

To: Education Officials, Principals, Teachers, and Parents of EFAL Grade 7-9 learners

Topic: **Reboot**

Message Objective(s):

- Improve lesson preparation and delivery
- Identify what learners know, understand, and can do
- Better support all learners to address their learning needs

**Message:** The education system must be rebooted in such a way that no child is left behind. All learners must have access to quality education without any discrimination. Focus should be on ensuring maximum support by parents and classrooms that are learner orientated must be promoted. Remedial lessons must be offered to learners who have learning gaps and extended learning must be given to those that excel in their studies. Quality, equity and efficiency must be promoted to fully reboot the education system.

### Strategies to reboot the system

- **Conduct continuous assessment** – Teachers to find out what gaps the learners have so that remedial measures can be put in place. If teachers and SMT understand the short comings, they can deal with them more effectively.
- **Lesson Preparation-** Teachers to prepare lessons that are all encompassing and allow maximum participation of the learning process.
- **Intensify parental involvement-**Parents need to understand that learning at home will be an extended part of the school day.
- **Promote reading so that there is-**
  - ✓ *Improved language skills*
  - ✓ *Increased concentration and the ability to focus*
  - ✓ *Improved creativity*
  - ✓ *Improved comprehension across the curriculum*
