ITEM	QUANTITY	NOTES
Term 4 Lesson Plan	1	Use this lesson plan to see what to teach on a daily basis. The core methodologies included tell you how to teach each lesson.
Term 4 Tracker	1	Use this document to complete your ATP and Term Planner. Tick off and date each activity as it is done. Reflect on your teaching. Your Programme of Assessment can be found at the back of the Tracker.
Term 4 Big Book	1	Use the big book stories during Shared Reading lessons. There are 4 stories for the term – one story per cycle.
Term 4 Resource Pack	1	All flashcard words and theme word illustrations are included in the Resource Pack. Cut them up and store them in an orderly fashion. You will use these resources with the display boards.
Term 4 Worksheet Pack	8 Worksheets	In this pack there is one worksheet per week to be used during group guided reading. Please make additional copies if required, so that every learner has access to a worksheet. Train learners to keep these worksheets in a plastic sleeve, so that you can collect and reuse them.

All resources are available for download from the NECT website: www.nect.org.za

Weekly Routine

1. The learning programme follows the same routine every week.
 - This makes it easy for teachers and learners to follow.
 - Learners can prepare for the next activity once they know the routine.
2. The routine is based on the CAPS maximum time for EFAL: 4 hours per week.
3. Please display this routine in your classroom and try to learn it off by heart!

Daily Activities

These are the oral activities that you will do at the start of the EFAL lesson on Monday, Wednesday and Friday. These are the listening and speaking activities of the programme. They are carefully designed to give learners individual opportunities to speak.

Daily Activities: Greetings

1. The greeting part of the daily activities should be very brief (1 to 2 minutes only).
2. Use common English phrases to welcome and greet different children every morning.
3. Each child should respond and greet you back. For example:
 - a) *Greeting 1: Hello, (child's name). How are you this morning?*
 - b) *Response 1: Hello, Teacher. I am fine, thank you. How are you?*
 - c) *Greeting 2: Good morning, (child's name). How are you today?*
 - d) *Response 2: Good morning, Teacher. I am well, thank you. How are you?*
4. This establishes a ROUTINE. The learners soon know that the English lesson begins every day after the greeting.

Daily Activities: Song / Rhyme / Finger Play

1. The specific song, rhyme or finger play which you are to do with the learners is listed in the lesson plan.
2. Over time, the learners will get to know these songs and finger plays, and they will sing them automatically.
3. However, when they are first introduced, you need to teach learners the words, action and tune (if there is one).
4. On Monday teach the song, rhyme or finger play to the learners, line-by-line as follows:
 - a. Sing or say the song, rhyme or finger play, and then explain the meaning of it to learners, using code-switching if necessary.
 - b. Sing or say the first line, and then let learners repeat after you.
 - c. Sing or say the second line, and then let learners repeat after you.
 - d. Sing or say the first two lines together, and then let learners repeat after you.
 - e. Continue on in this manner until you have taught learners the whole song or rhyme.
5. For the rest of the week, repeat the song, rhyme or finger play with the learners.
6. Always include appropriate actions with the song or rhyme.
7. Let the children request to sing their favourite songs, rhymes or finger plays at the end of the day – this is a fun way of reinforcing the new language that they have learnt.

Daily Activities: Theme Vocabulary

1. Every time you do Daily Activities, you will teach new theme vocabulary words to learners, just before the Question of the Day.
2. Use the methodology 'PATS' to teach new vocabulary.
3. PATS is an acronym for Point, Act, Tell and Say.

4. It is not always possible to do all four actions for each theme word – just do what is appropriate.
 - a. P - POINT to a picture or real item, if possible.
 - b. A - ACT out the theme word, if possible.
 - c. T - TELL learners what the theme word means. This could either be code-switching, where you give the meaning of the word in the home language, or it could be a simple explanation of the word.
 - d. S - SAY the word in a sentence, and have the learners repeat the word after you.
5. Once you have taught the theme vocabulary for the week, display the words on the yellow display board.

Daily Activities: The Question of the Day

Every day after the new vocabulary words are introduced, learners use these new words to answer a question. This method of vocabulary introduction ensures that learners interact with each new theme vocabulary word. This activity creates a context for learners to think about, discuss, and answer questions using new vocabulary words.

The purpose of the question of the day:

1. The question of the day reinforces new theme vocabulary for learners.
2. It helps learners to use and repeat the target vocabulary words in complete oral sentences.
3. It creates regular opportunities for learners to hear and speak simple English in a real context.
4. It requires listening, thinking, doing, speaking and seeing, which activates learners' total physical response.
5. The question of the day asks learners an opinion based question (there is no right or wrong answer) or a prediction type question, or a question about what they know or like. These types of questions allow learners to interact with new words without the fear or stress of making a mistake.

Getting ready for the question of the day:

1. If you have a large class, divide them into groups for the Question of the Day. Then, call only one group per day to answer the question. For example, if you are a Grade 3 teacher, you could divide your class into 6 groups:
 - a. On Week 1 Mondays, Group 1 will answer
 - b. On Week 1 Wednesdays, Group 2 will answer
 - c. On Week 1 Fridays, Group 3 will answer
 - d. On Week 2 Mondays, Group 4 will answer
 - e. On Week 2 Wednesdays, Group 5 will answer
 - f. On Week 2 Fridays, Group 6 will answer
2. Write the question of the day on the chalkboard before the lesson begins.

1. Draw a two or three column graph below the question of the day, and fill in the options.
2. Label each column with an answer word.
3. Draw or display matching pictures where possible.

For example:

Question of the day: **Who do you have the most fun with?**

my family	my friends	my teacher

Filling out the graph:

Modelling:

1. Read the question out loud to the learners.
2. Point to and read the options from which learners may choose.
3. Explain which option you prefer.
4. Write your vote in the correct column by drawing an X.

Learners:

1. Give learners a few seconds to think about which option they will choose.
2. Call a group to come up to the chalkboard to write their answers onto the graph. It is important that you choose a system for this, and that it is always the same so that the learners get used to the routine.
3. Learners line up at the chalkboard.
4. Learners draw their cross on the graph.
5. Once learners have added their response, they return quietly to their seats.
6. As learners answer on the graph, you should repeat their answers so that they hear their choices articulated, with the vocabulary words repeated many times. For example, encourage dialogue, such as:

*Teacher: Pretty, who do **you** have the most fun with?*

*Pretty: **I** have the most fun with my teacher.*

*Teacher: **She** has the most fun with her teacher.*

(For African language speakers learning English, pronouns are a particularly difficult language feature to learn. For this reason, it is important to model the correct use of pronouns for learners, whenever possible. The question of the day gives teachers an opportunity to do this authentically and in context.)

7. Once learners have added their response, they return quietly to their seats.

Discussing the question of the day:

1. Together with the learners count aloud the number of crosses in each column.
2. Write the total number at the bottom of each column.
3. Ask learners to identify which fruit was liked the most.
4. Ask individual learners the questions provided in the weekly lesson plans. You can help learners here by using modelling to answer the questions before you ask the learners. For example if the question is “Who do you have the most fun with?” You could say:
 - I have the most fun with my friends.
 - I see that 6 learners have the most fun with their friends.
 - If you have the most fun with your friends, raise your hand. (*Instruct learners to raise their hands*)
 - Peter, who do you have the most fun with? (*Ask individual learners*)

Daily Activities: Sight Words and Orthographic Mapping

1. In the last few minutes of each oral lesson, teach or revise the sight words for the week.
2. To help learners read more fluently, there are some words that they must practice reading, until they can read them with automaticity by sight.
3. Some of these words require learners to have more complex phonic knowledge to figure out or decode.
4. Teach learners the sight words as follows:
 - a. Hold up the first flashcard.
 - b. Read the word for learners.
 - c. Then, say each sound in the word, pointing to the sound as you say it.
 - d. If possible, blend the sounds together to form the word.
 - e. If the sounds are irregular, and you cannot blend them together to form the word, explain this to learners.
 - f. In this case, help learners to remember the order of the sounds in the word.
5. Once learners know the sight words, revise sight words as follows:
 - a. Hold up a flashcard, and ask a learner to read it.
 - b. If the learner cannot read the word, go through the sounds in the words again, and remind the learner what the word says.
 - c. Repeat this process with all the sight words for the week.
 - d. Remember to ask different learners to read the sight words.
 - e. Display the sight words in your classroom.

Shared Reading with Comprehension Strategies

In Grade 3, a new story is read every second week.

Shared Reading is done as follows:

- Week 1 Tuesday: Pre-Read
- Week 1 Thursday: First Read
- Week 2 Tuesday: Second Read
- Week 2 Thursday: Post-Read

For these Shared Reading sessions, make sure all learners are settled and can clearly see the big book pictures. Remind learners of your expectations during shared reading time, such as:

1. Sit comfortably and STILL.
2. Keep your HANDS in your laps.
3. Keep your EYES and thoughts on the story.
4. Turn your VOICES off (*make a gesture showing zipped lips*).

The main purposes of Shared Reading in this programme are as follows:

- a. The learners experience what it is like to read an entire story that is more complex than they are able to read alone. Because learners are not worried about the technical part of reading, they can focus on the storyline and the characters. The learners can also enjoy the stories, and develop a love for reading.
- b. As the teacher reads the story aloud, she incidentally models certain reading skills: she reads from the first to the last page; she reads from the top of the page to the bottom; she reads from left to right; she responds to punctuation marks; she reads fluently and at a good pace; and she reads with expression, which adds to the meaning of the text. Learners incidentally learn many skills by observing a fluent reader.
- c. As the teacher reads, she embeds meaning by: pointing to a part of the picture; by using a gesture or action; and by adding expression to her voice. The teacher also explicitly adds meaning, by stopping to explain a word or phrase. By listening to the teacher and watching her, the learners are acquiring new language skills.
- d. Then, very importantly, during Shared Reading, the teacher must teach the learners how to think about a story, and how to build their understanding of a story. In this programme, we have chosen to build comprehension skills by modelling and teaching different comprehension strategies. The following comprehension strategies are used:
 1. Predict
 2. Visualise
 3. Search the text
 4. Summarise
 5. Think about the text (wonder)
 6. Make connections
 7. Make inferences
 8. Make evaluations

Comprehension strategies

The table below provides information on each strategy.

Strategy 1: Predict	
Explanation	When learners predict, they say what they <u>think</u> will happen in a story. Learners can predict what will happen by looking at the pictures in a book. They can also predict what will happen next after they have read a page of the text. Finally, learners can predict how they think the story might end.
Purpose	By getting learners to predict, you are getting them to think about the story before they have even read it. Learners must use clues to try and work out who the characters are, and what main events will take place. By predicting, learners are developing their comprehension skills by thinking about the story.
Steps <i>(For predicting with pictures)</i>	<ol style="list-style-type: none"> 1. Look at the picture. 2. Ask learners: What do you think is happening here? 3. Let learners think about the question. 4. If learners cannot answer, give an example answer to the question.
Examples <i>(For predicting with pictures)</i>	<ol style="list-style-type: none"> 1. What do you think is happening here? 2. How do you think this character feels? Why? 3. What do you think you will see in the next picture?
Steps <i>(For predicting with text)</i>	<ol style="list-style-type: none"> 1. Read a page of text. 2. Ask learners: What do you think happens next? 3. Let learners think about the question. 4. If learners cannot answer, give an example answer to the question.
Examples <i>(For predicting with text)</i>	<ol style="list-style-type: none"> 1. What do you think happens next? 2. What do you think this character does next? 3. How do you think this story ends?

Strategy 2: Visualise	
Explanation	When learners visualise, they must think about what is happening in the story like a scene from a movie. They must try to see the story in their minds as it happens.
Purpose	Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole, rather than just page by page. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Say: Now we are going to visualise the story as if we were watching a movie. 3. Instruct learners to close their eyes. Explain that learners must listen to the words and make a movie in their mind. 4. Read the text again. 5. Tell learners what you visualised. (Model the skill.) 6. Ask learners: What did you see? (What happened in your movie?) 7. Listen to and discuss learner answers. Make sure learners' answers are relevant to what is happening in the story.
Examples	<ol style="list-style-type: none"> 1. I visualised when Joe won the race. I could see the sweat coming off his head and flying everywhere. I could see his eyes focussed on the finish line, and his body working as hard as it could. 2. What did you visualise? What happened in your movie?

Strategy 3: Search the text	
Explanation	<i>Search the text</i> questions are the most basic type of comprehension questions. These questions ask learner to think about or look at the words on the page, and to recall information.
Purpose	These questions are a basic check for understanding of the words on the page.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners a question about the information in the text, like: Who did Joe want to beat in the race? 3. Let learners answer the question. 4. NOTE: There is only one correct answer to this type of question. If the learner answers the question incorrectly, you must read the sentence with the correct answer out loud and/or point to the picture for support. Then, give the correct answer to the question. It is important that the learner knows if their answer was incorrect, and that they hear the correct answer.
Examples	<p>These kind of questions usually begin with:</p> <ul style="list-style-type: none"> • Who? • What? • When? • Where? <p>For example:</p> <ol style="list-style-type: none"> 1. Who did Joe want to beat in the race? 2. What did Joe do before the race? 3. When did Joe train for the race? 4. Where was the race being held?

Strategy 4: Summarise	
Explanation	When learners summarise, they think about the most important points in a text. They explain the main points in a few, concise sentences. Summarising can be done orally or in writing.
Purpose	Summarising shows that the learner has understood the main points of the story. Asking learners to summarise or retell the main points of a story is the best way to check their understanding.
Steps	<ol style="list-style-type: none"> 1. Read the text. 2. Remind learners: When we summarise, we think of the most important parts of a story. 3. Explain: Today we will summarise the story we just read. That means we will explain what happened in the story in a few sentences. 4. Give learners a minute to think about the story. 5. Instruct learners to turn and talk and tell their summary to a friend (oral recount). 6. Next, instruct learners to write their summary down.
Examples	<p>Story: Joe wins the race</p> <p><u>Learners should summarise the story into a few sentences as follows:</u></p> <ol style="list-style-type: none"> 1. Sizwe always won everything at school. 2. The school was holding a big cross country race. 3. Joe trained every day after school when he ran home. 4. Joe beat Sizwe in the race. 5. Everyone was happy for Joe.

Strategy 5: Think about the text (Wonder)	
Explanation	When the teacher wonders, the teacher thinks out loud about the text. She lets the learners hear what she is thinking about the text.
Purpose	By modelling how to think/wonder about a text, we teach learners two things. Firstly, we teach learners that good readers do not just read the words, they always think about what they are reading. Secondly, we show learners the kinds of thoughts that we have about a text. By doing this, we show learners how to think creatively and critically about a text. In time, learners will start to do this for themselves.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Think of a question or idea that a fluent reader might have about the text. (Ideas have been provided in the Read One and Read Two columns in the lesson plans.) 3. Say: I see / I notice ... 4. Say: I wonder ... 5. Let learners think about the question. 6. Give a sample answer to the question. 7. Learners do not need to answer the question.
Example	<u>I see</u> that Sizwe laughed at Joe when he entered the race. <u>I wonder</u> if this will upset Joe?

Strategy 6: Make connections	
Explanation	When learners <i>make connections</i> , they compare the story to their own lives, or to another text. Sometimes, they think about how something from the story is like something in their own lives. Sometimes, these questions ask learners to think about what they would have done if they were in the story. Sometimes, learners must connect the character's feelings and actions to those of characters in other stories they have read.
Purpose	These kinds of questions help learners relate to the story and make good guesses about feelings and personal experiences. This helps learners to develop empathy and understanding for the feelings and experiences of other people.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners a question, like: When was a time that you wanted to win something, like Joe? 3. Use modelling to give a sample answer, like: When Joe wanted to win the race, it reminded me of how I used to compete with my sister at school. She always got top marks for everything, and my parents were so proud. I wanted my parents to feel proud of me too.
Examples	<ol style="list-style-type: none"> 1. How does this remind you of your own life? 2. Tell me about a time when something similar happened to you. 3. If you were Joe, what do you think you would have done when Sizwe laughed at you? 4. How do you think Sizwe felt when Joe beat him? 5. Which other character does this remind you of?

Strategy 7: Make inferences	
Explanation	<p>Making an inference involves using what you know to make a good guess about what you don't know. This is what is meant by 'reading between the lines'. When learners make an inference, they make a good guess about something using what they have read together with their own experiences and knowledge.</p> <p>Sometimes, the author does not write down every single detail of the story. The author leaves parts of the story unfinished, so readers can work it out for themselves.</p>
Purpose	<p>Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Learners may miss important information if they do not know how to make appropriate inferences.</p>
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners: What do you know about this? What does the text say? 3. Ask learners: What else can we guess about this? Is there something that the text does not say? 4. Listen to and discuss learners' answers. Make sure learners' answers are logical. 5. If learners struggle, give them an example of an inference. Use the following sentence frame to help: Based on ... I think ...
Example	<p>Text:</p> <p>My brother applied to go to University. I came home and saw my brother holding a letter and smiling. My mother was crying, and laughing and hugging him.</p> <p>Inference:</p> <p>Based on the fact that my brother applied to go to university, and that he is holding a letter looking very happy, we guess that his application was successful.</p>

Strategy 8: Make Evaluations	
Explanation	When we evaluate a text, we make a judgement about an aspect of the text.
Purpose	Learners must be taught that they must always evaluate what they read, and must be able to support or justify their evaluations.
Steps	<ol style="list-style-type: none"> 1. Read the text on the page. 2. Ask learners an evaluation question, and ask them to support their answer. For example: Do you think x did the right thing? Why or why not? 3. Listen to and discuss learners' answers. Make sure learners' answers are logical. 4. If learners struggle, share your own evaluation as an example: I think x did the right thing because x
Example	<p>Some evaluation questions start with:</p> <ol style="list-style-type: none"> 1. Do you think... 2. Do you agree with... 3. In your view... 4. Did you like...

Below is a description of the core methodology of each of the Shared Reading lessons: Pre-Read; First Read; Second Read; and Post-Read. Read these descriptions to get a clear understanding of the flow of each lesson.

Shared Reading: Pre-Read

Comprehension Strategy: Predict

In the Pre-Read, we build comprehension skills by getting learners to think about the story before it is read to them.

1. Tell learners that today they will look at the pictures in the story, and think about the story.
2. Tell learners that, based on what they see, they will make predictions about the story. This means they will use the pictures to try and guess what the story is about.
3. Explain to learners that they must not think of each picture on its own. They must think about how the pictures relate to each other. They must connect all the pictures to each other to try and work out what the entire story is about.
4. Show learners the cover of the story and read the title aloud.
5. Ask learners: What do you think will happen in this story?
6. Next, look at each picture in the story, and as you look, ask learners:
 - a. What do you see in this picture?
 - b. What do you think is happening here?
 - c. What do you think might happen next?
7. If learners forget to connect the different pictures, prompt them to do this. For example: 'Can you remember what this boy was doing in the last picture? What is he doing now? What do you think is happening?'
8. When you get to the last picture, ask learners: How do you think this story will end (if appropriate)?
9. Thank learners for their predictions.
10. If you have time, read through the story once without stopping.

Shared Reading: First Read

Comprehension Strategy: The strategy that must be used is identified in the lesson plan.

In the First Read, we first build comprehension skills by reading and explaining the story to learners. We also model how to think about the story.

- Before reading, tell the class what you are going to do. Say something like: *'Class, it is time for Shared Reading. Remember, whenever we read or listen to a story, it is important to always think about the story. Today, I am going to show you how I think about the story. I am going to do this by (for example) visualising what happens in the story.. This means that as I read, I will make a movie of the story in my mind.'*
1. Read each page of the story fluently and clearly. As you read, use gestures, actions and facial expressions, and change tone of voice (expression) to enhance meaning.
 2. Where necessary, stop and explain a word or phrase to learners. If you need to code switch, you may do so. This gives learners a clear understanding of the story.
 3. At the same time, during the First Read, we also focus on modelling and teaching a comprehension strategy to learners.
 4. At the end of each page you will see two coloured blocks, numbered 1 and 2.
 5. Once you have read and explained the page to learners, pause and show that you are thinking. Then, read or say the text in block 1. By doing this, you are modelling how to think about the story. It is important that you understand what you are saying – if it does not make sense to you, it will not make sense to your learners.
 6. On the last page of the story, there are a few questions in block 1.
 7. Ask different learners to answer the questions.
 8. Show learners that there can be more than one correct answer to a question, and that learners may have different opinions.

Shared Reading: Second Read

Comprehension Strategy: *The strategy that must be used is identified in the lesson plan.*

In the Second Read, we continue to build comprehension skills by reading the story to learners, and by modelling how to think about the story.

- Once again, tell the class what you are going to do. Say something like: *'Class, it is time for Shared Reading. Remember, whenever we read or listen to a story, it is important to always think about the story. Today, I am going to show you how I think about the story. I am going to do this by (for example) visualising what happens in the story.. This means that as I read, I will make a movie of the story in my mind.'*
1. Next, read each page of the story fluently and clearly. As you read, use gestures, actions and facial expressions, and change tone of voice (expression) to enhance meaning.
 2. This time, try to avoid code switching.
 3. At the same time, during the Second Read, you will model how to think about the story.
 4. At the end of each page you will see two coloured blocks, numbered 1 and 2.
 5. Once you have read and explained the page to learners, pause and show that you are thinking. Then, read or say the text in block 2. By doing this, you are modelling how to think about the story. It is important that you understand what you are saying – if it does not make sense to you, it will not make sense to your learners.
 6. On the last page of the story, there are a few questions in block 2.
 7. Ask different learners to answer the questions.
 8. Show learners that there can be more than one correct answer to a question, and that learners may have different opinions.

Shared Reading: Post-Read

The purpose of the Post-Read activity is to give learners an opportunity to consolidate their understanding of the story, and to practise using the new language that they have learnt.

In Grade 3 during the post-read, you will do one of the following activities:

- Act out the story
- Recount the story
- Illustrate the story
- Written comprehension

Act out the story (oral activity)

1. Settle the learners on the carpet, or in a quiet space outside.
2. Tell learners that today they will act out parts of the story that they have read.
3. Hold up the big book. Read the first page.
4. Give learners the instruction of what to act out. (in lesson plan)
5. Act out the instruction with learners.
6. Repeat with every page.
7. Train learners to respond to a signal that they should be quiet and listen as you read a page between actions.

Recount the story (oral activity)

1. Settle the learners so that you have their attention.
2. Follow the steps in the lesson plan to recount the story with learners.
3. First, you will model recounting something from the story.
4. Next, you will tell learners to think of something from the story – they should not copy your recount.
5. Then, learners will TURN AND TALK and share their recount with a partner.
6. Finally, you will call on a few learners to share their recounts with the class.

Illustrate the Story (written activity)

Modelling

1. Begin by modelling the activity for learners.
2. Explain that today, learners will draw their **favourite** part of the story.
3. Use **modelling** to **think before you write**.
4. Use **modelling** to **explain** your favourite part of the story.
5. Use **modelling** to draw a picture of the part of the story you like best.
6. Use **modelling** to add a label to your drawing.

Oral Instructions:

1. Tell learners they must choose their **favourite** part of the story.
2. Hold up the pictures in the story for all the learners to see.
3. Remind learners that we **think before we write**.
4. Instruct learners to decide which part of the story they will write about.
5. Call on 2-3 learners to tell you their favourite part of the story. (*Learners can point to the picture that they like best if they cannot yet use English words.*)
6. Explain that learners can try to add a label.

Writing:

1. **Hand out learner books.**
2. As learners write, walk around the room and complete **mini conferences**.
3. Ask learners to tell you about their drawings.
4. Help learners to add a label.
5. Encourage learners!

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils down.
2. Instruct learners to **turn and talk** with a partner about their drawings.

Hang up learner drawings at LEARNER EYE-LEVEL around the room. This helps learners have conversations about the story.

Written comprehension (written activity)

1. Before the lesson, write the title of the story as a heading on the chalkboard.
2. Next, write the comprehension questions on the chalkboard.
3. Instruct learners to open their exercise books and write the heading.
4. Tell learners that today, they are going to think about and write the answers to these questions.
5. Read through the questions with learners, and explain if required.
6. Tell learners they do not need to write down the questions, only the answers.
7. Walk around with the Big Book, and help learners who struggle.
8. In the last two minutes, go through the answers with learners, and allow them to correct their own work.

Phonemic Awareness and Phonics

You will need to master three phonemic awareness and phonic activities for use in Grade 3.

Monday example lesson and purpose

INTRODUCE THE SOUND AND WORDS

1. Say the sound and hold up the flashcard **/sh-/** for learners to see.
2. Say the sound and instruct learners to repeat the sound. Do this three times.
3. Explain that when we see the letters **s** and **h** together in a word, we must not say the sounds separately. We must say one sound: **/sh-/**
4. Say each word loudly and clearly as you show the flashcard: **ship, shop, shut, shed, shell, shack, shock, shall**
5. Ask learners to repeat each word after you.
6. Stick up the flashcards on the Phonics Display Board.

ship	shell
shop	shack
shut	shock
shed	shall

PURPOSE OF THE ACTIVITY

- Learners must make the connection between written letters and spoken sounds. Showing the letter and saying the sound helps learners make this connection.
- Learners must understand that written letters can have more than one sound. Learners must learn to distinguish between sounds in English and in the home language.
- Learners must learn to hear and see patterns in words. This helps learners write and read new words more easily.

Wednesday example lesson and purpose

SEGMENTING AND BLENDING (I DO)

1. Say the word **ship**
2. Segment the word into the individual sounds: /sh/ - /i/ - /p/
3. Say the beginning sound of the word: /sh/
4. Say the middle sound of the word: /i/
5. Say the end sound of the word: /p/
6. Write the word on the board: **ship**
7. Model pointing and blending the sounds to make a word: /sh/ - /i/ - /p/ = **ship**
8. Remind learners that in English, when **s** and **h** are together in a word they must be read together as one sound: /sh/
9. Repeat this with the word **shut**

SEGMENTING AND BLENDING (WE DO)

1. Say the word **shell**
2. Ask learners: What is the first sound in the word? /sh/
3. Ask learners: What is the middle sound in the word? /e/
4. Ask learners: What is the last sound in the word? /ll/
5. Ask learners to segment the word into each individual sound: /sh/ - /e/ - /ll/
6. Write the word: **shell**
7. Instruct learners to blend the sounds in the word with you: /sh/ - /e/ - /ll/ = **shell**
8. Repeat this with the word **shock**

SEGMENTING AND BLENDING (YOU DO)

1. Instruct learners to take out their exercise books.
2. Instruct learners to write the heading: **sh- words**.
3. Instruct learners to write the numbers 1-8.
4. *Make sure the flashcard words are covered. Learners must **not** copy the words from the board.*
5. Say each of the following words. Instruct learners to write the word in their books.

ship	shop	shut	shed	shell	shack	shock	shall
------	------	------	------	-------	-------	-------	-------

6. Uncover the Phonics Display Board. Instruct learners to check their words against the flashcard words on the Phonics Display Board.
7. Instruct learners to practise reading the phonic words for **homework**.

PURPOSE OF THE ACTIVITY

- Learners must understand that words are made up of distinct sounds. These sounds can be put together (blended) or taken apart (segmented).
- Learners must be able to hear and isolate the sounds in words.
- Learners must be able to blend the sounds they hear into a full word. Children can often segment a word (point to and say the individual sounds in a word) but have trouble putting the sounds back together to make a full word. Blending is a critical skill for children to be able to decode words.

Friday example lesson and purpose

BEGINNING SOUND

1. Model isolating the beginning sound for learners. Say:
 - /c/ - ash (cash)
 - /fl/ - ash (flash)
2. Say another two words that begin with different sounds, like: mash and bash.
3. Ask learners to identify the word that begin /b/ - (bash).
4. Repeat with different pairs of words.

LETTER SWAP

1. Say the word: rash
2. Identify the beginning sound. /r/ - ash. Ask what is left (-ash).
3. Swap the first sound and ask learners what word this makes. /tr/ -ash = trash
4. Do this orally and in writing.
5. Ask learners to think of other words that end the same (rhyme).

INFORMAL ASSESSMENT

1. Instruct learners to take out their exercise books.
2. Instruct learners to write the heading: **-ash words**.
3. Instruct learners to write numbers 1-4 and to write down the following words as you say them:

cash	flash	rash	trash
------	-------	------	-------

PURPOSE OF THE ACTIVITY

- Learners must understand that words are made up of distinct sounds. These sounds can be put together (blended) or taken apart (segmented).
- Learners must be able to hear and isolate the sounds in words.
- Learners must recognise patterns in speech and in written language. Recognising patterns helps learners to decode more quickly and effectively. Manipulating (changing) sounds and letters in words help practise seeing and hearing patterns in words.

Group Guided Reading

It is very important that you listen to every learner read individually, at least once per week.

What to do with the rest of the class:

1. Before you begin the group guided reading session with a group, you must first settle the rest of the class with their exercise books and decodable Reading Worksheets.
2. Make sure the worksheets are protected, by using flip files or plastic sleeves.
3. Train learners on the routine of Group Guided Reading as follows:
 - a. Settle the class with their reading worksheets
 - b. Explain the worksheet activity that must be completed
 - c. Call a group to read for you
- d. Once you have listened to every learner in the group, send the group back to their seats
4. It is a good idea to seat a weaker reader next to a stronger reader, so that as learners read the worksheets, some peer tutoring can take place.

Structure of the Reading Worksheets:

1. Each weekly worksheet consists of 5 activities. There are 5 group guided reading sessions per week, so learners must complete one activity per group guided reading session.
2. However, learners who finish before the end of the session must be allowed to select another book or text for independent reading.
3. Try to build a class library for this purpose.
4. **Icons remind the learners of what to do on each day:**
 - a. The mouth reminds learners to sound out words.
 - b. The eye reminds learners that they must read these words by sight.
 - c. The single child reminds learners to read on their own.
 - d. The two children remind learners to read with a partner.
 - e. The hand holding a pen reminds learners that they must draw or write.
5. A master list of all phonic and sight words taught is kept. New stories are structured using the phonic and sight words of the week, and by including phonic and sight words that were previously taught. This means that learners never encounter words on the worksheet that they have not seen before.

Assigning groups and text selection for Group Guided Reading:

1. In the first two weeks of school, listen to every learner read individually.
2. Use the rubric below to sort learners according to their abilities.
3. Assign learners to same-ability groups.
4. In this programme, there are 5 slots per week to listen to reading. This means that you should ideally form 5 groups.
5. In your Tracker you will find a form to fill in the names of learners per group, and a table that allows you to keep track of what each group has read.
6. **Please note:** this rubric divides learners based on their technical reading skills.
7. If there are many learners at the same level, you may want to use reading comprehension as a further way to divide the group.

8. In a class of 40 learners, there may be:

- No full group at level 1, only a few individual learners
- 1 group at level 2
- 2 groups at level 3
- 1 group at level 4
- No full group at level 5, only a few individual learners

I think this learner reads at: Level 1	I think this learner reads at: Level 2	I think this learner reads at: Level 3	I think this learner reads at: Level 4	I think this learner reads at: Level 5
<ul style="list-style-type: none"> • This learner knows no or very few words. • This learner does not seem to recognise many letter-sound relationships. 	<ul style="list-style-type: none"> • This learner knows just a few common words. • This learner does not seem to recognise some letter-sound relationships, OR this learners needs a lot of help to read previously unseen words. 	<ul style="list-style-type: none"> • This learner knows many common words. • This learner needs help to decode previously unseen words. 	<ul style="list-style-type: none"> • This learner knows many common words and can decode most previously unseen words. • This learner occasionally needs help to decode more challenging words. • This learner reads with some fluency. 	<ul style="list-style-type: none"> • This learner knows many common words. • This learner can decode previously unseen words. • This learner reads with fluency and expression. • This is one of the best readers in the class.

What to do with each group during Group Guided Reading:

1. Call a group to read to you.
2. Select a text to read with the group – IF YOU HAVE A SERIES OF GRADED READERS, PLEASE MAKE USE OF THIS.
 - a. Make sure that learners all have the correct text.
 - b. Seat the group in a circle.
 - c. Remind learners of the sight words they have learnt for the week. Show the group the flashcards of these words and practice reading them.
 - d. Next, give learners a few minutes to read part of the text independently and in silence.
 - e. Then, ask each learner to read part of the text aloud, on his or her own.
3. During group guided reading, it is important to remember to:
 - a. **Point out the sight words.** Remind learners that there are some words that we cannot sound out, so we must learn to read them by sight.
 - b. **Build decoding skills.** If a learner cannot read a word, do not just help the learner with the word straight away. Rather, encourage the learner to sound the word out, and then blend the sounds together to form the word.

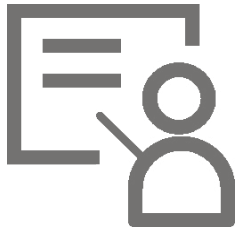

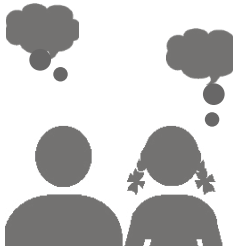

- c. **Praise and encourage learners.** Make group guided learning a positive experience for learners and use this time to try and build learners' confidence.
- d. **Build reading fluency.** Help learners to improve the fluency of their reading. Tell learners that their reading should sound like they are talking. Model reading fluency for learners and let them repeat after you.
- e. **Build reading comprehension.** Tell learners that they must always think about what they are reading. Teach learners to pause, go back, and reread what they have read if they lose track of the meaning. Teach learners to visualise as they read – to build a movie in their heads of what they are reading. Teach learners to try and remember what they have read. Also encourage learners to ask if they do not understand something.

Care of the Reading Worksheets:

1. It is a good idea to put the worksheets into flip files or plastic sleeves when learners use them.
2. Look after these worksheets carefully and store them properly once they have been used.
3. You should be able to use the same worksheets for many years, as learners do not write on them. Instead, they write in their exercise books.

Writing Strategies

1. Follow the lesson plans to complete the writing task for each week.
2. In the lesson plans, you will notice that the same routine is always followed. This is to help learners, so that they know what to expect in writing lessons. This helps to build confidence.
3. You will also notice that different strategies are slowly taught to learners so they are able to successfully complete sentence frames.
4. The aim is for learners to eventually use these strategies automatically.
5. These strategies help learners feel confident about their writing by showing them that there is a series of steps to follow when they write.

STRATEGY 1: TEACHER MODELS WRITING FIRST	
<ol style="list-style-type: none"> a. The teacher first demonstrates the task to the class (she shows the class exactly what they are going to do). b. By watching the teacher, the learners have a clear idea of the task. 	
STRATEGY 2: WRITERS THINK BEFORE THEY WRITE	
<ol style="list-style-type: none"> a. Writing is the act of putting thoughts onto paper. b. This means that writers must think first and decide what to write about before writing. c. It also means that there are no correct or incorrect 'answers' when writing – every writer has his or her own thoughts to write about. d. Always build in time for learners to think about what they want to write. 	
STRATEGY 3: WRITERS DRAW A LINE FOR EACH WORD	
<ol style="list-style-type: none"> a. Learners think about the sentence they want to write, and say it aloud. b. They count how many words there are in the sentence, and draw a line to represent each word. c. Lines must be drawn from left to right and from the top of the page to the bottom. d. Lines must be the approximate length of the words. e. Spaces must be left between words. f. At the end of the sentence, the learner puts a full stop. g. With lines in place, the learner fills in words that are known, or must try to write down the starting sounds of a word before asking for help. h. This gives a structure to the learner's writing, which builds confidence. Even learners who really struggle can start the writing process in this way. 	

STRATEGY 4: WRITERS USE RESOURCES TO WRITE WORDS

- a. Teach learners not to ask for help to write all unknown words. They should first use other resources to find out how to write the unknown word. For example:
- Words on a word wall
 - Other books
 - Spelling lists
 - They can even ask their classmates.

STRATEGY 5: WRITERS USE THEIR MEMORIES TO WRITE WORDS

- a. Learners should try to remember words they have learnt, and to write these words from memory.

STRATEGY 6: WRITERS SAY WORDS SLOWLY LIKE A TORTOISE

- a. Teach learners to say an unknown word very slowly to hear its different sounds. (Segmenting)
- b. Next, teach learners to write down every sound that they can hear. (They may not spell the word correctly, but this will be a starting point to write unknown words. For example, **are** may be written as **ar** or even **r**. The teacher can then build on this and show the writer the correct spelling.)
- c. Try to read the learner's phonetic writing, and praise them for using their phonetic knowledge to try and build words. This is an important skill to encourage.

STRATEGY 7: WRITERS READ WHAT THEY WRITE	
<ul style="list-style-type: none"> a. Learners read their sentences aloud to themselves or to a peer. Reading one's writing to a classmate makes the writing process more meaningful. b. As they do this, they check they have not left out any words. c. They also check that the word order is correct. d. Most importantly, set this up so that learners enjoy the reading process, and feel proud of what they have written. 	
STRATEGY 8: WRITERS TURN AND TALK	
<ul style="list-style-type: none"> a. At different times in the lesson, learners can turn to a partner, and take turns to talk to each other. b. This can be used to share ideas about what to write about, to read their writing to each other, to tell each other about their pictures, or to check that they understand what to do. c. Teach learners to face each other and talk quietly when they turn and talk. 	
STRATEGY 9: HOLD MINI-CONFERENCES	
<ul style="list-style-type: none"> a. This is a useful strategy to use as learners are writing. b. Walk around the room, and stop where you see a learner struggling. c. Hold a mini-conference with that learner. d. Engage with the learner's work, listen to the learner, and help the learner as needed. e. Remember to try and give all learners some individual attention, and to praise their efforts and improvements. 	

GRADE 3 - TERM 4

WEEK 1

THEME: THE IMPORTANCE OF EDUCATION

'Education is the most powerful weapon with which we can change the world.'

- Nelson Mandela

WEEK 1: CLASSROOM PREPARATION

1. At the start of each week, ensure that your classroom is neat and tidy.
2. Update your DISPLAY BOARDS, by removing items that are no longer relevant, and storing them carefully.
3. Then, prepare the flashcard words and theme word illustrations that you will need.
4. Find and prepare items for your theme wall and table that will be of interest to learners, for instance: a map of Africa showing where Tanzania is in relation to South Africa.
5. Do some research on the internet to prepare for the theme. For example: find out more about the legal age for marriage in different countries, and in South Africa, and see if there are different ages for girls and boys.
6. Make sure all learner exercise books and DBE Workbooks are marked, and neatly packed where they belong.
7. Make sure all your big books, graded readers and classroom library books are in good order.
8. Adjust your group guided reading groups if necessary.
9. Plan your informal and formal assessment activities for the week.

EXTENSION ACTIVITIES

These activities can be used as independent work for learners who finish their work early OR while you are giving assessments to learners.

WEEK 1: TUESDAY: SHARED READING (15 minutes)

TITLE	<i>A life without limits</i>
ACTIVITY	PRE-READING
COMPREHENSION STRATEGY	Predict
PURPOSE	By getting learners to predict, you are getting them to think about the story before they have even read it. By predicting, learners are developing their comprehension skills by thinking about the story.

PRE-READING ACTIVITY

1. Show learners the front cover of the story: ***A life without limits***.
2. Read the title of the story.
3. Ask learners: What do you think will happen in this story?
4. Display the Big Book for learners to see. Make sure all learners can see the **pictures** in the book.
5. Show learners the first picture.
6. Ask learners: What do you think is happening here?
7. Discuss the picture with learners.
8. Ask learners: What do you think might happen next?
9. Go through each picture in the book and ask learners these questions.
10. When you get to the **last** picture, ask learners: How do you think this story will end?
11. Thank learners for their predictions.
12. Read through the story once. Code switch where necessary.

TOPIC	Write a letter to a friend telling them about why education is important.
TASK	PLANNING & DRAFTING
WRITING FRAME	Dear _____, Hi! We have been learning about... Education is important because... I think...

WRITING ACTIVITY

Modelling:

1. Explain that this week, learners will write a letter to a friend telling them the importance of education.
2. Explain that first, learners must think of **who** they want to write their letter to.
3. Explain that today, we will write the first part of our letter. We will complete it on Thursday!
4. Read the writing frame to learners.
5. Use **modelling** to show learners that you **think before you write**.
6. Tell learners some ideas you have for filling in the writing frame, like: I want to tell my friend about the opportunities you have when you get a good education. I also want to tell my friend about how I think girls and boys should all get to have the same kind of education.
7. Explain which words you will write. **Draw a line for each word.**
8. Use **modelling** to complete the writing frame. Explain that when we write a letter or a card, we write as if we are talking to the other person. We use 'you', like:

Dear Kgabo,

Hi! We have been learning about why education is valuable! Education is important because it gives you lots of opportunities. I think education is also important because it is good to know about lots of different things!

9. **Say words slowly like a tortoise and write the sounds you know.**
10. **Use resources**, like sight words and theme vocabulary words.
11. **Erase your example from the board. Explain this was just an example, but learners must write their own ideas.**

Oral Instructions:

1. Ask learners: Who will you write a letter to?
2. Instruct learners to **think before they write**.
3. Call on 3-5 learners to tell you who they will write to.
4. Ask learners: What will you tell your friend about education?

5. Instruct learners to **think before they write**.
6. Instruct learners to **turn and talk** and share their ideas with a partner.
7. Call on 2-3 learners to share their ideas. They must say: *I will tell my friend that...*
8. Explain that learners will now use the writing frame write their own ideas!

Writing:

1. **Hand out learner books.**
2. As learners are writing, walk around the room and complete **mini conferences**.
3. Ask learners to **read their writing**.
4. Help learners complete the writing frame.
5. Help learners **say words slowly like a tortoise** and **use resources**.
6. Encourage learners.

WEEK 1: THURSDAY: SHARED READING (15 minutes)	
TITLE	<i>A life without limits</i>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	Make evaluations
PURPOSE	Making evaluations is a key thinking and comprehension skill. Learners must realise that they must always evaluate what they read, and be able to support or justify their evaluations. Remember that it takes confidence to share an evaluation, so it is important to encourage and praise learners as they start to make evaluations.
Story	Think Aloud (First Read)
<p>Rebeca had been waiting to begin school her whole life! Since she was a tiny baby, her parents had told her how important her education was.</p> <p>‘School is so important,’ her mother cooed.</p> <p>‘Your education will give you a life without limits!’ her auntie sang to her.</p>	--
<p>As a young child, Rebeca loved school. She was friends with many bright, talented girls at Mazengo Primary School in Dodoma, her village in Tanzania.</p> <p>‘School is so important!’ her mother told her every morning.</p> <p>‘Your education will give you a life without limits!’ her auntie told her every afternoon.</p>	I make the evaluation that Rebeca loved school because she was always told about the importance of education!
<p>As Rebeca got older, she noticed that some of the girls in her class stopped coming to school. Rebeca felt like she could do anything with an education! But, she could see that not all of her classmates got the same message at home.</p> <p>‘My brother said that girls are not as smart as boys!’ one of her friends told her.</p> <p>‘My mother said that marriage is more important than school for girls,’ another friend said.</p>	Let’s evaluate the problem in this story: not all people think that girls need an education.

<p>There were fewer and fewer girls in her classes at Kilakala High School.</p> <p>‘Where did Adla go?’ Rebeca asked her friend Joyce one day, as they walked home from school together. ‘Oh, she has a husband now,’ Joyce replied.</p> <p>‘And do you remember Zahra?’ Joyce asked. ‘She’s also married, so she doesn’t come to school anymore.’</p> <p>‘Zahra was so good in Maths. I always thought she would become a doctor.’ Rebeca said.</p> <p>‘Why haven’t any boys left school, but so many girls have?’ Rebeca wondered.</p>	<p>This tells us more about the problem! I read that when girls get married, they must drop out of school. I make an evaluation that many smart girls leave school.</p>
<p>That night, Rebeca told her parents about all the girls who had left school.</p> <p>‘Please let me stay in school!’ Rebeca cried. ‘School is so important!’ her mother repeated, ‘For girls and for boys!’</p> <p>‘Your education will give you a life without limits!’ her auntie repeated.</p>	<p>I make the evaluation that Rebeca’s parents think that education is more important than marriage, because then Rebeca will be able to do anything she wants! I don’t think that they will make her leave school.</p>
<p>Rebeca felt so lucky. She wished all the girls in her class had the same kind of support at home. Rebeca decided she would use her education to help girls just like her.</p>	<p>I make the evaluation that Rebeca will try to help solve the problem, even though the problem doesn’t impact her own life directly.</p>
<p>At the University of Dar es Salaam, Rebeca decided to study law. She learned about Tanzania’s law, which allowed girls to be married at a very young age – just 14 years old. But, the age for boys was 18! ‘This must be why so many girls left school,’ Rebeca thought. ‘I’m going to change this law!’</p>	<p>I make the evaluation that Rebeca studied law to try to help solve the problem! She must really care about fixing this problem.</p>
<p>After graduating, Rebeca and her colleagues worked hard to try to change the law. Many people said that they were working against Tanzania’s traditions. But Rebeca disagreed. ‘Any tradition that hurts girls is not a tradition we should keep!’ she argued.</p>	<p>--</p>

Rebeca and her colleagues presented their arguments in front of judges at Tanzania's High Court. The judges agreed with Rebeca's team and decided to change Tanzania's law. This meant that the age for girls to legally marry was changed to 18, the same age as boys!	I make the evaluation that other people in Tanzania saw the same problem as Rebeca, and wanted to fix it too!
Even though the law has been changed, Rebeca has not stop working hard to fight for the rights of girls. Rebeca still works tirelessly to make sure all girls know that school is important, and that education will give them a life without limits!	Rebeca's team won the court case! But, I make the evaluation that the problem isn't totally fixed, because Rebeca is still working to help all girls have access to a full education!

Using joining words:

I DO (Teacher models)

1. Explain that today, learners will learn more about **joining words**.
2. Remind learners that we learned about joining sentences with 'because' and 'and then' in Term 3. Today we will learn new joining words!
3. Explain that joining words help us put two sentences together. They make our sentences more interesting!
4. Explain that today, we will try to use the joining words: but, so that
5. We use 'but' when the second part of our sentence tells about a different idea from the first part of the sentence, like: I like to eat candy but I know it is bad for me.
6. We use 'so that' when the first part of the sentence is the cause of the second part of the sentence, like: I eat protein so that I can become strong.
7. Explain that learners will join two short sentences together today to make more interesting sentences!
8. Write two simple sentences on the board, like: The boy ran. He was late for school.
9. Explain that you can join these two sentences using but, like: The boy ran **but** he was late for school.

WE DO (Teacher and learners do together):

1. Write two simple sentences on the board, like: I woke up early. I got to school late.
2. Ask learners what words we can use to join the sentence: 'but' or 'so that'?
3. Explain that we use 'but' because the first sentence is a different idea from the second sentence!
4. Write the joined sentence on the board, like: I woke up early but I got to school late.

YOU DO (Learners do independently):

1. Hand out learner books.
2. Write some simple sentences on the board, like:

But Rebeca disagreed. ‘Any tradition that hurts girls is not a tradition we should keep!’ she argued.</p>	<p>I make the evaluation that Rebeca is determined to fix the problem so that all girls know that they can be anything they want to be!</p>

Rebeca and her colleagues presented their arguments in front of judges at Tanzania's High Court. The judges agreed with Rebeca's team and decided to change Tanzania's law. This meant that the age for girls to legally marry was changed to 18, the same age as boys!	--
Even though the law has been changed, Rebeca has not stop working hard to fight for the rights of girls. Rebeca still works tirelessly to make sure all girls know that school is important, and that education will give them a life without limits!	I make the evaluation that Rebeca is determined to keep fighting for all girls to have the same opportunities she had because of her education.

Who tells Rebeca that education is important?	Her parents.
Why were girls dropping out of school before boys?	<ul style="list-style-type: none"> • Because they were getting married. • Because the law said that girls could get married at a younger age than boys.

Why question	Possible response
Why do you think Rebeca Gyumi was determined to change Tanzania's law?	<ul style="list-style-type: none"> • Because she was taught that education is the most important thing. • Because she saw that the law meant more girls dropped out of school than boys. • Because she wanted to make sure all girls got an education before getting married. • Because she wanted girls to know that they could be anything they want to be! • Because she saw that the law was having a negative impact on girls in her community.

3. Explain that learners must look at the corrections they made with their partners on Tuesday.
4. Explain that learners can **illustrate** (add pictures) their work if they have time.
5. Use **modelling** to show learners how to publish. You must rewrite your sentence and fix your mistake, like:
Education is important because it gives you lots of opportunities.

Writing:

2. Instruct learners to find their **drafts** from the previous week. They must read through the corrections they made with their partners!
3. Instruct learners to begin **publishing**.
4. Remind learner to fix their mistakes as they **publish**. They can also add to or change their ideas if they think they can make something sound better!
5. Walk around the room and complete **mini conferences**.
6. Help learners to correct their mistakes.
7. Instruct learners who finish early to add more to their writing, or to do silent reading from the DBE Workbook or a book from the reading corner.
8. As you walk around, **encourage writers**.

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils away.
2. Instruct learners to **turn and talk** with a partner about their letters.

Instruct learners to take their letters home and to really give their letters to the correct recipient. This helps give writing real purpose and meaning.

WEEK 2: FRIDAY: LANGUAGE USE (30 minutes)

TOPIC	REVISION: articles: 'the' versus 'a'
<p>GETTING READY</p> <ul style="list-style-type: none"> In this activity, you will split learners into small groups of 3-4 learners. Each group will need a set of flashcards that say: a / an / the <p>EXPLANATION</p> <ol style="list-style-type: none"> <u>Explain that we use a / an with general nouns.</u> For example: I'm hungry. I want <u>a</u> sandwich. Can you see <u>a</u> sandwich right now? No? That's why it's <u>a</u> sandwich. I don't have a specific one in mind. I can't see it, and you can't see it. We don't know which sandwich I'm talking about. It could be any sandwich. <u>We use the with specific nouns.</u> For example: <i>[Give a piece of chalk to one of your learners]</i> Lerato, can you pass me <u>the</u> chalk? Can everyone see <u>the</u> piece of chalk? Yes? That's why it's <u>the</u> chalk. I know which piece of chalk it is. I can see it, and you can see it. I'm talking about only this one specific piece of chalk, and we all know which one I'm talking about! Use <u>the</u> when there is only one of something. Examples include <i>the sun, the moon, the earth, the whiteboard, the teacher's desk</i> (if there is only one teacher in your classroom), etc... 	

I DO (Teacher models)

1. Explain that today, we will Practice using articles. We will play a game to Practice these articles.
2. For this game, learners will be split into small groups. Each group will have a set of flashcards.
3. Explain that you will say a sentence. Then the group must discuss and decide which article belongs in the sentence.
4. Demonstrate an example for learners, like:
5. [Point to the door]. Say: This is ___ door!
6. Explain that you will hold up the flashcard for the article you think is correct.
7. Hold up the flashcard: **the**
8. Explain that there is just one board in the classroom. I am pointing to it and you all know which specific door I am talking about. That is why we use 'the'.

WE DO (Teacher and learners do together):

1. Split learners up into groups of 3-4 learners.
2. Give each small group a set of flashcards.
3. Go through these sentences. Give learners time to discuss in their groups and decide on the flashcard.
4. Look around at all the flashcards. Help correct any mistakes the learners make as you go!
5. **I want to eat ___ pizza.** (*We use 'a' here because we can't see the pizza – it is not a specific one!*)
6. **I will buy ___ T-shirt for my friend.** (*We use 'a' here because you don't know which T-shirt I want to buy! We would use the only if I was pointing to a specific T-shirt, or showing you a picture of the exact one I want to buy.*)
7. **I must go speak to ___ Principal.** (*We use 'the' because there is one principal in our school. We are talking about a specific person!*)
8. [Hold up a book for learners to see] **Can you see ___ book?** (*We use 'the' here because you can see the book I am talking about! It is a specific book.*)

Note: There is no formal time allocated for this activity. Please try to fit it in to your classroom routine at the end of each week.

1. Settle learners on the carpet at the end of the day.
2. Conduct the weekly language review session. You may choose to combine HL and FAL learning in this review.
3. Remember to allow learners to 'Turn and Talk' and discuss their answers with a partner. Then, select a few learners to share their answers with the class.
4. Use the following prompting questions to guide the language part of your discussion:
 - a. **What was our language theme for the week?**
 - b. **Which stories did we read together?**
 - c. **What were your favourite new words of the week?**
 - d. **What did you learn from the stories we read?**

 - f. **How did your own writing improve this week?**
 - g. **How did your own reading improve this week?**
 - h. **What are you most proud of this week?**
5. Finally, tell learners to think about two things that they are going to tell their families about what they learnt or how they improved at school this week.

Please note: This process of self-review and reflection is a critically important part of learning. Please do not skip this weekly activity.

4. Find and prepare items for your theme wall and table that will be of interest to learners, for instance: display a yoga mat, and pictures of people meditating or doing yoga.
5. Do some research on the internet to prepare for the theme. For example: find an online mediation app, and try to do it to see if it calms you down, or join in an online yoga class. Find out more about the benefits of meditation and yoga.
6. Make sure all learner exercise books and DBE Workbooks are marked, and neatly packed where they belong.

WEEK 3: TUESDAY: WRITING (30 minutes)

TOPIC	Write a paragraph about something new you would like to learn.
TASK	PLANNING & DRAFTING
WRITING FRAME	I want to learn how to... I want to learn this because... And...

WRITING ACTIVITY

Modelling:

1. Explain that this week, learners will write a paragraph about something new they would like to learn. We will see in our story, Zandile wants to learn how to meditate.
2. Remind learners that a **paragraph** is a group of sentences that are all about the same topic. Explain that a paragraph has three important parts: A topic sentence which tells us the main point of the paragraph; supporting sentences which explain the topic sentence; and a concluding sentence which summarises a paragraph.
3. Explain that today, learners will write the **topic sentence**. This tells the reader what the paragraph will be all about. Then, learners will add a few **supporting sentences**. These are sentences that help explain the topic sentence.
4. Read the writing frame to learners.
5. Use **modelling** to show learners that you **think before you write**.
6. Tell learners some ideas you have for filling in the writing frame, like: I want to learn how to knit. I would like to learn how to knit so that I could make myself hats and jerseys.
7. Explain which words you will write. **Draw a line for each word**.
8. Use **modelling** to complete the writing frame: I want to learn how to knit. I want to learn this because I want to make myself a hat. **And**, I want to knit a warm jersey.
9. **Say words slowly like a tortoise and write the sounds you know.**
10. **Use resources**, like sight words.
11. **Erase your example from the board. Explain this was just an example, but learners must write their own ideas.**

Oral Instructions:

1. Ask learners: What do you want to learn how to do? Why?
2. Explain that learners can think of anything they want to learn how to do. They must think of their own ideas – they must **not** copy your ideas!
3. Instruct learners to **think before they write**.
4. **Instruct learners to turn and talk and share their ideas with a partner.**
5. Call on 2-3 learners to tell you about what they want to learn. They must say: *I want to learn how to...*
6. Explain that this will be learners' topic sentence because it tells us what the paragraph will be about.
7. Call on 2-3 learners to tell you about why. They must say: *I want to learn how to... because...*

8. Explain that learners will now use the writing frame to write their own ideas!

Writing:

1. Hand out learner books.
2. As learners are writing, walk around the room and complete mini conferences.
3. Ask learners to read their writing.
4. Help learners complete the writing frame.
5. Help learners say words slowly like a tortoise and use resources.
6. Encourage learners.

WEEK 3: THURSDAY: SHARED READING (15 minutes)	
TITLE	<u>Zandile learns to meditate</u>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	Make Inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.
Story	Think Aloud (First Read)
Zandile woke up early. It was still dark inside the house. She took her book and went outside. Zandile sat down and began to read.	I can infer that Zandile must have woken up very early because it is still dark inside her house.
But then, she heard a strange noise. She stood on her chair, and looked over the fence. She saw Mr and Mrs Kapoor sitting on the ground. They were making a low humming sound. 'What are they doing?' wondered Zandile.	I infer that Zandile looks over the fence to find out where the strange noise is coming from!
That day at school, Zandile saw Geeta on the swings. 'I saw your parents sitting on the ground this morning,' Zandile said. 'Why were they doing that? It was weird!' 'It's not weird!' Geeta said. 'It's just meditation!' 'What is meditation?' Zandile asked. 'You meditate to feel calm and to clear your head,' Geeta replied.	Zandile saw Geeta's parents, so I can infer that Geeta is Zandile's neighbour.
That afternoon, when Zandile got home she went to the backyard. She sat on the ground. She crossed her legs. She made a low humming sound, 'Ommm. Ommm.' But, she didn't feel calm. 'I wonder how this works?' Zandile wondered.	Zandile is doing all the things she saw Geeta's parents do. I can infer that she is trying to meditate too!

<p>The next day, Zandile found Geeta. 'I tried to meditate,' Zandile said. 'But it didn't work! I didn't feel calm.'</p> <p>Geeta laughed. 'You did it wrong!'</p> <p>'What do you mean?' Zandile asked, her face feeling hot. 'How do you know?'</p> <p>Geeta's cheeks turned red. 'Um, I saw you, over the fence.'</p> <p>Zandile and Geeta both started laughing.</p> <p>'Come to my house after school,' said Geeta. 'I'm sure my dad will show you what to do.'</p>	<p>I can infer that Zandile didn't know that Geeta saw her trying to meditate! Look at her face in the picture! I can infer that she feels embarrassed when she learns that Geeta was watching her!</p>
<p>After school, Zandile put down her school bag at home. Then, she went next door. She knocked on the Kapoor's door.</p> <p>Geeta answered the door. 'Oh, hi Zandile!'</p> <p>Geeta said. 'Come in. I told my dad you're coming.'</p> <p>Mr Kapoor was sitting at the kitchen table, reading the newspaper.</p> <p>'Zandile!' he said, with a big smile on his face. 'I hear you want to learn how to meditate! Smart girl!'</p>	<p>I can infer that Zandile must really want to learn how to meditate, because she goes to the Kapoor's house for help!</p>
<p>Mr Kapoor put down his newspaper. 'Come,' he said, beckoning to Zandile. 'You come too,' Mr Kapoor said to Geeta. The girls followed him to the backyard.</p> <p>Mr Kapoor showed Zandile how to sit. Geeta helped Zandile to put her hands in the right place. They showed Zandile how to take slow, deep, breaths.</p> <p>'Forget everything else,' said Geeta. 'Just close your eyes and think about your breathing.'</p>	<p>I can infer again that Zandile has never meditated before because she doesn't know what to do!</p>
<p>They sat together for a long time.</p> <p>Zandile tried to think about her breathing, but so many things came into her head. She thought about her Maths homework. She thought about how hungry she felt. She thought about what her mother would cook for dinner.</p>	<p>--</p>

<p>'Do you feel calm?' Mr Kapoor asked Zandile.</p> <p>'Um, I don't know if I can do it!' Zandile answered. 'I couldn't think about my breath.'</p> <p>'It takes practice,' Geeta said. 'Come back tomorrow if you want! We can Practice together!'</p>	--
And she did.	Zandile went back to try again the next day. That lets me infer that she really wants to learn how to meditate!
Follow up questions	Responses
Who are Zandile's neighbours?	The Kapoors. Geeta and her parents.
What did Zandile want to learn how to do?	She wanted to learn how to meditate.
What must she do to meditate?	She must sit correctly. She must put her hands in the right place. She must take slow, deep, breaths. She must close her eyes and think about her breath.
Why question	Possible response
Why did Zandile go to the Kapoor's house?	<ul style="list-style-type: none"> • Because she wants to learn how to meditate. • Because Geeta told her she could come to learn. • Maybe she really wants a way to feel calm.

WEEK 4: TUESDAY: SHARED READING (15 minutes)	
TITLE	<u>Zandile learns to meditate</u>
ACTIVITY	SECOND READ
COMPREHENSION STRATEGY	I wonder... Make inferences
PURPOSE	<p>By modelling how to think/wonder about a text, we teach learners two things. Firstly, we teach learners that good readers do not just read the words, they always think about what they are reading. Secondly, we show learners the kinds of thoughts that we have about a text. By doing this, we show learners how to think creatively and critically about a text. In time, learners will start to do this for themselves.</p> <p>Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.</p>
Story	Think Aloud (Second Read)
Zandile woke up early. It was still dark inside the house. She took her book and went outside. Zandile sat down and began to read.	I wonder why Zandile is awake so early? Maybe she can't sleep because she is feeling worried about something!
But then, she heard a strange noise. She stood on her chair, and looked over the fence. She saw Mr and Mrs Kapoor sitting on the ground. They were making a low humming sound. 'What are they doing?' wondered Zandile.	Zandile wonders what the Kapoors are doing, so I can infer that this is the first time she has ever seen anyone meditating.
That day at school, Zandile saw Geeta on the swings. 'I saw your parents sitting on the ground this morning,' Zandile said. 'Why were they doing that? It was weird!' 'It's not weird!' Geeta said. 'It's just meditation!' 'What is meditation?' Zandile asked. 'You meditate to feel calm and to clear your head,' Geeta replied.	I wonder why Zandile says 'it was weird'? Oh, I infer that she thinks what she saw was weird because it was her first time to see people meditating. I know that sometimes people think things are weird when they have never seen them before.

<p>That afternoon, when Zandile got home she went to the backyard. She sat on the ground. She crossed her legs. She made a low humming sound, ‘Ommm. Ommm.’ But, she didn’t feel calm. ‘I wonder how this works?’ Zandile wondered.</p>	<p>Zandile decided she wanted to try meditating after she spoke with Geeta about it. I can infer that Zandile might be looking for a way to feel calm.</p>
<p>The next day, Zandile found Geeta. ‘I tried to meditate,’ Zandile said. ‘But it didn’t work! I didn’t feel calm.’ Geeta laughed. ‘You did it wrong!’ ‘What do you mean?’ Zandile asked, her face feeling hot. ‘How do you know?’ Geeta’s cheeks turned red. ‘Um, I saw you, over the fence.’ Zandile and Geeta both started laughing. ‘Come to my house after school,’ said Geeta. ‘I’m sure my dad will show you what to do.’</p>	<p>When Zandile’s cheeks feel hot, I can infer that she feels embarrassed. She feels embarrassed because she didn’t know anyone was watching her when she tried to meditate, and she didn’t quite know what to do!</p>
<p>After school, Zandile put down her school bag at home. Then, she went next door. She knocked on the Kapoor’s door. Geeta answered the door. ‘Oh, hi Zandile!’ Geeta said. ‘Come in. I told my dad you’re coming.’ Mr Kapoor was sitting at the kitchen table, reading the newspaper. ‘Zandile!’ he said, with a big smile on his face. ‘I hear you want to learn how to meditate! Smart girl!’</p>	<p>I can infer Zandile doesn’t know how to meditate, but I can infer that she is keen to get help and learn!</p>
<p>Mr Kapoor put down his newspaper. ‘Come,’ he said, beckoning to Zandile. ‘You come too,’ Mr Kapoor said to Geeta. The girls followed him to the backyard. Mr Kapoor showed Zandile how to sit. Geeta helped Zandile to put her hands in the right place. They showed Zandile how to take slow, deep, breaths. ‘Forget everything else,’ said Geeta. ‘Just close your eyes and think about your breathing.’</p>	<p>Geeta is helping Zandile. I infer that she knows how to meditate, just like her parents.</p>

They sat together for a long time. Zandile tried to think about her breathing, but so many things came into her head. She thought about her Maths homework. She thought about how hungry she felt. She thought about what her mother would cook for dinner.	It can infer that meditating is difficult. It seems difficult for Zandile to just think about her breath, like Geeta told her to do.
'Do you feel calm?' Mr Kapoor asked Zandile. 'Um, I don't know if I can do it!' Zandile answered. 'I couldn't think about my breath.' 'It takes practice,' Geeta said. 'Come back tomorrow if you want! We can Practice together!'	I wonder why Zandile doesn't feel calm? I can infer that it is because meditation takes Practice. You must Practice meditating before it helps you to feel calm.
And she did.	I infer that Zandile feels determined to learn how to meditate when she goes back the next day to Practice! She wants to learn even though the first time was difficult!
Follow up questions	Responses
What did Zandile see when she peeked over the fence?	She saw the Kapoors (Geeta's parents) meditating in the backyard.
What did Geeta see when she peeked over the fence?	She saw Zandile trying to meditate.
How did Zandile feel when she found out that Geeta say her?	<ul style="list-style-type: none"> • She might have felt embarrassed. • She might have felt surprised.
Why question	Possible response
Why does Zandile need to Practice meditating?	<ul style="list-style-type: none"> • Because meditation takes practice. • Because she really wants to learn how to meditate. • Because she is still learning. Meditation is difficult. • Because when she tries, she doesn't feel calm. • Because she wants to practice enough to feel calm.

WEEK 4: TUESDAY: WRITING (30 minutes)

TOPIC	Write a paragraph about something new you would like to learn.
TASK	EDITING

WRITING ACTIVITY

Write the following **checklist** on the chalkboard OR photocopy for learners.

I used capital letters.	
I used punctuation (.!?)	
I read my sentences out loud.	
I checked my spelling. (I circled words I need help with)	

Getting Ready:

Write your sentences from the previous week on the chalkboard. Make 2-3 mistakes in your sentences, like:

i want to learn how to knit. I want to learn this because I want to make myself a hats. And, I want to knit a warm jersey

Modelling:

1. Explain that today, learners will **edit** their paragraphs.
2. Read the **checklist** out loud to learners.
3. Use **modelling** to read each of your example sentences out loud to learners.
4. After each sentence, instruct learners to look for the **mistake**.
5. Fix each mistake on the chalkboard with learners. Explain each mistake, like:
 1. i want to learn how to knit. (*the first word must be capitalised*)
 2. I want to learn this because I want to make myself a hats. (*It is one hat so 'hats' must not have an 's' at the end. It is not plural*)
 3. I want to knit a warm jersey (*We must check for punctuation at the end of a sentence.*)

Oral Instructions:

1. Tell learners that they will:
 - a. Read their writing **out loud** to a partner.
 - b. Help their partner look for and fix mistakes.
 - c. Read the checklist and make sure all items have been completed.

Writing:

1. **Hand out learner books** with completed paragraphs from the previous week.
2. Instruct learners to find their writing from the previous week.
3. Instruct learners to **turn and talk**.
4. Instruct learners to find and fix their mistakes.
5. As learners talk and fix mistakes, walk around the room and complete **mini conferences**.
6. Ask learners to **read their writing**.
7. Help learners who are struggling to find and fix their mistakes.
8. Instruct any learners who finish early to add more items to their lists.
9. Encourage learners.

WEEK 4: THURSDAY: SHARED READING (15 minutes)	
TITLE	<i>Zandile learns to meditate</i>
ACTIVITY	Recount
COMPREHENSION STRATEGY	Summarise
PURPOSE	<p>Asking a young learner to summarise the main points of a story is the best way to check their understanding.</p> <p>Recounting helps young learners to get used to sharing their own opinions, as they must choose the part of the story that they liked best. It also shows if the child understood the story or not.</p>
POST-READING ACTIVITY	
<ol style="list-style-type: none"> 1. Explain that learners will recount something that happened in the story. Explain that learners will summarise the sequence of the story. That means they will say what happens first, next, and last in the story <i>Zandile learns to meditate</i>. 2. Use modelling to show learners how to give a 3-4 sentence recount that summarises the main points of the story, like: Zandile sees her neighbours meditating. She asks Geeta about meditating. Then, she learns how to do it too! 3. Instruct learners to think about the story. 4. Instruct learners to think about the main points of the story. They must say 3-4 sentences summarising the sequence of the story. 5. Give learners 1-2 minutes to think about what they will say. 6. Instruct learners to turn and talk and share their recount with a partner. 7. Call learners back together. Ask 3-4 learners to share their recount with the class. 8. 3. Explain that learners must look at the corrections they made with their partners on Tuesday.
4. Explain that learners can **illustrate** (add pictures) their work if they have time.
5. Use **modelling** to show learners how to publish. You must rewrite your sentence and fix your mistake, like:
I want to learn how to knit.

Writing:

1. Hand out learner books.
2. Instruct learners to find their **drafts** and **editing checklist**.

1. When there are 2-3 minutes left, instruct learners to put their pencils away.
2. Instruct learners to **turn and talk** with a partner about their paragraphs.

*Hang up learner drawings at **learner eye-level** around the room. This helps learners have conversations using the theme vocabulary words.*

WEEK 4: FRIDAY: LANGUAGE USE (30 minutes)

TOPIC	Revise: Comparative adjectives
-------	--------------------------------

GETTING READY

Before the lesson begins, rewrite your sentences from Tuesday, like:

Things that make me feel stress:

1. I feel stress when I have lots of work.
2. I feel stress when I have an exam.
3. I feel stress when I don't have enough money.

Things that make me feel calm:

1. I feel calm when I go for a walk.
2. I feel calm when I make tea.
3. I feel calm when I talk to my sister.

I DO (Teacher models)

1. Explain that today, learners will revise **comparative adjectives**.
2. Remind learners that an adjective is a describing word. It describes a person, place or thing.
3. Explain when we **compare** things, we use comparative words.
4. Hold up three pencils of different lengths. Explain that all the pencils are **small**, but when we compare them, we must use different words:
 - a. Show learners the longest pencil. Say: This pencil is small.
 - b. Show learners the medium-sized pencil. Say: This is **smaller**.
 - c. Show learners the smallest pencil. Say: This is **smallest**.

5. Explain that usually we use endings to show comparison. We can add -er / -est to the end of the adjective to make it comparative.
6. Explain that sometimes, we must put a word in front of the adjective instead. We use the word more, most / less, least.
7. For example, if we talk about things that are important, we would say:
 - a. Maths is important.
 - b. Reading is **more** important.
 - c. Being kind is **most** important.

WE DO (Teacher and learners do together):

1. Explain that first, we will think of three things that are all funny. Explain that we do add endings onto the word funny. However, when an adjective ends with 'y' we must change it to 'i' before we add the endings.
2. Brainstorm sentences with learners like:
 - a. My friend Sihle is funny.
 - b. Trevor Noah is funnier.
 - c. My teacher is the funniest.
3. Explain that now we will think of think of three things that are fun. Explain that with fun, we do not add an ending. We use more, most / less, least in front of the word.
4. Brainstorm sentences with learners like:
 - a. Break is fun.
 - b. Parties are **more** fun.
 - c. Reading is the **most** fun.

YOU DO (Learners do independently):

1. Explain that today, learners will think about the sentences they wrote yesterday about things that make them feel stressed and the things that make them feel calm.
2. Reread your sentences (which should already be written on the board).
3. Look at the first part of your list. Explain that you will think about which one makes you feel stressed, more stressed and most stressed. Explain that for the word stressed we **do not add an ending**. We use the words more and most **in front of** the word stressed.
4. Model editing your sentences, like:
 1. I feel **more** stress when I have lots of work.
 2. I feel stress when I have an exam.
 3. I feel **most** stress when I don't have enough money.
5. Explain that you will think about which one makes you feel calm, calmer (more calm) and calmest (most calm).
6. Explain that learners should edit each of the sentences, like:
 1. I feel **calmest** when I go for a walk.
 2. I feel calm when I make tea.
 3. I feel **calmer** when I talk to my sister.

YOU DO (Learners do independently):

1. **Hand out learner books.**
2. Instruct learners to find their lists from Monday and Tuesday.
3. Instruct learners to edit their sentences using comparative words.
4. As learners write, walk around the room and **complete mini conferences.**
5. Ask learners to **read their writing.**
6. Help learners who are struggling to change their adjectives.

SHARING

1. When 5 minutes remain, instruct learner to stop writing.
2. Instruct learners to **turn and talk** and read their sentences to a partner.

WEEK 4: FRIDAY: GROUP GUIDED & INDEPENDENT READING (15 minutes)**GROUP GUIDED READING (SMALL GROUP)**

GROUP	GROUP 5
TEXT	Use your tracker. Choose a text that is appropriate for the learners in the group.
SIGHT WORDS	Review any sight words that appear in the chosen text.

INDEPENDENT READING (WHOLE CLASS)

Learners use worksheet for independent reading.

WEEK 4: FRIDAY: END OF WEEK LEARNING REVIEW

Note: There is no formal time allocated for this activity. Please try to fit it in to your classroom routine at the end of each week.

1. Settle learners on the carpet at the end of the day.
2. Conduct the weekly language review session. You may choose to combine HL and FAL learning in this review.
3. Remember to allow learners to 'Turn and Talk' and discuss their answers with a partner. Then, select a few learners to share their answers with the class.
4. Use the following prompting questions to guide the language part of your discussion:
 - a. **What was our language theme for the week?**
 - b. **Which stories did we read together?**
 - c. **What were your favourite new words of the week?**
 - d. **What did you learn from the stories we read?**
 - e. **What did we write about this week?**
 - f. **How did your own writing improve this week?**
 - g. **How did your own reading improve this week?**
 - h. **What are you most proud of this week?**
5. Finally, tell learners to think about two things that they are going to tell their families about what they learnt or how they improved at school this week.

Please note: This process of self-review and reflection is a critically important part of learning. Please do not skip this weekly activity.

GRADE 3 - TERM 4

WEEK 5

THEME: SADNESS

'Nothing always stays the same. You don't stay happy forever.
You don't stay sad forever.'

- Cat Zingano

WEEK 5: CLASSROOM PREPARATION

1. At the start of each week, ensure that your classroom is neat and tidy.
2. Update your DISPLAY BOARDS, by removing items that are no longer relevant, and storing them carefully.
3. Then, prepare the flashcard words and theme word illustrations that you will need.
4. Find and prepare items for your theme wall and table that will be of interest to learners, for instance: make a chart to help learners understand how to help a friend who has suffered a loss.
5. Do some research on the internet to prepare for the theme. For example: do some research on how to help young children deal with loss and grief.
6. Make sure all learner exercise books and DBE Workbooks are marked, and neatly packed where they belong.
7. Make sure all your big books, graded readers and classroom library books are in good order.
8. Adjust your group guided reading groups if necessary.
9. Plan your informal and formal assessment activities for the week.

WEEK 5: TUESDAY: WRITING (30 minutes)

TOPIC	Write a paragraph about a time you felt sad, but someone helped you feel better
TASK	PLANNING & DRAFTING
WRITING FRAME	When I felt sad...helped me feel better. I felt sad because...(2-3 sentences)

WRITING ACTIVITY

Modelling:

1. Explain that this week, learners will write a paragraph about a time they felt sad, and what someone did to help them feel better.
2. Remind learners that a **paragraph** is a group of sentences that are all about the same topic. Explain that a paragraph has three important parts: A topic sentence which tells us the main point of the paragraph; supporting sentences which explain the topic sentence; and a concluding sentence which summarises a paragraph.
3. Explain that today, learners will write the **topic sentence**. This tells the reader what the paragraph will be all about. Then, learners will add a few **supporting sentences**. These are sentences that help explain the topic sentence.
4. Read the writing frame to learners.
5. Use **modelling** to show learners that you **think before you write**.
6. Tell learners some ideas you have for filling in the writing frame, like: I felt very sad when I found out my dad had cancer. I was very far away from my dad and that was hard! I cried and cried because I was so far and I didn't know what to do!
7. Explain which words you will write. **Draw a line for each word**.
8. Use **modelling** to complete the writing frame: When I felt sad, my friend Ana helped me feel better. I felt sad because I found out my father had cancer. I was far away from him. I felt sad because I was so worried about my dad.
9. **Say words slowly like a tortoise and write the sounds you know**.
10. **Use resources**, like sight words and theme vocabulary words.
11. **Erase your example from the board. Explain this was just an example, but learners must write their own ideas.**

Oral Instructions:

1. Ask learners: When was a time you felt sad? Who helped you feel better?
2. Explain that learners should come up with their own ideas – they should **not** copy your idea!
3. Instruct learners to **think before they write**.
4. Instruct learners to **turn and talk** and share their ideas with a partner.
5. Call on 2-3 learners to tell you who helped them feel better. They must say:
When I felt sad...helped me feel better
6. Explain that this will be learners' topic sentence because it tells us what the paragraph will be about.

7. Call on 2-3 learners to tell you why they were sad. They must say: *I felt sad because...*
8. Explain that learners will now use the writing frame to write their own ideas!

Writing:

1. **Hand out learner books.**
2. As learners are writing, walk around the room and complete **mini conferences**.
3. Ask learners to **read their writing**.
4. Help learners complete the writing frame.
5. Help learners **say words slowly like a tortoise** and **use resources**.
6. Encourage learners.

WEEK 5: THURSDAY: SHARED READING (15 minutes)	
TITLE	<u>Bantu feels sad</u>
ACTIVITY	FIRST READ
COMPREHENSION STRATEGY	Make inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.
Story	Think Aloud (First Read)
Khumo's friend Bantu didn't come to school on Monday or Tuesday. Khumo wondered where his friend could be.	--
When Khumo got home from school on Tuesday, his mother told him that Bantu's granny had died. Bantu was always with his granny. Khumo thought about how sad Bantu must feel. 'I must try to make my friend feel better,' Khumo thought. He thought and thought about what to do.	I can infer that Khumo cares about his friend, because he wants to help him feel better!
'Maybe I can make Bantu laugh if I tell him all my best jokes!' Khumo thought. 'Then he will forget all about feeling sad!' Khumo thought of all of his good jokes. He wrote them down on a piece of paper and put them in his school bag.	I can infer that Khumo is trying very hard to help his friend feel better!
On Wednesday morning, Khumo found Bantu at school. Khumo thought it might make Bantu sad if he mentioned his granny. So Khumo didn't say anything. Instead, he took out his paper and started telling Bantu all of his jokes. After each one, he looked for a smile on Bantu's face. But, Bantu just looked sad.	I can infer that Khumo's jokes did not actually make Bantu feel better, because Bantu still looks sad after Khumo tells all his jokes!

<p>On Wednesday evening, Khumo thought about what else he could do to help his friend feel better.</p> <p>‘Maybe I can make Bantu forget how sad he feels if I show him some new juggling tricks,’ Khumo thought. ‘Then, he will forget all about feeling sad!’</p> <p>Khumo found some oranges in the kitchen. He took them outside and Practiced juggling them, until he could keep three up in the air!</p>	<p>I can infer that Khumo is trying very hard to help his friend feel better!</p>
<p>On Thursday morning, Khumo found Bantu at school. Khumo thought it might make Bantu sad if he mentioned his granny. So Khumo didn’t say anything. Instead, he took out his oranges and showed his new trick to Bantu. He kept all three oranges up in the air, which he thought was pretty impressive. He looked for a smile on Bantu’s face. But, Bantu just looked sad.</p>	<p>I can infer that Khumo’s tricks did not actually make Bantu feel better, because Bantu still looks sad after Khumo shows him all his cool tricks!</p>
<p>When Khumo got home from school on Thursday, he felt upset.</p> <p>‘I have tried and tried to make Bantu not feel sad!’ Khumo told his mother. ‘I told jokes, I showed him my best juggling trick, but nothing worked!’ Khumo said.</p> <p>‘Did you tell him you’re sorry his granny died?’ Khumo’s mother asked.</p> <p>‘No...I thought it might make Bantu feel worse if I talked about his granny,’ Khumo replied.</p>	<p>I can infer that Khumo wants to help his friend Bantu feel better, but he isn’t sure how to do it! I can infer that Khumo has never had a friend whose granny died before.</p>
<p>Khumo’s mother sat down next to him.</p> <p>‘Bantu feels sad because he loved his granny. You don’t need to try to make him forget his sadness. Sometimes, when we are sad, we just need our friends to be with us, and to listen to us,’ Khumo’s mother said.</p>	<p>I can infer that Khumo’s mother has had a friend whose granny has died before because she seems to know what to do!</p>

<p>On Friday morning, Khumo found Bantu at school.</p> <p>‘I’m really sorry your granny died,’ Khumo said. ‘I don’t know how to help you feel better. But I can just sit with you if that’s what you want. And if you want to talk about how sad you feel, I’m here to listen,’ Khumo said.</p>	<p>Khumo follows his mother’s advice! I can infer that Khumo really cares about his friend, and wants to help him feel better!</p>
<p>For the first time all week, Bantu looked at Khumo with a small smile.</p> <p>‘Thanks, Khumo. You’re a good friend,’ Bantu said.</p>	<p>I can infer that for the first time all week, Khumo helped Bantu feel a little bit better.</p>
Follow up questions	Responses
<p>Why was Bantu absent from school on Monday and Tuesday?</p>	<p>Because his granny died.</p>
<p>What did Khumo do on Wednesday to try to help his friend feel better?</p>	<p>He told his friend jokes to try to make him laugh.</p>
<p>Who helped Khumo in the story?</p>	<p>Khumo’s mother helped him!</p>
Why question	Possible response
<p>Why did Khumo tell jokes and do juggling tricks?</p>	<ul style="list-style-type: none"> • Because he wanted his friend Bantu to feel better. • Because he thought joke and tricks would make Bantu forget about feeling sad. • Because he cared about helping his friend feel better. • Because he didn’t know what would help his friend feel better. He tried the best he could!

WEEK 5: FRIDAY: LANGUAGE USE (30 minutes)

TOPIC	Contractions
<p>I DO (Teacher models)</p> <ol style="list-style-type: none"> 1. Explain that today, we will learn about contractions. In English, sometimes we join two words together using an apostrophe. These are called contractions. 2. Remind learners that we have learned about the contraction: you're. We learnt that this is you + are = you're. We add an apostrophe and remove the 'a'. 3. Explain that there are other contractions we need to know, because we will often see them when we read, and we can use them when we speak and write. 4. Show learners the following common contractions with the present tense of the verb to be: I + am = I'm she / he + is = she's / he's we + are = we're they + are = they're 5. <i>Point out that we replace the second vowel with an apostrophe when we join these words!</i> 	

WE DO (Teacher and learners do together):

1. Write the contraction **I'm** on the board.
2. Brainstorm 2-3 sentences using 'I'm' with learners. Write these examples on the board, like:
 - a. I'm so happy it is Wednesday.
 - b. I'm going to the shop.
 - c. I'm a teacher.
3. Point out you use 'I'm' just like you would use 'I am'. But, it is much more common to write 'I'm'.

YOU DO (Learners do independently):

1. Hand out learner books
2. Instruct learners to write a sentence using the remaining contractions: she's, he's, we're, they're
3. Remind learners that these contractions are the verb to be in the present tense. Therefore, their sentences should be in the present tense!
4. As learners are writing, walk around the room and complete **mini conferences**.
5. Ask learners to **read their sentences** to you.
6. Help learners correctly use **contractions**.
7. **Encourage learners**.

SHARING:

1. When there are a few minutes remaining, instruct learners to turn and talk and read their sentences to a partner.
2. Instruct learners to check their partner's sentences and to **circle** the contraction in each sentence.

WEEK 5: FRIDAY: END OF WEEK LEARNING REVIEW

Note: There is no formal time allocated for this activity. Please try to fit it in to your classroom routine at the end of each week.

1. Settle learners on the carpet at the end of the day.
2. Conduct the weekly language review session. You may choose to combine HL and FAL learning in this review.
3. Remember to allow learners to 'Turn and Talk' and discuss their answers with a partner. Then, select a few learners to share their answers with the class.
4. Use the following prompting questions to guide the language part of your discussion:
 - a. **What was our language theme for the week?**
 - b. **Which stories did we read together?**
 - c. **What were your favourite new words of the week?**
 - d. **What did you learn from the stories we read?**
 - e. **What did we write about this week?**
 - f. **How did your own writing improve this week?**
 - g. **How did your own reading improve this week?**
 - h. **What are you most proud of this week?**
5. Finally, tell learners to think about two things that they are going to tell their families about what they learnt or how they improved at school this week.

Please note: This process of self-review and reflection is a critically important part of learning. Please do not skip this weekly activity.

GRADE 3 - TERM 4

WEEK

THEME:
SADNESS

'We rise by lifting others.'

- Robert Ingersoll

WEEK 6: CLASSROOM PREPARATION

1. At the start of each week, ensure that your classroom is neat and tidy.
2. Update your DISPLAY BOARDS, by removing items that are no longer relevant, and storing them carefully.
3. Then, prepare the flashcard words and theme word illustrations that you will need.
4. Find and prepare items for your theme wall and table that will be of interest to learners, for instance: find or make pictures or posters to show how different cultures remember people who have passed on, like the unveiling of a tombstone, or the Dia de los Muertos celebration in Mexico.

WEEK 6: TUESDAY: SHARED READING (15 minutes)	
TITLE	<i>Bantu feels sad</i>
ACTIVITY	SECOND READ
COMPREHENSION STRATEGY	Make inferences
PURPOSE	Making inferences is a key thinking and comprehension skill. Learners need to work out parts of a story by making inferences. Teach learners that sometimes the details of a story are not written down – the reader must make a good guess.
Story	Think Aloud (Second Read)
Khumo's friend Bantu didn't come to school on Monday or Tuesday. Khumo wondered where his friend could be.	--
When Khumo got home from school on Tuesday, his mother told him that Bantu's granny had died. Bantu was always with his granny. Khumo thought about how sad Bantu must feel. 'I must try to make my friend feel better,' Khumo thought. He thought and thought about what to do.	I can infer that Khumo has never had a friend whose granny died, because Khumo wants to help but he doesn't know how!
'Maybe I can make Bantu laugh if I tell him all my best jokes!' Khumo thought. 'Then he will forget all about feeling sad!' Khumo thought of all of his good jokes. He wrote them down on a piece of paper and put them in his school bag.	I can infer that Khumo thinks laughing will make his friend feel better, and forget all about his granny!
On Wednesday morning, Khumo found Bantu at school. Khumo thought it might make Bantu sad if he mentioned his granny. So Khumo didn't say anything. Instead, he took out his paper and started telling Bantu all of his jokes. After each one, he looked for a smile on Bantu's face. But, Bantu just looked sad.	I infer that Khumo must be thinking that Bantu will feel better if he forgets all about his granny.

<p>On Wednesday evening, Khumo thought about what else he could do to help his friend feel better.</p> <p>‘Maybe I can make Bantu forget how sad he feels if I show him some new juggling tricks,’ Khumo thought. ‘Then, he will forget all about feeling sad!’</p> <p>Khumo found some oranges in the kitchen. He took them outside and Practiced juggling them, until he could keep three up in the air!</p>	<p>I can infer that Khumo thinks seeing some cool juggling tricks will help his friend feel better, and forget all about his granny!</p>
<p>On Thursday morning, Khumo found Bantu at school. Khumo thought it might make Bantu sad if he mentioned his granny. So Khumo didn’t say anything. Instead, he took out his oranges and showed his new trick to Bantu. He kept all three oranges up in the air, which he thought was pretty impressive. He looked for a smile on Bantu’s face. But, Bantu just looked sad.</p>	<p>I infer that Khumo must be thinking that Bantu will feel better if he forgets all about his granny.</p>
<p>When Khumo got home from school on Thursday, he felt upset.</p> <p>‘I have tried and tried to make Bantu not feel sad!’ Khumo told his mother. ‘I told jokes, I showed him my best juggling trick, but nothing worked!’ Khumo said.</p> <p>‘Did you tell him you’re sorry his granny died?’ Khumo’s mother asked.</p> <p>‘No...I thought it might make Bantu feel worse if I talked about his granny,’ Khumo replied.</p>	<p>I can infer that Khumo is feeling upset, because he is trying so hard to help his friend but nothing is working! I infer that Khumo doesn’t know what else to do!</p>
<p>Khumo’s mother sat down next to him.</p> <p>‘Bantu feels sad because he loved his granny. You don’t need to try to make him forget his sadness. Sometimes, when we are sad, we just need our friends to be with us, and to listen to us,’ Khumo’s mother said.</p>	<p>Oh! Khumo was thinking that Bantu needed to forget about his granny and feeling sad. But, I can infer that maybe this isn’t correct. Khumo’s mother says that Khumo must listen to his friend – not try to make him forget!</p>

<p>On Friday morning, Khumo found Bantu at school.</p> <p>'I'm really sorry your granny died,' Khumo said. 'I don't know how to help you feel better. But I can just sit with you if that's what you want. And if you want to talk about how sad you feel, I'm here to listen,' Khumo said.</p>	<p>I can infer that Khumo took his mother's advice seriously, because he offers to just listen to his friend. I can infer that Khumo really cares about helping his friend.</p>
<p>For the first time all week, Bantu looked at Khumo with a small smile.</p> <p>'Thanks, Khumo. You're a good friend,' Bantu said.</p>	<p>I can infer that Khumo's mother's advice was helpful. I can make this inference because Bantu finally smiles at Khumo. Khumo must be feeling relieved that he could finally help his friend a little bit!</p>
Follow-up questions	Responses
When was Bantu absent?	On Monday and Tuesday.
What did Khumo do to try to help his friend feel better?	<ul style="list-style-type: none"> • He told him funny jokes. • He learned juggling tricks. • In the end, he offered to listen to his friend!
Why can we infer that Khumo felt frustrated on Thursday night?	<ul style="list-style-type: none"> • Because he wasn't able to make his friend feel better. • Because he was working hard but nothing he tried worked! • Because he didn't know what else to do!
Why question	Possible response
Why did Bantu finally smile at Khumo?	<ul style="list-style-type: none"> • Because Khumo finally told Bantu he felt sorry about his granny. • Because Khumo offered to listen to Bantu. • Because Khumo didn't try to make Bantu forget about his granny. • Because Khumo told Bantu that it was okay to feel sad.

WEEK 5: TUESDAY: WRITING (30 minutes)

TOPIC	Write a paragraph about a time someone helped you feel better when you felt sad.

I used capital letters.	
I used punctuation (.!?)	
I read my sentences out loud.	
I checked my spelling. (I circled words I need help with)	

Getting Ready:

Write your sentences from the previous week on the board. **Hide** 3-4 mistakes in your sentences, like:

when I felt sad, my **Friend ana** helped me feel better. I felt sad because I found out **her** father had cancer. I didn't know what to do, because I was far away from him.

It is important that we do not tell our friends to “get over it” or to “move on”. We can rather ask our friends questions like “How are you doing?” or “Do you want to talk about your sadness?” and listen while our friends talk about their feelings – if they want to!</i>

WEEK 6: FRIDAY: LANGUAGE USE (30 minutes)

TOPIC

Contractions

I DO (Teacher models)

1. Remind learners that in English, sometimes we join two words together using an apostrophe. These are called contractions.
2. Remind learners that in WEEK 5, we learned about the contractions with pronouns and the present tense of the verb to be: I'm, you're, she's, he's, we're, they're.
3. Explain that there are other contractions we need to know, because we will often see them when we read, and we can use them when we speak and write.
4. Show learners the following common contractions with the **future tense** of the verb **to be**:
 I + will = I'll
 she / he + will = she'll / he'll
 we + will = we'll
 they + will = they'll
5. *Point out that we replace the 'wi' with an apostrophe when we join these words!*

WE DO (Teacher and learners do together):

1. Write the contraction **I'll** on the board.
2. Brainstorm 2-3 sentences using 'I'll' with learners. Write these examples on the board, like:
 - a. I'll be in Grade 4 soon.
 - b. I'll miss you during the holidays.
 - c. I'll go to the shop on Saturday.
3. Point out you use 'I'll' just like you would use 'I will'. But, it is much more common to write 'I'll'.

YOU DO (Learners do independently):

1. Hand out learner books
2. Instruct learners to write a sentence using the remaining contractions: she's, he's, we're, they're
3. Remind learners that these contractions are the verb *to be* in the future tense. Therefore, their sentences should be in the present tense!
4. As learners are writing, walk around the room and complete **mini conferences**.
5. Ask learners to **read their sentences** to you.
6. Help learners correctly use **contractions**.
7. **Encourage learners.**

SHARING:

1. When there are a few minutes remaining, instruct learners to turn and talk and read their sentences to a partner.
2. Instruct learners to check their partner's sentences and to **circle** the contraction in each sentence.

WEEK 6: FRIDAY: END OF WEEK LEARNING REVIEW

Note: There is no formal time allocated for this activity. Please try to fit it in to your classroom routine at the end of each week.

1. Settle learners on the carpet at the end of the day.
2. Conduct the weekly language review session. You may choose to combine HL and FAL learning in this review.
3. Remember to allow learners to 'Turn and Talk' and discuss their answers with a partner. Then, select a few learners to share their answers with the class.
4. Use the following prompting questions to guide the language part of your discussion:

WEEK 7: THURSDAY: SHARED READING (15 minutes)

TITLE	<i>Shamiso's big trip</i>	
ACTIVITY	FIRST READ	
COMPREHENSION STRATEGY	Visualise	
PURPOSE	Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.	
	Story	Think Aloud (First Read)
	<p>Shamiso and her family had been waiting for months for the school holiday. They were going to visit their family in Zimbabwe. On the way, they were making a stop at a place called Great Zimbabwe. Shamiso looked up 'Great Zimbabwe' on the Internet. She learned that it was a great city and palace from long ago. 'Wow! How cool!' she thought. She couldn't wait to see the place of her ancestors.</p>	<p>I visualise Shamiso packing and getting ready days before the trip because she is so excited! I think she is so excited to learn more about how her ancestors lived!</p>
IMAGE ONLY		<p>I visualise Shamiso using Google to research Great Zimbabwe. I visualise her clicking through all the pictures she can find!</p>
	<p>'Great Zimbabwe was built by our Shona ancestors!' her father told her. 'When I was a child, Zimbabwe was called Rhodesia and it was ruled by the British. The government didn't want people to know that it was Africans who created such an impressive place!' he said.</p>	<p>I visualise Shamiso's father looking sad when he thinks about this!</p>
	<p>When the family finally arrived at Great Zimbabwe, Shamiso's dad stopped the car and went over to the ticket booth. He came back with their tickets and a tour guide. 'Welcome to Great Zimbabwe,' the guide said. 'This place was built hundreds of years ago – beginning in the 11th century!'</p>	<p>I think Shamiso is visualising her ancestors hundreds of years ago, and wondering what life was like for them in this beautiful place!</p>

<p>Their guide took them to the small museum first. ‘Everything in this museum came from inside the ruins,’ their guide told them. First, the guide showed them eight carved birds. ‘These birds were the symbols of our ancient kings,’ he said. ‘And look – this is the bird on our Zimbabwean flag!’ he said, pointing to one of the carvings.</p>	<p>--</p>
<p>As they walked by the cases, Shamiso saw golden beads and copper wire. ‘The people who lived here were rich in gold,’ the tour guide explained. ‘And those beads came all the way from China!’ the guide added, pointing to some beautiful glass beads inside the case. ‘This tells us that the people who lived here traded internationally!’ ‘Wow! How cool!’ thought Shamiso, thinking about the jewelry of her ancestors.</p>	<p>I think that as Shamiso looks through the glass, she must be visualising one of her ancestors wearing these beautiful beads.</p>
<p>Then, they walked to an enormous, round stone wall. ‘This is called the Great Enclosure and it was a home for queens!’ their guide explained. He went on, ‘Zimbabwe is named after this big structure. Zimbabwe means a big stone house – just like this one!’</p>	<p>I visualise Shamiso’s look of surprise when she learns this new fact!</p>
<p>Shamiso’s dad bent down and whispered in her ear, ‘This is the biggest stone structure in Africa – other than the pyramids in Egypt.’ ‘Wow! How cool!’ thought Shamiso, thinking about her ancestors building big stone walls.</p>	<p>I think that as Shamiso looks at the huge and impressive stone wall, she must be visualising her ancestors carrying and stacking all of the stone bricks!</p>
<p>Next, their guide took them to a small village. ‘This has been rebuilt, so you can see what the houses looked like when people really lived here at Great Zimbabwe!’ he explained. They also saw a group of dancers. ‘These dancers are working to keep the ancient dances alive!’ the guide said. ‘Wow! How cool!’ thought Shamiso, thinking about the beautiful music and dancing of her ancestors.</p>	<p>I think that as Shamiso watches the dancers, she must be visualising her ancestors in the same spot, doing the same kind of dance!</p>

Finally, their guide took them on a steep walk up a big hill. 'This was a religious space, where special ceremonies were performed,' he explained. 'This is where the stone-carved birds in the museum were found! And look!' he said, pointing to giant boulders on the hilltop. 'Those boulders look like a bird too!' 'Wow! How cool!' thought Shamiso, thinking about her ancestors praying together.	--
Shamiso stood at the edge of the hill with her dad, overlooking the beautiful green hills and the dam in the distance. They could see the stone ruins dotting the landscape. 'Wow! How cool!' she said, 'I'm proud of all the work of our ancestors!' 'Me too!' her dad said, smiling.	I think that as Shamiso and her dad look over the land, Shamiso is visualising a busy city filled with her ancestors!
Follow-up questions	Responses
Where did Shamiso and her family go?	They went to Great Zimbabwe.
What did Shamiso see at Great Zimbabwe?	<ul style="list-style-type: none"> • She saw carved birds. • She saw beads and copper wire. • She saw the museum. • She saw the Great Enclosure. • She saw a huge, stone wall. • Etc.
What do you visualise when you think about your ancestors?	<i>I visualise...</i>
Why question	Possible response
Why did Shamiso visualise her ancestors at the Great Zimbabwe?	<ul style="list-style-type: none"> • Because Shamiso is Shona, just like the ancient people who built Great Zimbabwe. • Because Shamiso is related to the ancient people who built Great Zimbabwe. • Because Shamiso is trying to imagine what life was like for her ancestors who built Great Zimbabwe.

WEEK 8

THEME: HISTORY

'People are trapped in history and history is trapped in them.'

- James Baldwin

WEEK 8: CLASSROOM PREPARATION

1. At the start of each week, ensure that your classroom is neat and tidy.
2. Update your DISPLAY BOARDS, by removing items that are no longer relevant, and storing them carefully.
3. Then, prepare the flashcard words and theme word illustrations that you will need.
4. Find and prepare items for your theme wall and table that will be of interest to learners, for instance: a map of Africa showing where Great Zimbabwe is in relation to South Africa, Tanzania and Nigeria – all places that you have read about this term.
5. Do some research on the internet to prepare for the theme. For example: find out more about significant ancient civilizations, like Mapungubwe, Timbuktu and Great Zimbabwe.
6. Make sure all learner exercise books and DBE Workbooks are marked, and neatly packed where they belong.
7. Make sure all your big books, graded readers and classroom library books are in good order.
8. Adjust your group guided reading groups if necessary.
9. Plan your informal and formal assessment activities for the week.

WEEK 8: TUESDAY: SHARED READING (15 minutes)	
TITLE	<i>Shamiso's big trip</i>
ACTIVITY	SECOND READ
COMPREHENSION STRATEGY	Visualise
PURPOSE	Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.
Story	Think Aloud (Second Read)
Shamiso and her family had been waiting for months for the school holiday. They were going to visit their family in Zimbabwe. On the way, they were making a stop at a place called Great Zimbabwe. Shamiso looked up 'Great Zimbabwe' on the Internet. She learned that it was a great city and palace from long ago. 'Wow! How cool!' she thought. She couldn't wait to see the place of her ancestors.	--
IMAGE ONLY	I can visualise Shamiso getting more and more excited with each picture she sees!
'Great Zimbabwe was built by our Shona ancestors!' her father told her. 'When I was a child, Zimbabwe was called Rhodesia and it was ruled by the British. The government didn't want people to know that it was Africans who created such an impressive place!' he said.	I visualise Shamiso asking her dad more about this. I think she might ask her dad 'Why didn't the British want people to know that?' I can visualise her dad explaining to her that the British wanted people to believe that black people weren't as good at building cities as white people.
When the family finally arrived at Great Zimbabwe, Shamiso's dad stopped the car and went over to the ticket booth. He came back with their tickets and a tour guide. 'Welcome to Great Zimbabwe,' the guide said. 'This place was built hundreds of years ago – beginning in the 11 th century!'	I visualise Shamiso listening to every word the guide says and asking lots of questions about what they will see!

<p>Their guide took them to the small museum first. ‘Everything in this museum came from inside the ruins,’ their guide told them. First, the guide showed them eight carved birds. ‘These birds were the symbols of our ancient kings,’ he said. ‘And look – this is the bird on our Zimbabwean flag!’ he said, pointing to one of the carvings.</p>	<p>I visualise Shamiso looking at the birds and feeling proud of the skilled carvers who made them!</p>
<p>As they walked by the cases, Shamiso saw golden beads and copper wire. ‘The people who lived here were rich in gold,’ the tour guide explained. ‘And those beads came all the way from China!’ the guide added, pointing to some beautiful glass beads inside the case. ‘This tells us that the people who lived here traded internationally!’ ‘Wow! How cool!’ thought Shamiso, thinking about the jewelry of her ancestors.</p>	<p>I visualise Shamiso looking at the bracelets and necklaces inside the case and feeling proud of the skills of her ancestors!</p>
<p>Then, they walked to an enormous, round stone wall. ‘This is called the Great Enclosure and it was a home for queens!’ their guide explained. He went on, ‘Zimbabwe is named after this big structure. Zimbabwe means a big stone house – just like this one!’</p>	<p>--</p>
<p>Shamiso’s dad bent down and whispered in her ear, ‘This is the biggest stone structure in Africa – other than the pyramids in Egypt.’ ‘Wow! How cool!’ thought Shamiso, thinking about her ancestors building big stone walls.</p>	<p>I visualise Shamiso admiring how the stones in the giant wall fit together and feeling proud of the architect who designed the Great Enclosure.</p>
<p>Next, their guide took them to a small village. ‘This has been rebuilt, so you can see what the houses looked like when people really lived here at Great Zimbabwe!’ he explained. They also saw a group of dancers. ‘These dancers are working to keep the ancient dances alive!’ the guide said. ‘Wow! How cool!’ thought Shamiso, thinking about the beautiful music and dancing of her ancestors.</p>	<p>I visualise Shamiso listening to the beat of the drum and feeling proud of the beats her ancestors created and passed down!</p>

<p>Finally, their guide took them on a steep walk up a big hill. ‘This was a religious space, where special ceremonies were performed,’ he explained. ‘This is where the stone-carved birds in the museum were found! And look!’ he said, pointing to giant boulders on the hilltop. ‘Those boulders look like a bird too!’ ‘Wow! How cool!’ thought Shamiso, thinking about her ancestors praying together.</p>	--
<p>Shamiso stood at the edge of the hill with her dad, overlooking the beautiful green hills and the dam in the distance. They could see the stone ruins dotting the landscape. ‘Wow! How cool!’ she said, ‘I’m proud of all the work of our ancestors!’ ‘Me too!’ her dad said, smiling.</p>	I visualise Shamiso and her dad smiling with pride as they look out on the work of their impressive ancestors.
Follow up questions	Responses
How did Shamiso and her dad feel at the end of the story?	They felt proud of their ancestors.
What is the only stone structure in Africa that is bigger than Great Zimbabwe?	The pyramids in Egypt.
Visualise your own family at Great Zimbabwe. What would you feel most excited to see?	<i>I would feel most excited to see...</i>
Why question	Possible response
Why did Shamiso and her dad feel proud?	<ul style="list-style-type: none"> • Because their ancestors did so many amazing things. • Because their ancestors were good builders. • Because their ancestors were traders. • Because their ancestors knew how to make beautiful jewelry. • Because their ancestors were great builders with stone!

WEEK 8: TUESDAY: WRITING (30 minutes)

TOPIC	Write a list with headings in which you write about some interesting facts you have learnt about history, and where you think of some questions you would like to research!
TASK	EDITING

WRITING ACTIVITY

Write the following **checklist** on the chalkboard OR photocopy for learners.

I used capital letters.	
I used punctuation (.!?)	
I read my sentences out loud.	
I checked my spelling. (I circled words I need help with)	

Getting Ready:

Write your list from last week on the chalkboard. Make 2-3 mistakes in your sentences, like:

Questions I want to search on the internet:

1. **where** did the first people live?
2. **Is** there ruins in South Africa?
3. When did **south africa** become a country ?

Modelling:

1. Explain that today, learners will **edit** their lists.
2. Read the **checklist** out loud to learners.
3. Use **modelling** to read each of your example sentences out loud to learners.
4. After each sentence, instruct learners to look for the **mistake**.
5. Fix each mistake on the chalkboard with learners. Explain each mistake, like:
 1. **where** did the first people live? (*The first word of a sentence must be capitalised*)
 2. **Is are** there ruins in South Africa? (*Ruins is plural, so we must ask 'are there' and not 'is there'*)
 3. When did **south africa** become a country? (*We must capitalise the first letter of a country because it is a proper noun*)

Oral Instructions:

1. Tell learners that they will:
 - a. Read their writing **out loud** to a partner.
 - b. Help their partner look for and fix mistakes.
 - c. Read the checklist and make sure all items have been completed.

WEEK 8: THURSDAY: SHARED READING (15 minutes)	
TITLE	<i>Shamiso's big trip</i>
ACTIVITY	STORY ILLUSTRATION
COMPREHENSION STRATEGY	Summarise Visualise
PURPOSE	<p>Asking a young learner to summarise the main points of a story is the best way to check their understanding.</p> <p>Visualisation helps learners to see how the events in the text are connected to each other. This helps them to think about the story as a whole. This also helps to give meaning to the words on the page – by turning them into a scene from a movie in our minds.</p>
POST-READING ACTIVITY	
<p>Modelling:</p> <ol style="list-style-type: none"> 1. Explain that today, learners will draw a picture illustrating the story. They must visualise what Shamiso saw at Great Zimbabwe and draw a picture to show this. 2. Use modelling to think before you write. 3. Use modelling to summarise something that Shamiso saw, like: I can visualise the big stone wall of the Great Enclosure. I can visualise the queen inside that Shamiso imagined! 4. Use modelling to draw a picture of your idea. 5. Use modelling to add a sentence or two to your drawing, like: Shamiso saw a big stone wall. She learned that it used to be where queens lived! <p>Oral Instructions:</p> <ol style="list-style-type: none"> 1. Tell learners they must visualise something that Shamiso saw at Great Zimbabwe. 2. If needed, support learners by showing the pictures in the Big Book. 3. Remind learners that we think before we write. 4. Instruct learners to turn and talk and share their ideas with a partner. 5. Call on 2-3 learners to tell you about their visualisation, like: <i>I visualise when...</i> 6. Explain that learners should add 1-2 sentences about their drawing. <p>Writing:</p> <ol style="list-style-type: none"> 1. Hand out learner books. 2. As learners write, walk around the room and complete mini conferences. 3. Ask learners to tell you about their drawings. 4. Help learners to add a label. 5. Encourage learners! 	

Turn and Talk:

1. When there are 2-3 minutes left, instruct learners to put their pencils down.
2. Instruct learners to **turn and talk** with a partner about their drawings.

Hang up learner drawings at LEARNER EYE-LEVEL around the room. This helps learners have conversations about the story.

WEEK 8: FRIDAY: LANGUAGE USE (30 minutes)	
TOPIC	Contractions with 'not'
<p>I DO (Teacher models)</p> <ol style="list-style-type: none"> 1. Remind learners that in English, sometimes we join two words together using an apostrophe. These are called contractions. 2. Remind learners that in WEEK 5 and 6, we learned about the contractions with pronouns and the verb to be, like: I'm, you're, they'll, etc. 3. Explain that there are other contractions we need to know, because we will often see them when we read, and we can use them when we speak and write. 4. Show learners the following common contractions that use not: <ul style="list-style-type: none"> can + not = can't did + not = didn't do + not = don't does + not = doesn't is + not = isn't are + not = aren't 5. <i>Point out that we replace the second vowel with an apostrophe when we make these contractions.</i> 	

WE DO (Teacher and learners do together):

1. Write the contraction **can't** on the board.
2. Brainstorm 2-3 sentences using 'can't' with learners. Write these examples on the board, like:
 - a. I can't come to school because I am sick.
 - b. She can't hear you!
 - c. We can't play outside because it is raining
3. Point out you use 'can't' just like you would use 'can not'. But, it is much more common to write 'can't'.

YOU DO (Learners do independently):

1. Hand out learner books
2. Instruct learners to write a sentence using the remaining contractions: didn't, don't, doesn't, isn't, aren't
3. As learners are writing, walk around the room and complete **mini conferences**.
4. Ask learners to **read their sentences** to you.
5. Help learners correctly use **contractions**.
6. Instruct learners who finish early to write more sentences.
7. **Encourage learners**.

SHARING:

1. When there are a few minutes remaining, instruct learners to turn and talk and read their sentences to a partner.
2. Instruct learners to check their partner's sentences and to **circle** the contraction in each sentence.

WEEK 8: FRIDAY: END OF WEEK LEARNING REVIEW

Note: There is no formal time allocated for this activity. Please try to fit it in to your classroom routine at the end of each week.

1. Settle learners on the carpet at the end of the day.
2. Conduct the weekly language review session. You may choose to combine HL and FAL learning in this review.
3. Remember to allow learners to 'Turn and Talk' and discuss their answers with a partner. Then, select a few learners to share their answers with the class.
4. Use the following prompting questions to guide the language part of your discussion:
 - a. **What was our language theme for the week?**
 - b. **Which stories did we read together?**
 - c. **What were your favourite new words of the week?**
 - d. **What did you learn from the stories we read?**
 - e. **What did we write about this week?**
 - f. **How did your own writing improve this week?**
 - g. **How did your own reading improve this week?**
 - h. **What are you most proud of this week?**
5. Finally, tell learners to think about two things that they are going to tell their families about what they learnt or how they improved at school this week.

Please note: This process of self-review and reflection is a critically important part of learning. Please do not skip this weekly activity.
