Resources Provided

Please note that all resources provided belong to the school.

In Term 1, the PSRIP provides you with the following resources:

ITEM	QUANTITY	NOTES
Handwriting Chart	1	Please display the print handwriting chart at the front of the classroom where all learners can see it. This helps learners to correctly form letters if they forget.
Display Boards	4	Use these coloured boards to display your work for the week. At a glance, you will be able to see what to cover for phonics, theme vocabulary, sight words and your writing frame.
Term 1 Lesson Plan	1	Use this lesson plan to see what to teach on a daily basis. The core methodologies included tell you how to teach each lesson. For the first two weeks of Term 1, you will follow an orientation programme.
Term 1 Management Document	1	Use this document to complete your ATP and Term Planner. Tick off and date each activity as it is done. Reflect on your teaching. The Programme of Assessment can be found at the back of this document.
Term 1 Big Book	1	Use the big book stories during Shared Reading lessons. There are 8 stories for the term – one story per week.
Term 1 Resource Pack	1	All flashcard words and theme word illustrations are included in the Resource Pack. Cut them up and store them in an orderly fashion. You will use these resources with the display boards.

All resources are available for download from the NECT website: www.nect.org.za

Weekly Routine

- The learning programme follows the same routine every week.
 - This makes it easy for teachers and learners to follow.
 - Learners can prepare for the next activity once they know the routine.
- The routine is based on the CAPS maximum time for EFAL: 3 hours per week.
- Please display this routine in your classroom and try to learn it off by heart!

Daily Activities

These are the oral activities that you will do at the start of the EFAL lesson on Monday, Wednesday and Friday. These are the listening and speaking activities of the programme. They are carefully designed to give learners individual opportunities to speak.

Daily Activities: Greetings

1. The greeting part of the daily activities should be very brief (1 to 2 minutes only).
2. Use common English phrases to welcome and greet different children every morning.
3. Each child should respond and greet you back. For example:
 - a) *Greeting 1: Hello, (child's name). How are you this morning?*
 - b) *Response 1: Hello, Teacher. I am fine, thank you. How are you?*
 - c) *Greeting 2: Good morning, (child's name). How are you today?*
 - d) *Response 2: Good morning, Teacher. I am well, thank you. How are you?*
4. This establishes a ROUTINE. The learners soon know that the English lesson begins every day after the greeting.

Daily Activities: Song / Rhyme / Finger Play

1. The specific song, rhyme or finger play which you are to do with the learners is listed in the lesson plan.
2. Over time, the learners will get to know these songs and finger plays, and they will sing them automatically.
3. However, when they are first introduced, you need to teach learners the words, action and tune (if there is one).
4. On Monday teach the song, rhyme or finger play to the learners, line-by-line as follows:
 - a. Sing or say the song, rhyme or finger play, and then explain the meaning of it to learners, using code-switching if necessary.
 - b. Sing or say the first line, and then let learners repeat after you.
 - c. Sing or say the second line, and then let learners repeat after you.
 - d. Sing or say the first two lines together, and then let learners repeat after you.
 - e. Continue on in this manner until you have taught learners the whole song or rhyme.
5. For the rest of the week, repeat the song, rhyme or finger play with the learners.
6. Always include appropriate actions with the song or rhyme.
7. Let the children request to sing their favourite songs, rhymes or finger plays at the end of the day – this is a fun way of reinforcing the new language that they have learnt.

Daily Activities: Theme Vocabulary

1. Every time you do Daily Activities, you will teach new theme vocabulary words to learners, just before the Question of the Day.
2. Use the methodology 'PATS' to teach new vocabulary.
3. PATS is an acronym for Point, Act, Tell and Say.

4. It is not always possible to do all four actions for each theme word – just do what is appropriate.
 - a. P - POINT to a picture or real item, if possible.
 - b. A - ACT out the theme word, if possible.
 - c. T - TELL learners what the theme word means. This could either be code-switching, where you give the meaning of the word in the home language, or it could be a simple explanation of the word.
 - d. S - SAY the word in a sentence, and have the learners repeat the word after you.
5. Once you have taught the theme vocabulary for the week, display the words on the yellow display board.

Daily Activities: The Question of the Day

Every day after the new vocabulary words are introduced, learners use these new words to answer a question. This method of vocabulary introduction ensures that learners interact with each new theme vocabulary word. This activity creates a context for learners to think about, discuss, and answer questions using new vocabulary words.

The purpose of the question of the day:

1. The question of the day reinforces new theme vocabulary for learners.
2. It helps learners to use and repeat the target vocabulary words in complete oral sentences.
3. It creates regular opportunities for learners to hear and speak simple English in a real context.
4. It requires listening, thinking, doing, speaking and seeing, which activates learners' total physical response.
5. The question of the day asks learners an opinion based question (there is no right or wrong answer) or a prediction type question, or a question about what they know or like. These types of questions allow learners to interact with new words without the fear or stress of making a mistake.

Getting ready for the question of the day:

1. If you have a large class, divide them into groups for the Question of the Day. Then, call only one group per day to answer the question. For example, if you are a Grade 3 teacher, you could divide your class into 6 groups:
 - a. On Week 1 Mondays, Group 1 will answer
 - b. On Week 1 Wednesdays, Group 2 will answer
 - c. On Week 1 Fridays, Group 3 will answer
 - d. On Week 2 Mondays, Group 4 will answer
 - e. On Week 2 Wednesdays, Group 5 will answer
 - f. On Week 2 Fridays, Group 6 will answer
2. Write the question of the day on the chalkboard before the lesson begins.

3. Draw a two or three column graph below the question of the day, and fill in the options.
4. Label each column with an answer word.
5. Draw or display matching pictures where possible.

For example:

Question of the day: **Who do you have the most fun with?**

my family	my friends	my teacher

Filling out the graph:

Modelling:

1. Read the question out loud to the learners.
2. Point to and read the options from which learners may choose.
3. Explain which option you prefer.
4. Write your vote in the correct column by drawing an X.

Learners:

1. Give learners a few seconds to think about which option they will choose.
2. Call a group to come up to the chalkboard to write their answers onto the graph. It is important that you choose a system for this, and that it is always the same so that the learners get used to the routine.
3. Learners line up at the chalkboard.
4. Learners draw their cross on the graph.
5. Once learners have added their response, they return quietly to their seats.
6. As learners answer on the graph, you should repeat their answers so that they hear their choices articulated, with the vocabulary words repeated many times. For example, encourage dialogue, such as:

*Teacher: Pretty, who do **you** have the most fun with?*

*Pretty: **I** have the most fun with my teacher.*

*Teacher: **She** has the most fun with her teacher.*

(For African language speakers learning English, pronouns are a particularly difficult language feature to learn. For this reason, it is important to model the correct use of pronouns for learners, whenever possible. The question of the day gives teachers an opportunity to do this authentically and in context.)

7. Once learners have added their response, they return quietly to their seats.

Discussing the question of the day:

1. Together with the learners count aloud the number of crosses in each column.
2. Write the total number at the bottom of each column.
3. Ask learners to identify which fruit was liked the most.
4. Ask individual learners the questions provided in the weekly lesson plans. You can help learners here by using modelling to answer the questions before you ask the learners. For example if the question is “Who do you have the most fun with?” You could say:
 - I have the most fun with my friends.
 - I see that 6 learners have the most fun with their friends.
 - If you have the most fun with your friends, raise your hand. (*Instruct learners to raise their hands*)
 - Peter, who do you have the most fun with? (*Ask individual learners*)

Daily Activities: Sight words

1. From Monday to Thursday, show learners the flashcards of the targeted sight words, and repeat three times.
2. Next, ask learners to repeat each sight word after you, three times.
3. Finally, call on a few individual learners to read each word.
4. On Fridays, do the following:
 - a. Write the sentence on the board.
 - b. Read the sentence to learners, pointing to each word.
 - c. Instruct learners to read the sentence while you point to each word.
 - d. Read the sentence fluently.
 - e. Instruct learners to repeat the sentence fluently.
 - f. Call on a few learners to come and read the sentence while pointing to each word.

Shared Reading with Comprehension Strategies

In Grade 1, a new story is read every week.

Shared Reading is done every day as follows:

Monday:	Pre-Read
Tuesday:	First Read
Wednesday:	Illustrate the story
Thursday:	Second Read
Friday:	Post-Read

For these Shared Reading sessions, make sure all learners are settled and can clearly see the big book pictures. Remind learners of your expectations during shared reading time, such as:

1. Sit comfortably and STILL.
2. Keep your HANDS in your laps.
3. Keep your EYES and thoughts on the story.
4. Turn your VOICES off (*make a gesture showing zipped lips*).

The main purposes of Shared Reading in this programme are as follows:

- a. The learners experience what it is like to read an entire story that is more complex than they are able to read alone. Because learners are not worried about the technical part of reading, they can focus on the storyline and the characters. The learners can also enjoy the stories, and develop a love for reading.
- b. As the teacher reads the story aloud, she incidentally models certain reading skills: she reads from the first to the last page; she reads from the top of the page to the bottom; she reads from left to right; she responds to punctuation marks; she reads fluently and at a good pace; and she reads with expression, which adds to the meaning of the text. Learners incidentally learn many skills by observing a fluent reader.
- c. As the teacher reads, she embeds meaning by: pointing to a part of the picture; by using a gesture or action; and by adding expression to her voice. The teacher also explicitly adds meaning, by stopping to explain a word or phrase. By listening to the teacher and watching her, the learners are acquiring new language skills.
- d. Then, very importantly, during Shared Reading, the teacher must teach the learners how to think about a story, and how to build their understanding of a story. In this programme, we have chosen to build comprehension skills by modelling and teaching different comprehension strategies. The following comprehension strategies are used:
 1. Predict
 2. Visualise
 3. Search the text
 4. Summarise
 5. Think about the text (wonder)
 6. Make connections
 7. Make inferences

Comprehension strategies

The table below provides information on each strategy.

Strategy 1: Predict	
Explanation	When learners predict, they say what they <u>think</u> will happen in a story. Learners can predict what will happen by looking at the pictures in a book. They can also predict what will happen next after they have read a page of the text. Finally, learners can predict how they think the story might end.
Purpose	By getting learners to predict, you are getting them to think about the story before they have even read it. Learners must use clues to try and work out who the characters are, and what main events will take place. By predicting, learners are developing their comprehension skills by thinking about the story.
Steps <i>(For predicting with pictures)</i>	<ol style="list-style-type: none"> 1. Look at the picture. 2. Ask learners: What do you think is happening here? 3. Let learners think about the question. 4. If learners cannot answer, give an example answer to the question.
Examples <i>(For predicting with pictures)</i>	<ol style="list-style-type: none"> 1. What do you think is happening here? 2. How do you think this character feels? Why? 3. What do you think you will see in the next picture?
Steps <i>(For predicting with text)</i>	<ol style="list-style-type: none"> 1. Read a page of text. 2. Ask learners: What do you think happens next? 3. Let learners think about the question. 4. If learners cannot answer, give an example answer to the question.
Examples <i>(For predicting with text)</i>	<ol style="list-style-type: none"> 1. What do you think happens next? 2. What do you think this character does next? 3. How do you think this story ends?

Strategy 2: Visualise	
Explanation	When learners visualise, they must think about what is happening in the story like a scene from a movie. They must try to see the story in their minds as it happens.
Purpose	Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole, rather than just page by page. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Say: Now we are going to visualise the story as if we were watching a movie. 3. Instruct learners to close their eyes. Explain that learners must listen to the words and make a movie in their mind. 4. Read the text again. 5. Tell learners what you visualised. (Model the skill.) 6. Ask learners: What did you see? (What happened in your movie?) 7. Listen to and discuss learner answers. Make sure learners' answers are relevant to what is happening in the story.
Examples	<ol style="list-style-type: none"> 1. I visualised when Joe won the race. I could see the sweat coming off his head and flying everywhere. I could see his eyes focussed on the finish line, and his body working as hard as it could. 2. What did you visualise? What happened in your movie?

Strategy 3: Search the text	
Explanation	<i>Search the text</i> questions are the most basic type of comprehension questions. These questions ask learner to think about or look at the words on the page, and to recall information.
Purpose	These questions are a basic check for understanding of the words on the page.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners a question about the information in the text, like: Who did Joe want to beat in the race? 3. Let learners answer the question. 4. NOTE: There is only one correct answer to this type of question. If the learner answers the question incorrectly, you must read the sentence with the correct answer out loud and/or point to the picture for support. Then, give the correct answer to the question. It is important that the learner knows if their answer was incorrect, and that they hear the correct answer.
Examples	<p>These kind of questions usually begin with:</p> <ul style="list-style-type: none"> • Who? • What? • When? • Where? <p>For example:</p> <ol style="list-style-type: none"> 1. <u>Who</u> did Joe want to beat in the race? 2. <u>What</u> did Joe do before the race? 3. <u>When</u> did Joe train for the race? 4. <u>Where</u> was the race being held?

Strategy 4: Summarise	
Explanation	When learners summarise, they think about the most important points in a text. They explain the main points in a few, concise sentences. Summarising can be done orally or in writing.
Purpose	Summarising shows that the learner has understood the main points of the story. Asking learners to summarise or retell the main points of a story is the best way to check their understanding.
Steps	<ol style="list-style-type: none"> 1. Read the text. 2. Remind learners: When we summarise, we think of the most important parts of a story. 3. Explain: Today we will summarise the story we just read. That means we will explain what happened in the story in a few sentences. 4. Give learners a minute to think about the story. 5. Instruct learners to turn and talk and tell their summary to a friend (oral recount). 6. Next, instruct learners to write their summary down.
Examples	<p>Story: Joe wins the race</p> <p><u>Learners should summarise the story into a few sentences as follows:</u></p> <ol style="list-style-type: none"> 1. Sizwe always won everything at school. 2. The school was holding a big cross country race. 3. Joe trained every day after school when he ran home. 4. Joe beat Sizwe in the race. 5. Everyone was happy for Joe.

Strategy 5: Think about the text (Wonder)	
Explanation	When the teacher wonders, the teacher thinks out loud about the text. She lets the learners hear what she is thinking about the text.
Purpose	By modelling how to think/wonder about a text, we teach learners two things. Firstly, we teach learners that good readers do not just read the words, they always think about what they are reading. Secondly, we show learners the kinds of thoughts that we have about a text. By doing this, we show learners how to think creatively and critically about a text. In time, learners will start to do this for themselves.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Think of a question or idea that a fluent reader might have about the text. (Ideas have been provided in the Read One and Read Two columns in the lesson plans.) 3. Say: I see / I notice ... 4. Say: I wonder ... 5. Let learners think about the question. 6. Give a sample answer to the question. 7. Learners do not need to answer the question.
Example	I see that Sizwe laughed at Joe when he entered the race. I wonder if this will upset Joe?

Strategy 6: Make connections	
Explanation	When learners <i>make connections</i> , they compare the story to their own lives, or to another text. Sometimes, they think about how something from the story is like something in their own lives. Sometimes, these questions ask learners to think about what they would have done if they were in the story. Sometimes, learners must connect the character's feelings and actions to those of characters in other stories they have read.
Purpose	These kinds of questions help learners relate to the story and make good guesses about feelings and personal experiences. This helps learners to develop empathy and understanding for the feelings and experiences of other people.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners a question, like: When was a time that you wanted to win something, like Joe? 3. Use modelling to give a sample answer, like: When Joe wanted to win the race, it reminded me of how I used to compete with my sister at school. She always got top marks for everything, and my parents were so proud. I wanted my parents to feel proud of me too.
Examples	<ol style="list-style-type: none"> 1. How does this remind you of your own life? 2. Tell me about a time when something similar happened to you. 3. If you were Joe, what do you think you would have done when Sizwe laughed at you? 4. How do you think Sizwe felt when Joe beat him? 5. Which other character does this remind you of?

Strategy 7: Make inferences	
Explanation	<p>Making an inference involves using what you know to make a good guess about what you don't know. This is what is meant by 'reading between the lines'. When learners make an inference, they make a good guess about something using what they have read together with their own experiences and knowledge.</p> <p>Sometimes, the author does not write down every single detail of the story. The author leaves parts of the story unfinished, so readers can work it out for themselves.</p>
Purpose	<p>Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Learners may miss important information if they do not know how to make appropriate inferences.</p>
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners: What do you know about this? What does the text say? 3. Ask learners: What else can we guess about this? Is there something that the text does not say? 4. Listen to and discuss learners' answers. Make sure learners' answers are logical. 5. If learners struggle, give them an example of an inference. Use the following sentence frame to help: Based on ... I think ...
Example	<p>Text:</p> <p>My brother applied to go to University. I came home and saw my brother holding a letter and smiling. My mother was crying, and laughing and hugging him.</p> <p>Inference:</p> <p>Based on the fact that my brother applied to go to university, and that he is holding a letter looking very happy, we guess that his application was successful.</p>

Strategy 8: Make Evaluations	
Explanation	When we evaluate a text, we make a judgement about an aspect of the text.
Purpose	Learners must be taught that they must always evaluate what they read, and must be able to support or justify their evaluations.
Steps	<ol style="list-style-type: none">1. Read the text on the page.2. Ask learners an evaluation question, and ask them to support their answer. For example: Do you think x did the right thing? Why or why not?3. Listen to and discuss learners' answers. Make sure learners' answers are logical.4. If learners struggle, share your own evaluation as an example: I think x did the right thing because x
Example	<p>Some evaluation questions start with:</p> <ol style="list-style-type: none">1. Do you think...2. Do you agree with...3. In your view...4. Did you like...

Below is a description of the core methodology of each of the five Shared Reading lessons: Pre-Read; First Read; Illustrate the Story; Second Read; and Post-Read. Read these descriptions to get a clear understanding of the flow of each lesson.

Shared Reading: Pre-Read ***Comprehension Strategy: Predict***

In the Pre-Read, we build comprehension skills by getting learners to think about the story before it is read to them.

1. Tell learners that today they will look at the pictures in the story, and think about the story.
2. Tell learners that, based on what they see, they will make predictions about the story. This means they will use the pictures to try and guess what the story is about.
3. Explain to learners that they must not think of each picture on its own. They must think about how the pictures relate to each other. They must connect all the pictures to each other to try and work out what the entire story is about.
4. Show learners the cover of the story and read the title aloud.
5. Ask learners: What do you think will happen in this story?
6. Next, look at each picture in the story, and as you look, ask learners:
 - a. What do you see in this picture?
 - b. What do you think is happening here?
 - c. What do you think might happen next?
7. If learners forget to connect the different pictures, prompt them to do this. For example: 'Can you remember what this boy was doing in the last picture? What is he doing now? What do you think is happening?'
8. When you get to the last picture, ask learners: How do you think this story will end (if appropriate)?
9. Thank learners for their predictions.
10. If you have time, read through the story once without stopping.

Shared Reading: First Read

Comprehension Strategy: The strategy that must be used is identified in the lesson plan.

In the First Read, we first build comprehension skills by reading and explaining the story to learners. We also model how to think about the story.

- Before reading, tell the class what you are going to do. Say something like: *'Class, it is time for Shared Reading. Remember, whenever we read or listen to a story, it is important to always think about the story. Today, I am going to show you how I think about the story. I am going to do this by (for example) visualising what happens in the story. This means that as I read, I will make a movie of the story in my mind.'*
1. Read each page of the story fluently and clearly. As you read, use gestures, actions and facial expressions, and change tone of voice (expression) to enhance meaning.
 2. Where necessary, stop and explain a word or phrase to learners. If you need to code switch, you may do so. This gives learners a clear understanding of the story.
 3. At the same time, during the First Read, we also focus on modelling and teaching a comprehension strategy to learners.
 4. At the end of each page you will see two coloured blocks, numbered 1 and 2.
 5. Once you have read and explained the page to learners, pause and show that you are thinking. Then, read or say the text in block 1. By doing this, you are modelling how to think about the story. It is important that you understand what you are saying – if it does not make sense to you, it will not make sense to your learners.
 6. On the last page of the story, there are a few questions in block 1.
 7. Ask different learners to answer the questions.
 8. Show learners that there can be more than one correct answer to a question, and that learners may have different opinions.

Shared Reading: Illustrate the Story

Comprehension Strategy: To summarise and reflect on the story.

Modelling

1. Begin by modelling the activity for learners.
2. Explain that today, learners will draw their **favourite** part of the story.
3. Use **modelling** to **think before you write**.
4. Use **modelling** to **explain** your favourite part of the story.
5. Use **modelling** to draw a picture of the part of the story you like best.
6. Use **modelling** to add a label to your drawing.

Oral Instructions:

1. Tell learners they must choose their **favourite** part of the story.
2. Hold up the pictures in the story for all the learners to see.
3. Remind learners that we **think before we write**.
4. Instruct learners to decide which part of the story they will write about.
5. Call on 2-3 learners to tell you their favourite part of the story. *(Learners can point to the picture that they like best if they cannot yet use English words.)*
6. Explain that learners can try to add a label.

Writing:

1. **Hand out learner books.**
2. As learners write, walk around the room and complete **mini conferences**.
3. Ask learners to tell you about their drawings.
4. Help learners to add a label.
5. Encourage learners!

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils down.
2. Instruct learners to **turn and talk** with a partner about their drawings.

Hang up learner drawings at LEARNER EYE-LEVEL around the room. This helps learners have conversations about the story.

Shared Reading: Second Read

Comprehension Strategy: *The strategy that must be used is identified in the lesson plan.*

In the Second Read, we continue to build comprehension skills by reading the story to learners, and by modelling how to think about the story.

- Once again, tell the class what you are going to do. Say something like: *'Class, it is time for Shared Reading. Remember, whenever we read or listen to a story, it is important to always think about the story. Today, I am going to show you how I think about the story. I am going to do this by (for example) visualising what happens in the story.. This means that as I read, I will make a movie of the story in my mind.'*
1. Next, read each page of the story fluently and clearly. As you read, use gestures, actions and facial expressions, and change tone of voice (expression) to enhance meaning.
 2. This time, try to avoid code switching.
 3. At the same time, during the Second Read, you will model how to think about the story.
 4. At the end of each page you will see two coloured blocks, numbered 1 and 2.
 5. Once you have read and explained the page to learners, pause and show that you are thinking. Then, read or say the text in block 2. By doing this, you are modelling how to think about the story. It is important that you understand what you are saying – if it does not make sense to you, it will not make sense to your learners.
 6. On the last page of the story, there are a few questions in block 2.
 7. Ask different learners to answer the questions.
 8. Show learners that there can be more than one correct answer to a question, and that learners may have different opinions.

Shared Reading: Post-Read

The purpose of the Post-Read activity is to give learners an opportunity to consolidate their understanding of the story, and to practise using the new language that they have learnt.

In Grade 1 during the post-read, you will do one of two activities:

1. Act out the story
2. Recount the story

Act out the story (oral activity)

- a. Settle the learners on the carpet, or in a quiet space outside.
- b. Tell learners that today they will act out parts of the story that they have read.
- c. Hold up the big book. Read the first page.
- d. Give learners the instruction of what to act out. (in lesson plan)

- c. First, you will model recounting something from the story.
- d. Next, you will tell learners to think of something from the story – they should not copy your recount.
- e. Then, learners will TURN AND TALK and share their recount with a partner.
- f. Finally, you will call on a few learners to share their recounts with the class.

Phonemic Awareness and Phonics

In Grade 1, you will need to master four phonemic awareness and phonics activities as follows:

Monday example lesson and purpose

REVIEW PAST SOUNDS

1. Put some past flashcards in a pile, for example: /i/ /p/ /t/ /s/
2. Hold up a flashcard in random order.
3. Call on an individual learner to say the sound.
4. Instruct the class to repeat the correct sound.
5. Do this until you have gone through all of the past sounds.

REVIEW PAST WORDS

1. Explain that you will sound out a word.
2. Learners must listen carefully to the sounds and try to make out what the word is.
3. Say the sounds of a word, for example: /s/ - /i/ - /t/
4. Ask learners: What word do those sounds make?
5. Model blending the sounds to make a word: /s/ - /i/ - /t/ = **sit**
6. Show the flashcard for the word: **sit**. Say the word clearly.
7. Ask learners: Which word family does **sit** belong in?
8. Explain that it belongs in the **-it** word family.
9. If you have time, repeat for the word: **sip (it belongs to the -ip family)**

BUILD A WORD WITH PAST SOUNDS

1. Write some past sounds on the chalkboard, for example: /i/ /p/ /t/ /s/ /a/
2. Ask learners if they can use these sounds to build a word.
3. As learners build words, write them on the chalkboard, in word families.
4. Brainstorm other words on the chalkboard. Nonsense words are also acceptable.

pat	pit	tap	sip
sat	sit	sap	tip
tat	it	pap	pip

PURPOSE OF THE ACTIVITY

- Learners must know the sound made by each letter and must be able to blend sounds to form words. This is a key building block of reading.

Tuesday example lesson and purpose**INTRODUCE NEW SOUND**

1. Say the sound and hold up the flashcard, for example: /p/
2. Say the sound and instruct learners to repeat the sound x 3.
3. Discuss how the sound for /p/ is the same in English and home language.
4. Tell learners to try to find this letter written somewhere on the walls.
5. Ask learners: Can you think of words that begin with /p/?
6. Brainstorm words with learners, like: **path, power, pap, pencil**
7. Ask learners: Can you think of words that end with /p/?
8. Brainstorm words with learners, like: **map, clap, cap**

INTRODUCE NEW WORDS

1. Say each word loudly and clearly as you show the flashcard: **pat, sap, tap**
2. Show each word to learners, as you say it.
3. Ask learners to repeat the words after you.
4. Stick up the flashcards of the rhyming words on the Phonics Display Board.

pat	sap
	tap

PURPOSE OF THE ACTIVITY

- Learners must know the letter-sound relationships very well. They must start to identify patterns in words.

Wednesday example lesson and purpose**DIFFERENTIATING NEW SOUNDS**

1. Remind learners that we have learned the sounds /p/ and /s/ (for example).
2. Tell learners to listen carefully.
3. Explain that you will say one sound.
4. Learners must decide if it is /p/ or /s/
5. If learners think you said /p/, they must hold up 1 finger.
6. If learners think you said /s/, they must hold up 2 fingers.
7. Instruct learners to close their eyes.
8. Say one sound (either /p/ or /s/).
9. Instruct learners to hold up 1 or 2 fingers.
10. Look around the room to see which learners correctly identified the sounds, and which learners are struggling.
11. Instruct learners to open their eyes.
12. Tell learners which sound you said, and show the flashcard.
13. Repeat this as many times as possible.

PURPOSE OF THE ACTIVITY

- Learners must be able to isolate and identify different letter-sounds. Before learning to read these sounds, learners must be able to hear them.

Friday example lesson and purpose**SEGMENTING AND BLENDING (I DO)**

1. Say the word: **pat**
2. Segment the word into the individual sounds: /p/ - /a/ - /t/
3. Say the beginning sound of the word: /p/
4. Say the middle sound of the word: /a/
5. Say the end sound of the word: /t/
6. Write the word on the board: **pat**
7. Model pointing and blending the sounds to make a word: /p/ - /a/ - /t/ = **pat**
8. If you have time, repeat this with the word: **sap**

SEGMENTING AND BLENDING (WE DO)

1. Say the word: **tap**
2. Ask learners: What is the first sound in the word? /t/
3. Ask learners: What is the middle sound in the word? /a/
4. Ask learners: What is the last sound in the word? /p/
5. Ask learners to segment the word into each individual sound: /t/ - /a/ - /p/
6. Write the word: **tap**
7. Instruct learners to blend the sounds in the word with you: /t/ - /a/ - /p/ = **tap**
8. If you have time, repeat this with the word: **sap**

PURPOSE OF THE ACTIVITY

- Learners must understand that words are made up of distinct sounds. These sounds can be put together (blended) or taken apart (segmented).
- Learners must be able to hear and isolate the sounds in words.
- Learners must recognise patterns in speech and in written language. Recognising patterns helps learners to decode more quickly and effectively. Manipulating (changing) sounds and letters in words help practise seeing and hearing patterns in words.

Writing Strategies

1. Follow the lesson plans to complete the writing task for each week.
2. In the lesson plans, you will notice that the same routine is always followed. This is to help learners, so that they know what to expect in writing lessons. This helps to build confidence.
3. You will also notice that different strategies are slowly taught to learners so they are able to successfully complete sentence frames.
4. The aim is for learners to eventually use these strategies automatically.
5. These strategies help learners feel confident about their writing by showing them that there is a series of steps to follow when they write.

STRATEGY 1: TEACHER MODELS WRITING FIRST

- a. The teacher first demonstrates the task to the class (she shows the class exactly what they are going to do).
- b. By watching the teacher, the learners have a clear idea of the task.

STRATEGY 2: WRITERS THINK BEFORE THEY WRITE

- a. Writing is the act of putting thoughts onto paper.
- b. This means that writers must think first and decide what to write about before writing.
- c. It also means that there are no correct or incorrect 'answers' when writing – every writer has his or her own thoughts to write about.
- d. Always build in time for learners to think about what they want to write.

STRATEGY 3: WRITERS DRAW A LINE FOR EACH WORD

- a. Learners think about the sentence they want to write, and say it aloud.
- b. They count how many words there are in the sentence, and draw a line to represent each word.
- c. Lines must be drawn from left to right and from the top of the page to the bottom.
- d. Lines must be the approximate length of the words.
- e. Spaces must be left between words.
- f. At the end of the sentence, the learner puts a full stop.
- g. With lines in place, the learner fills in words that are known, or must try to write down the starting sounds of a word before asking for help.
- h. This gives a structure to the learner's writing, which builds confidence. Even learners who really struggle can start the writing process in this way.

STRATEGY 4: WRITERS USE RESOURCES TO WRITE WORDS

- a. Teach learners not to ask for help to write all unknown words. They should first use other resources to find out how to write the unknown word. For example:
- Words on a word wall
 - Other books
 - Spelling lists
 - They can even ask their classmates.

STRATEGY 5: WRITERS USE THEIR MEMORIES TO WRITE WORDS

- a. Learners should try to remember words they have learnt, and to write these words from memory.

STRATEGY 6: WRITERS SAY WORDS SLOWLY LIKE A TORTOISE

- a. Teach learners to say an unknown word very slowly to hear its different sounds. (Segmenting)
- b. Next, teach learners to write down every sound that they can hear. (They may not spell the word correctly, but this will be a starting point to write unknown words. For example, **are** may be written as **ar** or even **r**. The teacher can then build on this and show the writer the correct spelling.)
- c. Try to read the learner's phonetic writing, and praise them for using their phonetic knowledge to try and build words. This is an important skill to encourage.

STRATEGY 7: WRITERS READ WHAT THEY WRITE

- a. Learners read their sentences aloud to themselves or to a peer. Reading one’s writing to a classmate makes the writing process more meaningful.
- b. As they do this, they check they have not left out any words.
- c. They also check that the word order is correct.
- d. Most importantly, set this up so that learners enjoy the reading process, and feel proud of what they have written.

STRATEGY 8: WRITERS TURN AND TALK

- a. At different times in the lesson, learners can turn to a partner, and take turns to talk to each other.
- b. This can be used to share ideas about what to write about, to read their writing to each other, to tell each other about their pictures, or to check that they understand what to do.
- c. Teach learners to face each other and talk quietly when they turn and talk.

STRATEGY 9: HOLD MINI-CONFERENCES

- a. This is a useful strategy to use as learners are writing.
- b. Walk around the room, and stop where you see a learner struggling.
- c. Hold a mini-conference with that learner.
- d. Engage with the learner’s work, listen to the learner, and help the learner as needed.
- e. Remember to try and give all learners some individual attention, and to praise their efforts and improvements.

TITLE	<u>Olwethu's first day</u>	
ACTIVITY	FIRST READ	
COMPREHENSION STRATEGY	Make connections	
PURPOSE	Making connections helps learners think critically about the feelings and experiences of characters in the text. Learners connect the story to their own lives, and realise that stories are about experiences of people in the real world!	
	Story	Think aloud: First Read
	Soon, Olwethu would go to school for the first time ever. Olwethu was so scared. She couldn't sleep. She couldn't eat.	I can make a connection , because when I feel scared, I also don't sleep well!
	Three days before school began, Olwethu's gogo took her to the shops to buy a uniform, school shoes, and stationery. Usually Olwethu loved to go to the shops. 'I don't want to go,' Olwethu cried in the taxi all the way to town. 'Why not? You usually love the shops!' Gogo said. 'I don't want to go to school. I don't want to be away from you all day!' she said. 'Don't be scared!' said her gogo, 'I will be there every day when you get home!'	Oh! Olwethu doesn't want to go to school because she is afraid she will miss her gogo! I can make a connection ! When I brought my son to creche for the first time, he cried because he missed being with me all day!
	Two days before school, Olwethu's older sister Zinzi helped her pack her new stationery into her new school bag. 'I don't want to pack my school bag,' Olwethu cried. 'Why not? You have this beautiful new bag and all this nice new stationery!' Zinzi said. 'I don't want to go to school. I don't want to be at school all day!' she said. 'Don't be scared!' said Zinzi, 'I will be there with you every day!'	--

<p>The day before school, Olwethu's mother showed her how to shine her new shoes.</p> <p>'I don't want to wear those shoes!' Olwethu cried.</p> <p>'Why not? You usually love new shoes!' Olwethu's mother said.</p> <p>'I don't want to go to school. I want to stay home and play all day!' she said.</p> <p>'Don't be scared!' said her mother, 'You can play during break and after school!'</p>	<p>I think Olwethu is used to playing all day.</p> <p>That reminds me of how I feel about going back to work after the holidays. At first, it feels hard to have to go back to work and not have the whole day free!</p>
<p>The morning finally arrived for Olwethu to go to school.</p> <p>She looked in the mirror. She looked ready. But, she didn't feel ready!</p> <p>'Let's go,' Zinzi said.</p>	--
<p>'I don't want to go!' Olwethu cried all the way to school.</p>	--
<p>When the bell rang, she went inside her new classroom. Her teacher told her where to sit – next to a little girl with exactly the same hairstyle as hers! They smiled at each other.</p> <p>Her teacher taught the class a new song. Then, they drew pictures of their families.</p>	<p>Oh! I think Olwethu thought school would be very scary! But then she came to school and she easily made friends and did fun things, so school felt less scary!</p>
<p>Finally, it was time to go home! 'I don't want to go home!' Olwethu cried.</p>	<p>I can make a connection. Sometimes doing something for the first time is very hard and scary. But then, it isn't as bad as we thought it would be!</p>
Follow up questions	Possible responses
Who is this story all about?	It is all about Olwethu.
Where did Olwethu go for the first time?	She went to school.
Why question	Possible responses
Why didn't Olwethu want to go to school?	<ul style="list-style-type: none"> • Because she felt scared. • Because she has never been to school before! • Because she wanted to stay home with her granny. • Because she wanted to play all day.

ACTIVITY	SECOND READ
COMPREHENSION STRATEGY	Make connections
PURPOSE	Making connections helps learners think critically about the feelings and experiences of characters in the text. Learners connect the story to their own lives, and realise that stories are about experiences of people in the real world!
Story	Think aloud: Second Read
Soon, Olwethu would go to school for the first time ever. Olwethu was so scared. She couldn't sleep. She couldn't eat.	It can be so scary to do something for the first time! That reminds me of how I felt before my first day of being a teacher. I remember I was so scared, I stayed up all night thinking about the bad things that could happen!
Three days before school began, Olwethu's gogo took her to the shops to buy a uniform, school shoes, and stationery. Usually Olwethu loved to go to the shops. 'I don't want to go,' Olwethu cried in the taxi all the way to town. 'Why not? You usually love the shops!' Gogo said. 'I don't want to go to school. I don't want to be away from you all day!' she said. 'Don't be scared!' said her gogo, 'I will be there every day when you get home!'	I can make a connection! When I am in a bad mood, even things that I usually like can feel hard to do!
Two days before school, Olwethu's older sister Zinzi helped her pack her new stationery into her new school bag. 'I don't want to pack my school bag,' Olwethu cried. 'Why not? You have this beautiful new bag and all this nice new stationery!' Zinzi said.	--
'I don't want to go to school. I don't want to be at school all day!' she said. 'Don't be scared!' said Zinzi, 'I will be there with you every day!'	

<p>The day before school, Olwethu's mother showed her how to shine her new shoes.</p> <p>'I don't want to wear those shoes!' Olwethu cried.</p> <p>'Why not? You usually love new shoes!' Olwethu's mother said.</p> <p>'I don't want to go to school. I want to stay home and play all day!' she said.</p> <p>'Don't be scared!' said her mother, 'You can play during break and after school!'</p>	<p>I see that everyone is trying to help Olwethu feel excited about school. That reminds me of how my husband tried to make me tea to help me calm down when I felt scared about my first day of being a teacher!</p>
<p>The morning finally arrived for Olwethu to go to school.</p> <p>She looked in the mirror. She looked ready. But, she didn't feel ready!</p> <p>'Let's go,' Zinzi said.</p>	<p>I can make a connection. I bought a new dress for my first day of teaching! When I looked in the mirror, I looked ready, but inside I still felt very scared!</p>
<p>'I don't want to go!' Olwethu cried all the way to school.</p>	<p>That remind me of how I felt on my first day of teaching! I wanted to turn around and go home for the entire drive to school!</p>
<p>When the bell rang, she went inside her new classroom. Her teacher told her where to sit – next to a little girl with exactly the same hairstyle as hers! They smiled at each other.</p> <p>Her teacher taught the class a new song. Then, they drew pictures of their families.</p>	--
<p>Finally, it was time to go home! 'I don't want to go home!' Olwethu cried.</p>	<p>That reminds me of how I felt after my first day of teaching! Nothing bad happened! I was scared for nothing because I actually had so much fun!</p>
Follow up questions	Responses

PURPOSE	Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.	
	Story	Think aloud: First Read
	<p>Bongi's Granny and Grandpa were coming today, all the way from Malelane. Her parents had planned a big braai – even Auntie Busi and Uncle Themba were coming over! Bongi was so excited. In the morning, Bongi helped her Dad get the backyard ready. She watered the grass. Bongi's friend Anna had arrived early. She climbed the tree and cleaned the treehouse. Dad trimmed the bushes.</p> <p>Anna finished cleaning quickly. 'Come play' Anna yelled from the treehouse.</p> <p>'I must help dad first!' Bongi yelled back.</p> <p>Anna played with Bongi's little sister, Gugu, until Bongi was done. All Bongi could think about was the arrival of Granny and Grandpa!</p>	<p>I can visualise Bongi helping her dad. She is working hard to make the backyard look nice and clean.</p>
	<p>Finally, the backyard was ready. 'Thanks for helping!' said Dad. He went inside to bath and change his clothes. Bongi stayed outside. She skipped rope with Gugu and Anna. It was fun, but all she could think about was the arrival of Granny and Grandpa!</p>	<p>I can visualise Bongi skipping rope. She is jumping up and down, up and down.</p>

<p>Gugu got tired of skipping rope. 'Let's go inside and play with blocks!' Gugu said.</p> <p>'Oh! Yes' Anna said. They built a big tower. But Bongi didn't feel like building a tower. She read to Baby Siya instead. But even as she read, all she could think about was the arrival of Granny and Grandpa!</p>	<p>I can visualise Bongi reading with baby Siya. Baby Siya giggles as Bongi reads the words to him.</p>
<p>It was almost time for the braai to begin. Mom took baby Siya.</p> <p>'Go change your clothes,' mom said. 'Granny just called. They are almost here!' Bongi's mom said.</p> <p>Mom, dad, and baby Siya went outside and waited for Granny and Grandpa to arrive. As Bongi changed her clothes, all she could think about was the arrival of Granny and Grandpa!</p>	<p>--</p>
<p>Bongi's friends Andrew, Jabu and Nick arrived. 'Look what I brought!' Andrew said. He laid his new board game on the floor. 'Wow!' said Anna. 'Let's play!' They began to play the game. It was a fun game, but all Bongi could think about was the arrival of Granny and Grandpa!</p>	<p>I can visualise Bongi helping her dad. She is working hard to make the backyard look nice and clean.</p>
<p>'They're here!' Dad finally called from outside. Bongi's Granny and Grandpa had finally arrived. Bongi ran outside to greet them. The braai began!</p>	<p>I can visualise Bongi skipping rope. She is jumping up and down, up and down.</p>

WEEK 6: TUESDAY: SHARED READING (15 minutes)

TITLE	<u>Tseko's new baby</u>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	Make inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.

Story	Think aloud: First Read
There was just a week left until Tseko's new little sister was supposed to be born.	--
Sometimes, Tseko felt worried. He didn't have any brother or sisters – he was the only child. Tseko worried about what it would be like to have a new baby. He worried about what it would be like to have a sister.	Tseko is the only child, so I can infer that he has never had a new baby at home.
But sometimes, Tseko felt excited. Tseko felt especially excited that his grandmother was coming to visit. Tseko's father told him that Koko would stay for three whole months, just like she did when Tseko was born!	--
When Tseko and his father met Koko at the bus terminal, Tseko felt excited. He ran to hug his koko. 'My sweet Tseko! Aren't you excited to become a big brother?' Koko asked. 'I don't know,' Tseko said, 'I don't know what to do with a baby.'	Oh I can infer that Tseko feels worried because he doesn't know what to do with a new baby.

<p>When they got home, Koko called Tseko.</p> <p>‘I have a special gift for you!’ she said. She took a new baby doll out of her suitcase and handed it to Tseko.</p> <p>‘I thought dolls were only for girls?’ Tseko said.</p> <p>‘That is a very old-fashioned idea.’ Koko laughed, ‘Anyone can play with a doll! And how will you ever know what to do with a baby if you don’t play with a doll?’</p>	<p>I can infer that Tseko doesn’t have a doll, because he thought that they were only for girls.</p>
<p>First, Koko showed Tseko how to hold and rock a baby.</p> <p>‘You must make sure to hold up the baby’s head, because their necks aren’t strong!’ Koko said.</p>	<p>Oh I can infer that Koko brought the doll so she could show Tseko how to care for a baby before his sister comes!</p>
<p>Next, Koko showed Tseko how to change a nappy. She had brought special doll-sized nappies, so that Tseko could practice! ‘You have to work quickly and carefully when you change a nappy, because babies move and cry!’ she said.</p>	<p>I can infer that Tseko has never changed a nappy before, because he doesn’t have any siblings and because this is his first doll.</p>
<p>Then, Koko showed Tseko how to wrap a baby up in a blanket. ‘Babies like to be wrapped up tight when they are very small,’ Koko said.</p>	<p>I can infer that Tseko has never wrapped a baby before, because he doesn’t have any siblings and because this is his first doll.</p>
<p>Koko and Tseko practiced.</p> <p>‘You’re going to be a great big brother,’ Koko smiled.</p> <p>Tseko knew he should feel excited now, but he still felt a little bit worried.</p> <p>‘Koko, what if mom likes the baby more than me? What if you like the baby more than me?’ Tseko asked.</p> <p>Koko put her arm around Tseko. ‘We have enough love for you both. Don’t ever worry about that!’</p>	<p>--</p>
<p>From then on, Tseko only felt excited.</p>	<p>I can infer that Tseko feels better now that his Koko showed him how to care for a new baby!</p>

Follow up questions	Possible responses
Who came to visit Tseko?	His Koko came to visit.
What gift did Koko bring for Tseko?	She brought him a doll.
Why question	Possible responses
Why did Koko bring Tseko a new doll?	<ul style="list-style-type: none"> • Because she wanted to bring Tseko a gift. • Because dolls are for everyone – not just girls. • Because she wanted to show Tseko how to take care of a new baby • Because playing with a doll is the only way to learn how to take care of a baby. • Because she wanted Tseko to practice caring for a new baby.

TITLE	<u>Tseko's new baby</u>	
ACTIVITY	SECOND READ	
COMPREHENSION STRATEGY	Make inferences	
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.	
	Story	Second Read
	There was just a week left until Tseko's new little sister was supposed to be born.	A new baby is a big deal! I wonder how Tseko feels about having a new baby at home?
	Sometimes, Tseko felt worried. He didn't have any brother or sisters – he was the only child. Tseko worried about what it would be like to have a new baby. He worried about what it would be like to have a sister.	I can infer that Tseko might be worried about what it will be like to have to share his parents with another person!
	But sometimes, Tseko felt excited. Tseko felt especially excited that his grandmother was coming to visit. Tseko's father told him that Koko would stay for three whole months, just like she did when Tseko was born!	Oh I can infer that Koko would come visit any time there is a new baby, because it is a special tradition.
	When Tseko and his father met Koko at the bus terminal, Tseko felt excited. He ran to hug his koko. 'My sweet Tseko! Aren't you excited to become a big brother?' Koko asked. 'I don't know,' Tseko said, 'I don't know what to do with a baby.'	--

<p>When they got home, Koko called Tseko.</p> <p>‘I have a special gift for you!’ she said. She took a new baby doll out of her suitcase and handed it to Tseko.</p> <p>‘I thought dolls were only for girls?’ Tseko said.</p> <p>‘That is a very old-fashioned idea.’ Koko laughed, ‘Anyone can play with a doll! And how will you ever know what to do with a baby if you don’t play with a doll?’</p>	<p>I can infer that Koko thinks it is important for Tseko to know how to be helpful when the new baby comes.</p>
<p>First, Koko showed Tseko how to hold and rock a baby.</p> <p>‘You must make sure to hold up the baby’s head, because their necks aren’t strong!’ Koko said.</p>	<p>I can infer that Koko has helped care for lots of babies before.</p>
<p>Next, Koko showed Tseko how to change a nappy. She had brought special doll-sized nappies, so that Tseko could practice! ‘You have to work quickly and carefully when you change a nappy, because babies move and cry!’ she said.</p>	<p>--</p>
<p>Then, Koko showed Tseko how to wrap a baby up in a blanket. ‘Babies like to be wrapped up tight when they are very small,’ Koko said.</p>	<p>Tseko knows so many important things about caring for a baby now. He looks happy. I infer he must be feeling better about having a new baby sister.</p>
<p>Koko and Tseko practiced.</p> <p>‘You’re going to be a great big brother,’ Koko smiled. Tseko knew he should feel excited now, but he still felt a little bit worried.</p> <p>‘Koko, what if mom likes the baby more than me? What if you like the baby more than me?’ Tseko asked.</p> <p>Koko put her arm around Tseko. ‘We have enough love for you both. Don’t ever worry about that!’</p>	<p>Oh! I can see Tseko wasn’t only worried about how to care for a baby. He is also worried about what it will be like to share his parents and his Koko with someone else!</p>
<p>From then on, Tseko only felt excited.</p>	<p>I can infer that now, Tseko feels excited that his sister is coming! I think he no longer feels worried because his Koko helped him feel better.</p>

Follow up questions	Responses
How long will Koko stay for?	She will stay for three months.
What did Tseko's Koko show him how to do?	She showed him how to: <ul style="list-style-type: none"> • Hold and rock a baby. • Change a nappy. • Wrap a baby up in a blanket.

Formulating questions	
<ul style="list-style-type: none"> • Teach the learners one or two simple question words, together with their meanings. For example: what, who. • Next ask learners to think about the story, and to try and formulate their own 'what' or 'who' question. • Tell learners to 'turn and talk' and ask each other their questions. • Ask a few learners to share their questions with the whole class. • Correct any errors with the form or content of the questions. • Praise learners for their efforts and remind them that we must always ask questions about everything that we read or hear.

Then, Karabo remembers that there is a pond at the park. Karabo has an idea. "Come on!" Karabo says to his friends.	Where is Karabo taking his friends? Oh! We don't know yet. We don't know what his idea is. How do the children on the playground feel? Oh! They feel very hot too.
"Look!" Karabo says, when they get to the pond. "Let's jump in!" "Good idea!" Tshepo says. "That will cool us off!" Karabo takes off his shoes. He runs and jumps into the cool water.	What is Karabo's idea? Oh! His idea is to jump in the pond and cool off.

<p>“How does it feel?” Tsepo asks.</p> <p>“It feels nice and cool!” Karabo says. “Come in!”</p> <p>Karabo feels cool. But Karabo also feels something funny on his head.</p> <p>Cathy begins to laugh. “There’s a fish on your head!” she says. 5. Show learners the first picture.
6. Ask learners: What do you think is happening here?
7. Discuss the picture with learners.
8. Ask learners: What do you think might happen next?

WEEK 8: TUESDAY: SHARED READING (15 minutes)

TITLE	<u>Spring Day splashes</u>	
ACTIVITY	FIRST READ	
COMPREHENSION STRATEGY	Visualise / I Wonder	
PURPOSE	<p>By modelling how to think/wonder about a text, we teach learners two things. Firstly, we teach learners that good readers do not just read the words, they always think about what they are reading. Secondly, we show learners the kinds of thoughts that we have about a text. By doing this, we show learners how to think creatively and critically about a text. In time, learners will start to do this for themselves.</p> <p>Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.</p>	
	Story	Think aloud: First Read
	<p><i>The 1st of September is known as Spring Day in South Africa. One of the traditions that used to be practised in many townships was to pour buckets of water onto people coming home from work and school, and to shout 'Spring time!'. This tradition marked the end of winter, and the beginning of a new season. This still happens in some places, but has become less common.</i></p>	--
	<p>One Friday morning, Olwethu and Katekani walked to school together. For months now, they had been wearing hats and thick winter jerseys. But today, the sun shone brightly. Katekani took off her jersey.</p> <p>'It's almost summer!' Katekani said, smiling.</p>	<p>I can visualise Katekani sweating as she walks in the warm sun.</p>

<p>Olwethu and Katekani usually walked quickly to keep warm. But today, they walked slowly.</p> <p>‘Look!’ Olwethu said, stopping to watch two bright orange butterflies.</p> <p>‘Listen!’ Katekani said, pointing to the Weaver Birds building their nest in a big tree above.</p> <p>‘Smell that?’ Olwethu said, taking a big breath in, ‘the flowers must be coming!’</p>	<p>I visualise Katekani and Olwethu walking slowly as they notice all the signs of Spring!</p>
<p>When they got to school that morning, Ms Soko wrote the date on the chalkboard. ‘Oh! Look at that! It’s the 1st of September – it’s Spring Day!’ she said, smiling.</p> <p>Katekani look at Olwethu. ‘Oh no!’ Katekani groaned, ‘My brother loves to get me on Spring Day! We have to run home as soon as the bell rings – so he can’t get us!’</p>	<p>I visualise Ms Soko writing the date on the board. I visualise her big smile as she tells the learners it is finally Spring!</p>
<p>But when the bell rang, Katekani and Olwethu’s friends decided to stay and play.</p> <p>‘Come play with us!’ Andiswa called as she ran to the swings with Thato.</p> <p>‘Come on, let’s play!’ Olwethu said.</p> <p>Katekani forgot all about running home early as she ran to join her friends.</p>	<p>I can visualise the girls running and smiling in the warm sun! It is finally Spring – it is nice and warm outside!</p>
<p>After the girls had been playing for a while, they saw Ms Soko leave the classroom. ‘Goodbye girls!’ she called, ‘And Happy Spring Day!’</p> <p>‘Oh no!’ Katekani groaned, ‘I forgot all about Spring Day! Let’s go Olwethu – but we will have to be careful!’</p>	<p>I wonder if Katekani’s brother will be able to get them?</p>
<p>They began to run home, but Olwethu got tired quickly. ‘I can’t run this far!’ she said, breathing heavily. Katekani looked around nervously. ‘We have to be careful,’ she said. They walked quickly. They didn’t speak at all. Finally Katekani saw her front door, she took a deep breath. ‘We made it!’ she said.</p>	<p>I wonder if they will make it inside the house without getting wet?</p>

But at that moment, Katekani heard her brother giggling. They turned around to see Kulani and his friends, drenched! They were all holding buckets of water.	I visualise Kulani, drenched. He is standing in the warm sun so he won't feel too cold!
Katekani lifted her arms, 'Okay, okay, you've got us!' she laughed. 'At least let us take our bags off.'	--
Once Olwethu and Katekani's bags were off, Kulani and his friends ran towards them. Olwethu and Katekani laughed and screamed as the boys drenched them with water.	I visualise the cold water pouring down onto Olwethu and Katekani. Good thing it a warm, spring day!
'Happy Spring Day!' Kulani said. Everyone began to giggle.	I wonder if they will find other people to drench too?
Follow up questions	Possible responses
What did Katekani and Olwethu see on their way to school?	<ul style="list-style-type: none"> • They saw orange butterflies. • They saw Weaver Birds making a nest.
What date does this story take place?	It takes place on September 1 st – Spring Day!
Why question	Possible responses

TITLE	<u>Spring Day splashes</u>
ACTIVITY	STORY ILLUSTRATION
PURPOSE	To give learners a chance to summarise and reflect on the text.

INSTRUCTIONS**Modelling:**

1. Explain that today, learners will draw a picture of something important that happens in the story.
2. Use **modelling** to **think before you write**.
3. Use **modelling** to **summarise** the story, like: Katkani's brother comes to splash them!
4. Use **modelling** to draw a picture of your summary.
5. Use **modelling** to add a label to your drawing, like: Spring day.

Oral Instructions:

1. Tell learners they must think about something important that happens in the story.
2. If needed, support learners by showing the pictures in the Big Book.
3. Remind learners that we **think before we write**.
4. Instruct learners to **turn and talk** and share their ideas with a partner.
5. Call on 2-3 learners to tell you their summary of the story (*learners can point to a picture that shows something important happening if they cannot yet use oral language.*)
6. Explain that learners can try to add a label, like: Spring Day

Writing:

1. **Hand out learner books.**
2. As learners write, walk around the room and complete **mini conferences**.
3. Ask learners to tell you about their drawings.
4. Help learners to add a label.
5. Encourage learners!

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils down.
2. Instruct learners to **turn and talk** with a partner about their drawings.

Hang up learner drawings at LEARNER EYE-LEVEL around the room. This helps learners have conversations about the story.

We have to run home as soon as the bell rings – so he can’t get us!’</p>	<p>Oh! It sounds like Katekani knows the Spring Day tradition well. I can visualise her loud groan when she thinks about her brother pouring water on her! She must be thinking about Spring Day last year!</p>
<p>But when the bell rang, Katekani and Olwethu’s friends decided to stay and play.</p> <p>‘Come play with us!’ Andiswa called as she ran to the swings with Thato.</p> <p>‘Come on, let’s play!’ Olwethu said.</p> <p>Katekani forgot all about running home early as she ran to join her friends.</p>	<p>I visualise Katekani running and playing with her friends. She is having so much fun that she forgot about running home after school!</p>
<p>After the girls had been playing for a while, they saw Ms Soko leave the classroom. ‘Goodbye girls!’ she called, ‘And Happy Spring Day!’</p> <p>‘Oh no!’ Katekani groaned, ‘I forgot all about Spring Day! Let’s go Olwethu – but we will have to be careful!’</p>	<p>I visualise Katekani’s loud groan when she remembers it is Spring Day. She must be thinking about getting drenched!</p>
<p>They began to run home, but Olwethu got tired quickly. ‘I can’t run this far!’ she said, breathing heavily. Katekani looked around nervously. ‘We have to be careful,’ she said. They walked quickly. They didn’t speak at all. Katekani lifted her arms, 'Okay, okay, you've got us!' she laughed. 'At least let us take our bags off.'	I visualise Katekani putting her hands up in the air because she knows she has been caught, and there is nothing she can do!
Once Olwethu and Katekani's bags were off, Kulani and his friends ran towards them. Olwethu and Katekani laughed and screamed as the boys drenched them with water.	I can visualise the water pouring out of the buckets, and Olwethu and Katekani's clothing becoming soaking wet!
'Happy Spring Day!' Kulani said. Everyone began to giggle.	I visualise all of the children standing in their drenched clothing, laughing and laughing.
Follow up questions	Responses
What did Olwethu and Katekani do after school?	They played with their friends outside.
What reminded Katekani that it was Spring Day?	When her teacher left the classroom and said, 'Happy Spring Day,' that reminded her!
Why question	Possible response
Why were Katekani and Olwethu drenched with water?	<ul style="list-style-type: none"> • Because it was Spring Day. • Because it is a Spring Day tradition to pour buckets of water onto people in some places in South Africa. • Because Katekani and Olwethu played with their friends after school instead of running straight home. • Because Katekani's brother, Kulani, loves to get her on Spring Day.
Formulating questions	
<ul style="list-style-type: none"> • Teach the learners one or two simple question words, together with their meanings. For example: what, who. • Next ask learners to think about the story, and to try and formulate their own 'what' or 'who' question. • Tell learners to 'turn and talk' and ask each other their questions. • Ask a few learners to share their questions with the whole class. • Correct any errors with the form or content of the questions. • Praise learners for their efforts and remind them that we must always ask questions about everything that we read or hear.

PURPOSE	Recounting helps young learners to get used to sharing their own opinions, as they must choose the part of the story that they liked best. It also shows if the child understood the story or not.

INSTRUCTIONS

1. Explain that today, learners will give a **recount** of one thing they remember in the story. This means they will say one thing they can remember.
2. Use **modelling** to show learners how to give a short recount of the story, like: Katekani thinks they are safe when she sees her house – but it is right then that her brother and his friends come!
3. Hold up the pictures. Instruct learners to look at the pictures and think about what happened.
4. Instruct learners to think about 1-2 things they can say about the story.
5. Instruct learners to **turn and talk** and share their recount with a partner.
6. Ask 2-3 learners to **share** their ideas with the class. **Help** the learners form a short sentence.
7. Explain and correct any common problems to learners.

 - b. **Which stories did we read together?**
 - c. **What were your favourite new words of the week?**
 - d. **What did you learn from the stories we read?**

Please note: This process of self-review and reflection is a critically important part of learning. Please do not skip this weekly activity.

WEEK 9: TUESDAY: SHARED READING (15 minutes)	
TITLE	<u>Dan has a bad week</u>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	I wonder / Making connections
PURPOSE	<p>By modelling how to think/wonder about a text, we teach learners two things. Firstly, we teach learners that good readers do not just read the words, they always think about what they are reading. Secondly, we show learners the kinds of thoughts that we have about a text. By doing this, we show learners how to think creatively and critically about a text. In time, learners will start to do this for themselves.</p> <p>Making connections helps learners think critically about the feelings and experiences of characters in the text. Learners connect the story to their own lives, and realise that stories are about experiences of people in the real world!</p>
Story	Think aloud: First Read
Poor Dan had a bad week. He woke up late on Monday. He missed the bus and was late for school.	Oh no! I wonder what will happen to Dan when he gets to school?
‘Why are you late, Dan?’ asked his teacher.	I wonder how Dan feels? He didn’t mean to be late!
On Tuesday, Dan woke up very early so that he would not miss the bus again. But poor Dan left his school bag on the bus! When he came into class, he only had his soccer ball.	Oh no! I wonder what was inside Dan’s school bag?

<p>“Where is your school bag, Dan?” asked his teacher.</p>	<p>Oh no! I wonder if Dan had important things inside his school bag?</p>
<p>On Wednesday, Dan woke up on time. ‘I must not forget my bag today,’ he thought, as he got onto the bus. He held onto his bag for the entire bus ride.</p> <p>He rode and rode. But Dan was on the wrong bus! The bus took him to the wrong school.</p>	<p>I wonder how Dan feels when he gets to the wrong school? He is trying to do the right thing but he keeps making mistakes!</p>
<p>‘Where is Dan today?’ asked his teacher.</p>	<p>--</p>
<p>On Thursday, Dan could not find his uniform. ‘We have swimming on Thursday,’ Dan thought.</p> <p>So Dan went to school in his swimming costume.</p>	<p>I wonder what I would do if I couldn’t find my school uniform? If I were Dan, I might not go to school at all! Dan is really trying hard to do the right thing!</p>
<p>‘Where is your uniform, Dan?’ asked his teacher.</p>	<p>If I were Dan, I would be wishing my teacher was happy that I tried so hard to come to school!</p>
<p>On Friday, Dan woke up very early. He had his uniform on, he clutched his bag and he got onto the right bus. He arrived at school so early, it was still dark.</p> <p>‘I finally did everything right!’ thought Dan. But poor Dan was so tired he fell asleep in class.</p>	<p>I wonder if Dan will finally have a good day?</p>
<p>‘Why are you sleeping, Dan?’ asked his teacher.</p>	<p>If I were Dan, I would be wishing my teacher would see how hard I tried to do the right thing!</p>
<p>On Saturday, Dan went to school on time, in his uniform, with his school bag.</p> <p>‘Today I will get it right!’ he thought. ‘I will stay awake all day!’ But when he reached his school, the school gate was locked.</p>	<p>I wonder why Dan is going to school on Saturday? It must be because Dan is trying so hard to do the right thing! If I were Dan, I would want the teacher to see how hard I was trying!</p>
<p>‘Silly me! There is no school on Saturday!’ Dan said.</p>	<p>If I were Dan, I would be wishing my teacher could see how hard I tried to do the right thing. Dan was trying so hard he even tried to come to school on Saturday!</p>

<p>On Sunday, Dan went to his cousin’s birthday party. He was so excited he tripped and fell onto the cake.</p> <p>‘Oh no!’ Dan thought. ‘What a bad week! I hope that next week will be better.’</p>	<p>I wonder if Dan’s next week will be better?</p>

WEEK 9: WEDNESDAY: SHARED READING (10 minutes)

TITLE	<u>Dan has a bad week</u>
ACTIVITY	STORY ILLUSTRATION
PURPOSE	To give learners a chance to summarise and reflect on the text.

INSTRUCTIONS**Modelling:**

1. Explain that today, learners will draw a picture of something important that happens in the story.
2. Use **modelling** to **think before you write**.
3. Use **modelling** to **summarise** the story, like: Dan makes so many silly mistakes!
4. Use **modelling** to draw a picture of your summary.
5. Use **modelling** to add a label to your drawing, like: bad, sad.

Oral Instructions:

1. Tell learners they must think about something important that happens in the story.
2. If needed, support learners by showing the pictures in the Big Book.
3. Remind learners that we **think before we write**.
4. Instruct learners to **turn and talk** and share their ideas with a partner.
5. Call on 2-3 learners to tell you their summary of the story (*learners can point to a picture that shows something important happening if they cannot yet use oral language.*)
6. Explain that learners can try to add a label, like: mistake, silly.

Writing:

1. **Hand out learner books.**
2. As learners write, walk around the room and complete **mini conferences**.
3. Ask learners to tell you about their drawings.
4. Help learners to add a label.
5. Encourage learners!

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils down.
2. Instruct learners to **turn and talk** with a partner about their drawings.

Hang up learner drawings at LEARNER EYE-LEVEL around the room. This helps learners have conversations about the story.

	Story	Think aloud: Second Read
	Poor Dan had a bad week. He woke up late on Monday. He missed the bus and was late for school.	I hate being late! I feel worried when I am late. If I were Dan , I would be worried the whole way to school!
	‘Why are you late, Dan?’ asked his teacher.	If I were Dan , I would feel so embarrassed when my teacher yelled at me in front of the whole class!
	On Tuesday, Dan woke up very early so that he would not miss the bus again. But poor Dan left his school bag on the bus! When he came into class, he only had his soccer ball.	I can make a connection! That is like a few weeks ago, when I left my bag at home! I felt so silly for leaving everything I needed at home!

<p>“Where is your school bag, Dan?” asked his teacher.</p>	<p>If I were Dan, this would make me feel so grumpy. He must already feel bad for leaving his bag, and now his teacher makes him feel worse!</p>
<p>On Wednesday, Dan woke up on time. ‘I must not forget my bag today,’ he thought, as he got onto the bus. He held onto his bag for the entire bus ride.</p> <p>He rode and rode. But Dan was on the wrong bus! The bus took him to the wrong school.</p>	<p>I can make a connection! Once I was on a train and I fell asleep. When I woke up, I had missed my stop. I was in the wrong place! I felt so mad at myself for being in the wrong place!</p>
<p>‘Where is Dan today?’ asked his teacher.</p>	--
<p>On Thursday, Dan could not find his uniform. ‘We have swimming on Thursday,’ Dan thought.</p> <p>So Dan went to school in his swimming costume.</p>	<p>I hate when I can’t find something I need. If I were Dan, I would feel very grumpy when I couldn’t find my uniform!</p>

<p>‘Why are you sleeping, Dan?’ asked his teacher.</p>	<p>Oh no! Dan worked so hard. If I were Dan, I would feel so angry at myself for falling asleep!</p>
<p>On Saturday, Dan went to school on time, in his uniform, with his school bag.</p> <p>‘Today I will get it right!’ he thought. ‘I will stay awake all day!’ But when he reached his school, the school gate was locked.</p>	--

WEEK 10: TUESDAY: SHARED READING (15 minutes)	
TITLE	<u>My name is Buhlebendalo</u>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	Make inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.
Story	Think aloud: First Read
Ever since she was born, everyone in Buhlebendalo’s family called her by her whole, beautiful name: Buhlebendalo. She loved the sound of her name. She loved to say it slowly, syllable-by-syllable. And, she loved to say it quickly. She loved everything about her name!	--
On her first day of school, Buhlebendalo’s teacher told all of the learners to stand at the front of the room. Then, the teacher called each learner one-by-one and showed them where to sit. Taped to each learner’s desk was a name tag. Buhlebendalo couldn’t want to see her whole, beautiful name written on her very own desk.	This is Buhlebendalo’s first time in school. I infer that this is the first time she will ever have her own school desk with her name written on it!

<p>Finally, the teacher called her name. She said it slowly, syllable-by-syllable. Buhlebendalo smiled a big smile and raised her hand.</p> <p>'I'm just going to call you Buhle,' the teacher said, 'your name is very long!'</p> <p>Buhlebendalo didn't want to sound rude, so she didn't say anything.</p>	<p>I wonder why Buhlebendalo didn't correct her teacher? Oh, I infer that it is because she was scared that she might get into trouble for correcting her teacher.</p>
<p>When she sat down at her desk, her name tag said Buhle. It didn't say her whole, beautiful name. Buhlebendalo's smile faded.</p>	<p>--</p>
<p>Later that day, Buhlebendalo's teacher called her to answer a question.</p> <p>'Buhle!' the teacher called.</p> <p>But Buhlebendalo missed her turn, because she didn't realise that the teacher was calling her!</p>	<p>I can infer that the teacher thinks that Buhle and Buhlebendalo are the same name, but to Buhlebendalo, they are very different!</p>
<p>Every day at school, Buhlebendalo missed the sound of her full name. Buhlebendalo thought about correcting her teacher, but she didn't want to sound rude.</p>	<p>I can infer that at school Buhlebendalo is always called Buhle.</p>
<p>A few weeks later, Buhlebendalo brought home her favourite drawing from school to show her mother.</p> <p>'Oh! Why have you changed your name?' asked her mother.</p> <p>'Well I didn't have a choice. My teacher said my name is too long. And I don't want to sound rude!' Buhlebendalo said.</p> <p>'If you <i>want</i> to be called Buhle, that's okay. But if you don't like it, you must tell your teacher. It's not rude! You have the right to be called by your whole, beautiful name!' her mother said. 'I understand that you might be too scared to tell your teacher. I will come speak to her for you.'</p>	<p>I can infer that Buhlebendalo didn't tell her mother about being called Buhle at school. Her mother didn't know!</p>

The next day, Buhlebendalo's mother came with her to school. They got there early. Buhlebendalo went to play with her new friends while her mother went to speak to her teacher.	--
When the bell rang, Buhlebendalo felt scared. 'What if the teacher hates me now?' she worried. But when she walked into the classroom, the teacher smiled at her. 'Good morning, Buhlebendalo,' she said.	I infer that Buhlebendalo's mother spoke to the teacher about calling her by her whole beautiful name, rather than Buhle. Now, her teacher uses the right name!
When Buhlebendalo sat at her desk, her name tag had been replaced. Her new name tag said her whole, beautiful name: Buhlebendalo.	I can infer that from now on, Buhlebendalo will be called by her whole beautiful name at school!
Follow up questions	Possible responses
What did Buhlebendalo wait to see on her desk?	She waited to see her name tag, with her whole, beautiful name written.
What did Buhlebendalo's teacher call her?	She called her Buhle.
Why question	Possible responses
Why was Buhlebendalo disappointed?	<ul style="list-style-type: none"> • Because she thought her whole, beautiful name would be written on her desk. • Because her teacher shortened her name. • Because at school, she wasn't called by her whole, beautiful name.

WEEK 10: THURSDAY: SHARED READING (15 minutes)	
TITLE	<u>My name is Buhlebendalo</u>
ACTIVITY	SECOND READ
COMPREHENSION STRATEGY	Make inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.
Story	Think aloud: Second Read
Ever since she was born, everyone in Buhlebendalo's family called her by her whole, beautiful name: Buhlebendalo. She loved the sound of her name. She loved to say it slowly, syllable-by-syllable. And, she loved to say it quickly. She loved everything about her name!	I remember that in the story, Buhlebendalo's teacher shortened her name. I can infer that her teacher was the first person to do that!
On her first day of school, Buhlebendalo's teacher told all of the learners to stand at the front of the room. Then, the teacher called each learner one-by-one and showed them where to sit. Taped to each learner's desk was a name tag.	I can infer that as she waits, Buhlebendalo is thinking about how her name will look written on her very own desk!
Buhlebendalo couldn't want to see her whole, beautiful name written on her very own desk.	
Finally, the teacher called her name. She said it slowly, syllable-by-syllable. Buhlebendalo smiled a big smile and raised her hand. 'I'm just going to call you Buhle,' the teacher said, 'your name is very long!' Buhlebendalo didn't want to sound rude, so she didn't say anything.	Buhlebendalo must be disappointed, because she loves her beautiful name and her teacher doesn't want to use it!
When she sat down at her desk, her name tag said Buhle. It didn't say her whole, beautiful name. Buhlebendalo's smile faded.	Buhlebendalo must be so disappointed that her name is not written out like she thought it would be!

<p>Later that day, Buhlebendalo’s teacher called her to answer a question.</p> <p>‘Buhle!’ the teacher called.</p> <p>But Buhlebendalo missed her turn, because she didn’t realise that the teacher was calling her!</p>	
<p>Every day at school, Buhlebendalo missed the sound of her full name. Buhlebendalo thought about correcting her teacher, but she didn’t want to sound rude.</p>	<p>I can infer that she misses being at home, where everyone called her by her whole beautiful name.</p>
<p>A few weeks later, Buhlebendalo brought home her favourite drawing from school to show her mother.</p> <p>‘Oh! Why have you changed your name?’ asked her mother.</p> <p>‘Well I didn’t have a choice. My teacher said my name is too long. And I don’t want to sound rude!’ Buhlebendalo said.</p> <p>‘If you <i>want</i> to be called Buhle, that’s okay. But if you don’t like it, you must tell your teacher. It’s not rude! You have the right to be called by your whole, beautiful name!’ her mother said. ‘I understand that you might be too scared to tell your teacher. I will come speak to her for you.’</p>	<p>Buhlebendalo’s mother inferred that she was scared to correct her teacher.</p>
<p>The next day, Buhlebendalo’s mother came with her to school. They got there early. Buhlebendalo went to play with her new friends while her mother went to speak to her teacher.</p>	<p>I can infer that Buhlebendalo feels scared to be there while her mother talks to her teacher.</p>
<p>When the bell rang, Buhlebendalo felt scared. ‘What if the teacher hates me now?’ she worried. But when she walked into the classroom, the teacher smiled at her.</p> <p>‘Good morning, Buhlebendalo,’ she said.</p>	<p>I infer that Buhlebendalo never said anything to her teacher, because she was worried it might make her teacher dislike her.</p>
<p>When Buhlebendalo sat at her desk, her name tag had been replaced. Her new name tag said her whole, beautiful name: Buhlebendalo.</p>	<p>--</p>

Follow up questions	Possible responses
Why did Buhlebendalo's teacher call her Buhle?	Because she said that her name was too long.
How did Buhlebendalo's mother infer that she felt?	She inferred that she felt too scared to talk to her teacher.
Why question	Possible responses
Why did Buhlebendalo's teacher replace her name tag at the end of the story?	<ul style="list-style-type: none"> • Because Buhlebendalo's mother went to talk to her teacher. • Because the teacher realized that she preferred to be called Buhlebendalo rather than Buhle. • Because the teacher had written the wrong name, and she had to fix it!
Formulating questions	
<ul style="list-style-type: none"> • Teach the learners one or two simple question words, together with their meanings. For example: what, who. • Next ask learners to think about the story, and to try and formulate their own 'what' or 'who' question. • Tell learners to 'turn and talk' and ask each other their questions. • Ask a few learners to share their questions with the whole class. • Correct any errors with the form or content of the questions. • Praise learners for their efforts and remind them that we must always ask questions about everything that we read or hear.
