Let her/him talk about what she/he sees in the pictures
- Read the story with the child pointing to the words and pictures

Step 4: Ask Questions

- While reading the story, ask questions about what they see in the pictures
- Ask questions about what is happening in the story.
- After reading, ask the child if he/she liked the story and why?
