"BUILDING BACK BETTER"**

TO: LEARNERS.

TOPIC: Recognising Laboratory Equipment

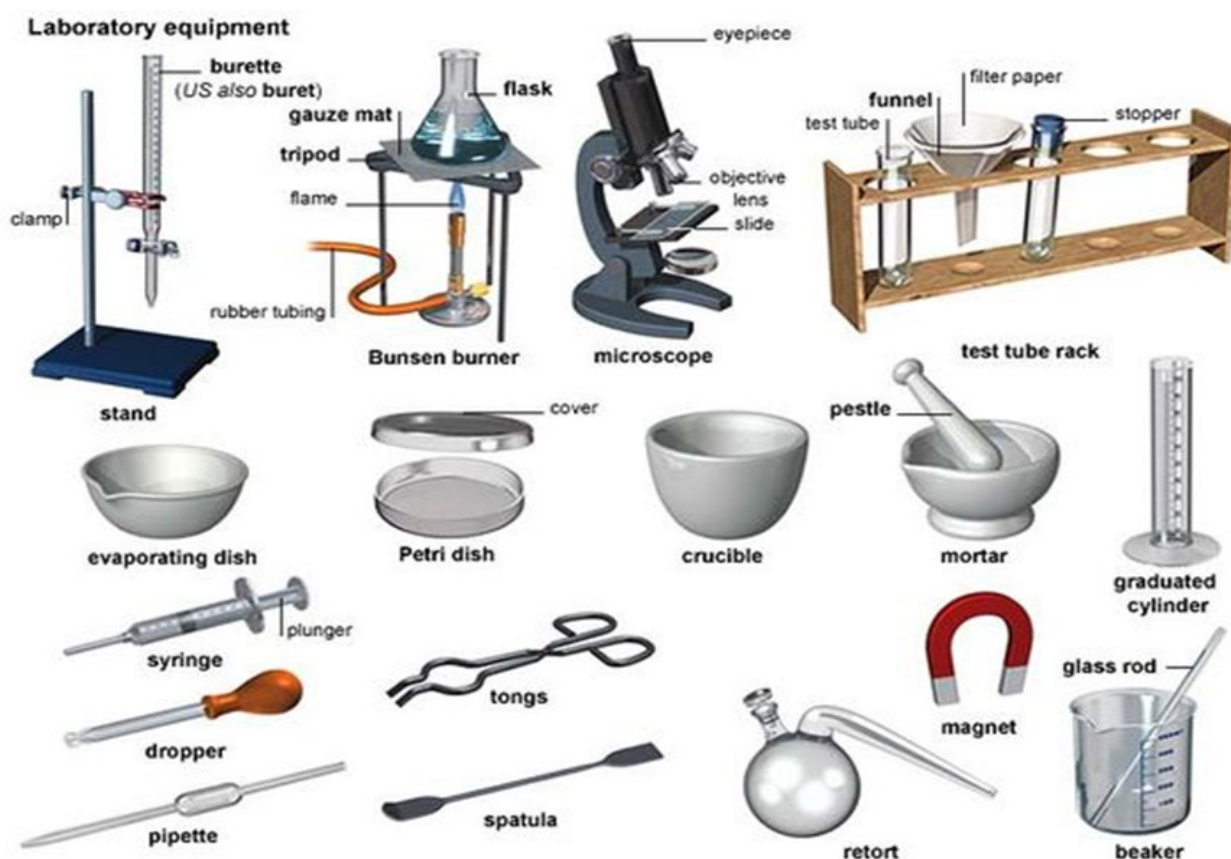

MESSAGE OBJECTIVE(S):

- To present some basic laboratory equipment pictures and their names.

MESSAGE:

- You should always know your lab equipment well before you do any type of experiment because without the proper knowledge of your equipment you will not know how to use your materials or how to correct a mistake that you could make with your equipment
- Not knowing the laboratory equipment and their uses can be fatal.
- It is paramount to use the right kind of laboratory apparatus for each experiment.

Have a look at these common lab equipment names and images.
