**Topic:** Role of Recovery trackers in Curriculum Recovery

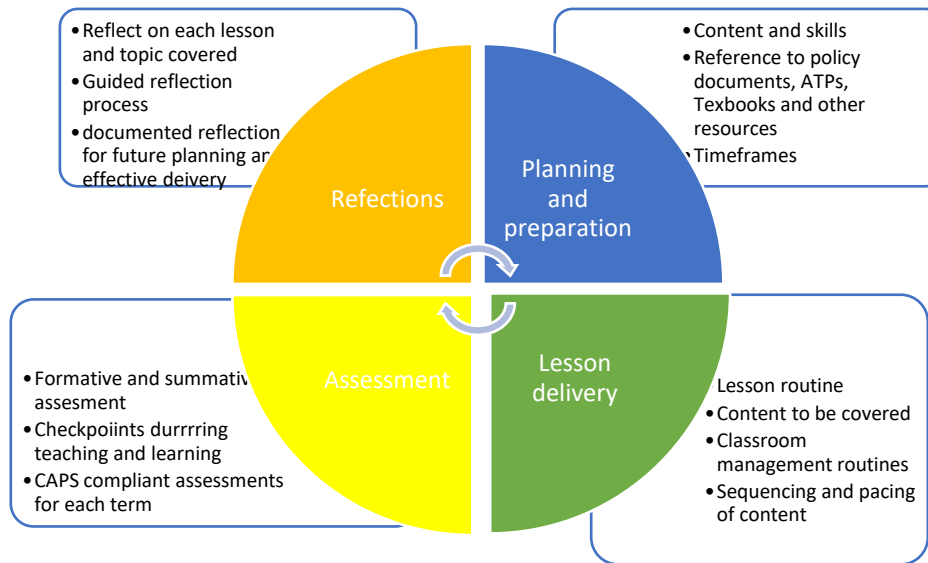

**Message Objective(s):**

-To further entrench the understanding of NECT SLPs for Curriculum Recovery

The NECT Structured Learning Programmes (SLPs) comprise of three basic components;

1. Planners and Trackers
2. Lesson Plans
3. Resources Pack

The Recovery Trackers remain pivotal in the implementation of the **Curriculum recovery process**. Having been carefully tailored and aligned to the Revised 2021 ATPs, the Recovery trackers are designed to give guidance and support to Teachers for the implementation of key practices to teaching and learning; **Lesson planning and preparation, Lesson delivery, Assessment and Reflections**.

Every school has received a copy of the Recovery Trackers to be used in each term. We will be further exploring the structure of the Recovery trackers to ensure effective implementation.

Thank you
