

**To:** Parents and teachers of Grade 4 - 6 learners

**Topic:** Rebooting learning at home

**Message Objectives:** To support learning at home

To engage children in educational activities at home

**Message:**

Many learners have fallen behind as readers due to lockdowns and rotational teaching, the development of technical reading skills must now be elevated in Grade 4 – 6.

Learners are given packs of reading worksheets together with the DBE workbook to use at home during the rotational teaching.

**Tips**

1. Have a relationship with your child's teacher.
2. Establish a homework routine at home.
3. Ask about homework every day.
4. Encourage your child to read and complete the worksheets.
5. Teach your children the importance of completing homework.
6. Make sure that your children complete their own homework. They won't learn if they don't think for themselves and make their own mistakes. Check completed homework.
7. Find websites that assist with homework and learning from home in case your child needs it e.g. Tswelopele Homework WhatsApp line – 061 548 0341
8. Help children access zero rated websites that have stories for children e.g. Nalibali, Fundza.
9. Praise work and effort.
