

Hello everyone. This week's main focus is on **Question types for assessments in Reading and Viewing.**

- **Literal questions:** are about information that is extracted from the text.
e.g. name, state, give, identify, what, why, who
- **Reorganisation questions:** need you to bring together different pieces of information.
e.g. summarise, group, give an outline
- **Inference questions:** need you to interpret the information that may not be clearly stated. Own knowledge may be used to understand the text.
e.g. explain, compare, describe how, give reason for your answer
- **Evaluation questions:** require that you make a judgement based on your knowledge and understanding of the text and your own experience.
e.g. Discuss your view, do you think, do you agree, in your opinion, give your views
- **Appreciation questions:** ask about your emotional response to what happens and how the text is written.
e.g. how would you feel if you were, discuss your response, do you feel sorry for, discuss the use of the writer's style, diction and figurative language, dialogue

All the best
